## CHURCH SERVICE “ STOP RIGHT THERE **WE ARE COMPETING WITH ANCIENT ROME**

It may be jarring to hear that the church service is not God's best. Or that it has hindered the ministry gifts from operating for decades. That is how God feels. Here is His quote concerning the church service.

“They are spending millions on buildings only to keep repeating the old covenant structures and rituals”

Today we are seeing big buildings that have cost millions. They appear modern and avant gard from the outside. However, within this modern structure is the old covenant tabernacle. Hiding in a singular formation keeping a top heavy ministry with no dispersion. We are making the mistake that a new building is a new move of God. Or His best. It is neither- it is the Roman Empire's repeating pattern all dressed up to fool the elect.

## Modern buildings/ **OLD COVENANT INSIDE**

### HOW DID THIS HAPPEN?

1000 years before the Bible was published we had 1000 years of church service. This was born of the Roman rule. When the Roman empire fell the only structure left standing was the catholic church. To which fell many governmental duties. Civil responsibility, school administration and even

military response. The duties fell on the church leaders. This became the roman catholic church. This roman model has never truly left us. Over the centuries it has become indistinguishable. We actually have interpreted the word of God based on its tradition. It is a reversed process of the organic movement that God intended and it has brought us and the world a reversal of fortune. From which we have a very vague knowledge of its keeper and its secrets. I want to say it again-

“ They are spending millions on buildings only to keep repeating the same structure of the Roman model of church over and over” quote from Papa Remember God’s model of church is Ephesians 4. The present day church service is the old Roman model that represents the old covenant.

After the Lutheran reformation and understanding our salvation is won by the blood of Jesus alone, and not the lighting of candles-progress was made.

In spite of this important understanding, now another twist arrives.

Our enemy is relentless is on the move in pursuit of mangling the truth. He is an expert at covering. He covered the throne of God in the eternity past.

Holding this high position he was able to learn a great deal. Using now the imitation of this gift to cover ministry gifts. He continues to cover” now in a different formation. He has used the word of God and church itself against God. Making it difficult to distinguish.

It has been my calling and privilege to listen to the master of the maze. Jesus.

Chapter 4 in this book on Rome expounds in detail how we arrived at the church service. It has become another type of cult as Rome. The idea of diocese and parishes come directly from roman structure. The imperial structure the church adopted came from Roman society. The idea of diocese

and Parishes, the Latin language, Roman Law was refashioned into Canon Law. What we practice so readily today still does not operate to fruition of the ministry gifts. Be properly dressed in the chair at 9 am. Sit and listen. Clap and say Amen. Are your gifts alive and moving? Are you bonding with other Christians in an effort for the lost ?

From life calling to death from found calling to lost. This is the example Jesus left us. The Roman format is but a shallow imitation. Believed and adhered to by generations. It is a medieval festival.

The church service works presently against the gifts. We are trying to do both the officiation of a service and the gifts of ministry, gifts of the Holy Spirit. We cannot do both. One is far easier than the other. How can we follow the anointing under a strict hierarchy and so many, many rules.

It works against God's supernatural supply. It does this by strongly supporting the old covenant law of the tithe. We are looking at two different churches that are possible. Two different laws. Two different kingdoms. They are at war.

One comes from Rome and is actually more work. To flow in the gifts of the spirit means we have all the help we need from the Godhead. To the areas and people He knows are most in need. It serves functionally and independently of the church service. Which will continue to immobilize the gifts of the spirit as long as we give it our consent.

Just show up, do the same routine, go home. Did anyone get saved? Healed? Sent out as apostles to bring home the lost ? Who would then be taught by the body of Christ with their gifts?

It has been a debatable point as to the motivation of the merger. Some historians claim there was a necessity to merge with Rome to continue humanitarian aid to feed a starving population. To prevent the fallen society

from dissolving into anarchy. Also to ensure diplomatic protection and have Pope Leo protect the population from slaughter by the Huns. On the other side of the coin there are those who claim that power and control was the motivation of those who recognized that this merger gave them greater control and power, immense power. Only to claim they would need it to continue to feed the hungry and help society.

Look at the difference between the old and new testament function from the same building that you just saw overhead. His will is untimed for the needs of the world and for the unsaved. This is His heart.

His will is “untimed” for the needs of the world  
For He is unlimited

Elements that keep the church service in place- this I have heard from heaven

- 1) Christians are unable to judge what they are hearing and being taught because they are being shouted at and will get shouted down by pastoral authority if they oppose or question.
- 2) They believe what they hear from the shouting and are overcome with a spirit of fear and intimidation. There is no equality here and no free market for debate. They have learned to cower and be silent.
- 3) Fear, intimidation, silent submission and cower are not earmarks of God’s kingdom. Liberty is. He taught in the temple and allowed others

to talk and question His teachings. He gives us the power of choice. First to accept Him and then to serve Him. At no point does authority give us the ability to serve Him. He has given us the right to choose.

4) Arrogance. We believe the apostles have somehow established us. Now we can do the church service. This is easy and comfortable. The truth is that they are in the word of God as our examples of ministry. And we can suffer for Christ as they did. In fact, that is how we know we are truly in it. The enemy will be frightened. It is arrogant to think we are so different. The foundation of the church is apostles. They found the lost- this is our foundation. Ephesians 2: 19-20

6) We are all about reputation. Name on the book, the tape, the church building. The apostles were the offscouring of the world who still brought the light of Christ. Seated in heaven, known in heaven, unknown here. God is still getting His work done through the offscouring.

7) Christians are signing a silent agreement to drop their ministry gifts at the door- one would have more luck witnessing and helping a soul find salvation at the local grocery store.

# The Ancient Clock of the Old Covenant

**HE WHO CONTROLS TIME CONTROLS**

There is an old saying "He who controls time controls"

I do not know who coined this phrase for certain, but it will certainly apply to the themes of this chapter in particular. Please keep that in mind throughout the text. It will cause the lines to fall in pleasantly.

I will be explaining in further detail how we arrived at the church “service” and why it has lasted in its present form from ancient days.

“ get ready for the truth” quote from Jesus

## THE HIDDEN CLOCK

The church service begrudges like a jealous child at a playground. And we let it. The church service forbids. That is quite a statement. What does it forbid? True service.

Like clockwork it forbids. As we all march in on time. Pay the tithe on time. Listen on time. Leave on time.

Before we proceed please understand this concept. Whenever I make a cake, depending on what I put in it will change the outcome. More cinnamon makes a spicier cake. Here is the real trick. When too much of one thing is added it will stop the other thing from proceeding. So that cinnamon in excess is going to compete or even undo the sweetness or the balance of that cake entirely.

In much the same way, as we look at church today we can view it this way: The top heavy ministry of a single pastor is undoing or preventing the other ministries in the body of God from functioning. Unless he is releasing them to their ministry, which is the function of a pastor, he/she is preventing them. Simply by being top heavy. It is not in the word of God. To suppress the teaching of Ephesians 4 and to proclaim rule is the trick.

The end result of the church service is the collection of money.

The end or the fruit of ministry gifts in all is souls. I do not have to explain which holds the greater eternal value. Correctly studied Ephesians ch 4 will give us a thorough understanding of our part. Resulting in the fruit of souls. The fruit of routine and repetition is money. With an occasional outbreak into a healing service. Some would argue that the church service gathers souls. I disagree. For the word of God has already explained how to gather souls. The church service is not described in the word of God. The early church assembled for war. They flowed in the gifts and moved out into the world for Christ and with the gospel in hand. They were persecuted for it and were considered the offscouring of the world. The enemy was hot on their tails. This is how we know they got it right. Merely a token from their adversaries. The enemy would not have used their many persecutors so readily if he were not so frightened of them- if they had not gotten it so right. There is not a lot of persecution going on from a church service. The enemy is not afraid of it. This solves the riddle as to why they were hunted and we are sitting pretty in a nice chair.

#### Ephesians 4- we are their provision

The balance between the spirit realm and the natural realm has been severely altered by the church service. With ministry whacked out of its intended purpose and position. The balance has become so frighteningly stretched out of proportion we cannot even recognize our original and most effective form. Which are the ministry gifts in every member. Having rarely experienced its best. Sprung backwards and not forwards from our stubborn adherence to the old covenant laws and rigors. We as apostles,

and evangelists are the manifest and manifold wisdom of God. We are their very provision from a loving God.

We are subtly- quietly omitting the possibilities of what God actually wants to do. Not an endless criticism. There is good happening. However, it is clear to me and from the Lord's heart, that in our present system it is very difficult for Him to do all He wants to do.

We are adding too much of one thing- {the church service} {which includes a long list of old testament practices} and therefore omitting the possibility of the other

. "The new testament function is exactly what Jesus demonstrated while He was here- he then passed it to us as a free gift; it is what needs to be done" Quote from Papa.

"That which needs to be lived out in service to Him is not merely challenged- but omitted by the church service every week" quote from heaven.

The church service competes with the anointing. Quote from heaven "The body of Christ needs intimacy and freedom to be of full service to Me"

There is neither within the structures of the official proceedings of the church service. We cannot even look at one another until one person's expression of God is done. Our agreement and interaction with one another is controlled and time is consumed by a schedule.

"The expression of God emerging from within the christians is the beginning of ministry" "the beginning of ministry" quote from Papa. Are

you allowed to give any expression of Him? Indeed, you must suppress that expression to listen to one dominating the time. If you have a word you will be told most often that you are not the authority in charge. This is not biblical. In fact, the opposite is true as all are meant to speak and prophecy. This is how the world gets saved !

Have we asked the Lord what the needs are in the community first? Where is His heart beating? We usually do not entertain this possibility as we assume. We assume his heart beats for the church service. It is a higher calling to ask where the needs are. There is more to be done and more unsaved waiting for us than we realize. He knows where the hungry are, the homeless, the sick and we do not ask. There simply is no provision and help for them in our present function. Not because the Lord does not have it to give, it is because we are unwilling to depart from the church service. Had we embraced Ephesians 4 as our primary function the provisions for the world, the sick, the needy would arrive. The inevitableness of this oversight is that we will end up building our own kingdom and not God's kingdom! What is the difference?

If we are not including the needs around us, the lost, the sick- we are not functioning in His kingdom. To say it has been done, or it is someone else's calling is to deny ourselves full rights. It is to submerge our high calling in the word of God that beckons the entire body to the fullness of Christ.

Even if there are elements of godliness it is not the fullness of what we can do for Him. We end up paying for the upkeep of a building that does not for the most part serve the hungry, the homeless, those without Him.

Hereby by this token we know His kingdom~all that lack is  
made whole. Instruments are we.

1 Corinthians 3:9 For we are laborers together with God, ye  
are God's husbandry, ye are God's building.

The true kingdom of God meets the true needs  
*How the kingdom of God actually works- "follow  
that seed "*

To add to this we have not learned to follow the seed. He gives the seed. The  
beginning point of what He wants us to do and what He expects. We cannot

recognize that which we are not looking for. We need to expect the seed. It is in his will and in His word.

The church service is not the seed or the anointing that leads us to follow his will. It is a preprogrammed repetitive ritual. It has very little to do with where He wants to lead His body. Which would be to the lost, the hungry, the homeless. God has spoken to me that the church is not familiar with this kind of following. It leads to real organic ministry and presents itself where God knows the need is.

There are rewards for following His “lead seeds” and obeying Him. He will protect us in His service. That is one reward in itself. There are others following that the body of Christ is unaware of and are not experiencing .

Psalm 68:18 thou hast ascended on high thou hast led captivity captive thou hast received gifts for men. Ye for the rebellious also- that the Lord God might dwell among them. *Notice He dwells with us when the ministry gifts are prevailing. These are the gifts He gives us and when we are in them- He is dwelling with us. We have an immediate and strong agreement with heaven at that point.*

Eph 4:8 where for he saith when He ascended up on high He led captivity captive and gave gifts to men.

*Speaking of Jesus who when He rose from the dead led the righteous dead out of the holding place of Abraham's bosom. It was here He could begin the start of new testament ministry gifts. Stating they are even for the rebellious or those who do not know Him yet.*

*He gave gifts to men” is referring to the ministry gifts which are consecutively listed. vs.10 that He might fill all things (with the ministry gifts)*

## True New Testament ministry follows His seed

**Not** another program. This is the ease of new testament ministry. No more than we can save ourselves without Him can we neither do what He has asked of us without Him. He will always give us the seed first and then we need to learn to follow that anointing to the place/person or situation. Where He knows exactly what needs to be done. He alone knows the way. While we are working and serving Him there is also a wonderful sense of rest. Quite often, the outcome is unknown. It matters not. We are in the hands of the master. Peace is our guiding force even if circumstances are troubled. His will is so perfect all we are required to do is follow the seed to completion.

The ministry gifts are God's love in the earth. To restore all that was lost to us from the fall. All the salvation, the healing, the wisdom belong to us within the gifts of ministry. Now to complete us and to complete our work for those who do not know Him. Now for the service of others. What should be flowing like a river is held up like a clogged dam of a beaver in the frozen tundra. How can the church learn and experience and believe God for the gifts and empowerments He has given whilst sitting in a church where everything is preplanned for us? Only His seed offers us new horizons of service in the unexpected places of the world. His joy will become ours as He sees needs being met as we are directed by Him to His intentions.

New testament ministry is fun ! WE have His perfect will and therefore His direction, His wisdom, His JOY ! It is such a package. Handed to us like a gem ! And yet we dwell in the old tomb of the old covenant

repetition ! No one on the streets, no one on drugs, no one who is hungry needs us in the building repeating what we already know. They need us to follow the seeds to find them in the fields, the stores, the anywhere at all, to bring Christ to them. They need to see the stone rolled away.. And it has been rolled away.. And bursting forth was Christ handing us His kingdom and His gifts of ministry.

**The church has NOT learned to follow the seed**

*Psalm 68:18 - so important*

Psalm 68:18 He who descended first ascended and gave gifts unto men, even the rebellious, that the Lord God might dwell among them. The gifts of

ministry and the spirit are available, as we see at His resurrection Jesus is able now to furnish his body with them.

To keep His will alive in us. However, these gifts are not the primary function in the church today. The main idea in the church service is teaching and music. Which as a top heavy and unbiblical function has served to almost completely dissolve the ministry gifts in all as Christ intended. Human beings tend to fear the unknown and want to adhere to a schedule. However, in the spirit and following His lead there is actually less to fear and more to hold on to for we would experience His secure Headship and leading. The ministry gifts are a big part of mankind's restoration from the fall !

Psalm 68:18

This is an important scripture as it is the old testament basis for the new testament 5 fold ministry gifts. Notice after Jesus first went to hell and then when He rose to heaven- it was then He was ready and able to give to us the ministry gifts. He then dwells among us. As this is His work- and we have become His hands. Upon our agreement we then follow the anointing. That bit of God which makes the work easiest. We can then expect His indwelling guidance for the ride, for the work. He will dwell among us during the work. The church service is still seeking human authority. His right to rule in the earth is brushed aside as we do not seek His next seed for true ministry.

Lastly, we can expect His reward and favor for serving Him. After decades of serving Him and following His lead I think I have explained it well. I have noticed the sharp contrast in serving Him to the routine of church. Did I

mention the ease in which He can heal me now? He has designed it specifically to my needs so I may continue to serve Him well !

TEAMS- Paul was not a lone wolf. He worked in teams. Fellow workers and more. They were one in the spirit and had one goal in mind. He said “ be imitators of me” meaning we should imitate his ministry and the way he did things.

To appoint- in the original greek ( poieo) means to place in groups. To create or make something new. Jesus said I appoint unto you a kingdom rendering to us a new covenant central to the new covenant function.

Mark 1:17 And Jesus said unto them, Come ye after Me, and I will make you fishers of men.

We are lacking an intimate connection with each other. Instead of forming teams to find the lost, we sit like stiff sardines and listen to one person. Paul worked in teams as cited throughout Ephesians “my fellow soldiers and fellow laborers” The book of acts cites 25 others, females included. It is left to us an example of ministry. It is overflowing with this truth but the enemy has turned it into a stained glass window we are to admire and not emulate. And yet we canonize Paul as if he labored alone and could accomplish the gospel alone. He was in fact recorded in the word of God in order to be “ our best example of ministry in apostleship.”

**"Paul and his fellow workers are our best example of ministry and apostleship" quote from heaven- "Paul said be imitators of me"**

Who is controlling the beginning and end of our time together? Ancient Roman authority. We have no freedom to move anywhere together as a body of ministry that would make a difference. How can we move anywhere as we are sewn into the seat not even speaking to one another. We need the power of teamwork. Yet we are summoned only as individuals who pay tithe for one or two who labor. How can we find freedom if there is a preplanned agenda in front of us to fulfill? How may we then fulfill the word of God who is calling all of us? He who controls time controls. Yet He who has given us all Eph 4 would freely guide us with His best instructions if we would believe and agree on His word. Instead we are in agreement with an ancient clock march to the drumbeat of the hardware of a Roman army. As saved souls full of His understanding we should be on His timing, His agenda. Here in the spirit, time would become our friend. Agreement with the word of God, not our experience. Which are two different things. Our agreement is gone due to the presence of "another way" to do church. Which conflicts and actually contradicts the fullness of Ephesians 4.

There simply is no substitute for His loving will. The hidden structure and punctuality of the church is a hidden agenda of the enemy. It assumes success, but its success of the tithe is not the fulfillment of His highest formation of the body. It works, well, like clockwork against the spontaneous flow of the spirit. "Which is easier" (the flow of His spirit) I did not say that- quote from Papa "to serve ME in the gifts of ministry is easier than the church service". The planning is gone and the anointing takes precedence. His supernatural provision exceeds the earth bound tithe.

The gift of apostleship exceeds the reach to the lost over the church service.

The church service, which is meant to be OUR service to HIM. The Mass of the catholic church is actually meant to be that we go out in mass ( numbers) to reach the world with the light within us. The church service has caused us to be unable to hear Him. We are so convinced of our own strict adherence to a rigor and a routine which is actually all that keeps us outside of His will. The enemy has many devices so the unsaved will not hear Him. His devices are equally as powerful to the saved who cannot hear how to apply themselves to true ministry

Our enemy is using the inflexible church service to prevent us from moving as one. Is there any good in the church service? Of course the word of God is read, sometimes even healing services spring up, missions, outreach to the poor less often. The problem is the next move of God will stop and get siphoned off and placed under man's authority eventually. His hands are now tied. The enemy will have a continual right to use the old covenant to sit upon the new as it is not in God's will. He will continually be able to stop any move of God with his old testament idea of the church service.

Those who love their authority are a misrepresentation of His kingdom. One cannot cover ministry of any kind and truly believe that is the will of God. The release of ministry is the kingdom of God. To be convinced of your own rules over the word of God is deception. If the leader of your church is not leading you into ministry they are not leading at all. You are in a gerbil cage that leads to boredom and misery.

“ if you submit to a ministry which does not believe in yours- it will eventually destroy God's will for your life” big quote from Papa

There are those who enjoy church as it is. Perhaps I am speaking then to those who are seeking more. Seeking a change. Seeking to know themselves inside of their potential for Christ.

The fear of losing authority is covering your ministry today. This is the spirit that rules the church today “ got my own squad car, I earned this” The problem with that much authority is that it sits on you like a huge led pipe. Immobilizing your spirit led outreach into an unnatural checking in, which inevitably works in the spirit realm to dampen and end your efforts. Working two fold to injure your belief in yourself and in your specialized identity in Christ, and ending your outreach to the most needy.

Another quote from Papa

***“ the sheep are set to work by those they believe to be over them”***

***“ My family is to be set free to minister not to be terrorized”***

Quotes from heaven- Our Father is explaining here how He sees church. Well no one is terrorizing me you say. Just try and do something for the Lord. Your efforts will be cut down in any number of ways in an effort to protect the church service.

These quotes are straight from the heart of the Father. To me, they contain the utmost wisdom concisely put in one sentence. They are also completely liberating and never a burden. I hope you are taking them to heart also and finding complete liberty. What do we think heaven is? Liberty. Who serves God in heaven? Absolutely everyone. Jesus is a perfect governing and loving presence and precisely governs and manages all to a loving purpose.

## **MISUSE OF GOD'S GIFTS**

“Churches grow by putting on a better show and thereby stealing tithers from the other fellow.” “This corrupt system has nothing to do with releasing ministry” another quote . “This false system is setting christians up to follow politics instead of Christ himself.” Another.

This has end of days implications. The enemy has christians trained through the goal of tradition. Without the inner growth that sends us into good works- tradition has become a limiting cage. If we climb out we could find ourselves in a deeper. more meaningful christian walk. To have one person over many, many people. This is deemed as success. Since they believe this is God's will- this is what people are looking for very strongly. They believe in leaders and authority and politics. They are more likely to get blind sighted by political leaders who say they are from God. They also believe in a blind submission and perhaps will cooperate because they have believed in human authority over God's authority. “ christians have too readily combined politics with my kingdom- assuming my will” I have added this quote and thought to show His concern.

We are meant to be fishers of men and no more. The complexity of the tithe makes us into something else. Entertainers, politicians, competitors. Banks. When christians polarize and take sides believing that their side has it all right we have no way of proceeding under our true head who is Christ alone. He has called for unity and formation under His gentle governing. And the exponential power and authority of Ephesians 4 which keeps us free from worldly entanglements.

## **STILL CORRUPT**

## STILL CORRUPT

I heard a priest say one day referring to the medieval age “ back when the church was corrupt “I smiled knowing something else was true. Then I heard

The Lord Himself say “it still is corrupt” Needless to say you can figure out who I believed, and had that notion in my heart already too. At the time I did not have all the details, now at this later date, I aim to expound on them fully for you.

Big quote from Papa, I hope you find them helpful. To me they are a fine and rare meal to dine on. I have learned to give it a sacred place in my heart for they hold so much wisdom. Here it is-

“The social order of the church ( apart from Ephesians 4) was designed to protect the job security or seats “of ministry” this is still running the church today.”

*To some degree this spirit is still lingering. As we still accept seats and titles. By accepting these additions to the true function of Ephesians 4 we are accepting corruption. Yes, it is that spiritual. So subtle.*

It will not depart without the new testament function to overcome it. Then and only then will we truly be free of it.

A quote from EUROPE “ When the Roman Empire perished- the spiritual bishop of Rome conceived the notion of a new order predicated on the joint authority of the Latin church and the papacy wrote of Tom Hobbes that a catholic emperor is none other than the ghost of the deceased Roman Empire sitting crowned on the grave. ( Davies p. 292)

## ABUSE OF THE WORD IS FROM THE WORLD

Clever kings and nobility were interested in protecting their titles, offices, and positions. Particularly the ones that benefited them. Shallow and unholy they stooped to using the Bible to secure their gain, their funding and position.

Whenever the word of God is abused like this, a spiritual shift happens. If it succeeds and people fall for it- it now becomes a strong principality that the enemy can use. Rome used the word of God and twisted it so the church would pay them.

This act of sin strengthened the camp of the enemy. As every act of sin does. When we have no discernment of evil in history mingling with the church we readily accept the deal. To study history with a new testament lens is to really understand the entire picture.

## UNSCRUPULOUS HAVE USED THE WORD- TO THEIR ADVANTAGE

There are so many warnings in the word of God regarding greed and the love of money as the root of ALL evil. To love money turns the clock into the satanic realm and unearths all his evil plans for mankind.

The bible has been used for gain throughout history-particularly the words appoint/ office/ obey the rule/ submit /delegated authority/tithe/- just a handful. Mention them once in a while and it fits our experience. We agree without knowing the original Greek and origins of those words which paints a totally different picture.

It is well recorded that in order for the Roman Empire to conquer an area they looked through the mythology and holy books of those they wished to

conquer. They gained access through violence and abuse and used it in ways to put themselves in authority and make money from their beliefs. They could then use them and enslave a people and gain the land. They allowed their gods, but claimed their emperor was the god above their gods and gained their tribute. They did not neglect the Jews in their efforts to gain power. They looked in the old testament and found the temple idea and used it for meetings to pay dues to the Emperor. They were in charge of Israel by the time Jesus set foot on the planet. As a result we are still paying the emperor of Rome.

Let's take a look at how severely the early church changed after the Roman Empire.

Another quote from Papa

“Without biblical understanding ( of the ministry gifts)- the system of the world takes over the church and directs how we function together”

*The enemy has a right to set his systems in place among us if we are not fully embracing God's word. What we refuse to be responsible for the enemy steals. He has set in place old covenant practices which repels the new testament function. The old covenant covers our new testament function and we have given it the right.*

This makes perfect sense. We are all the same. Without God in our heart, we also do not know much. We do what others are doing, social sin, what our own opinions and mind are telling us to do. We cannot mature without His wisdom, his redeeming grace and love.

In the same way if we continue on without the full knowledge of Ephesians 4 we really will not know how to function. We are imitators of ministry, what

we have seen around us becomes our function. Not understanding what we see around us is posing as His best is actually an ancient formation of the old covenant. Instead of developing into the kind of Christians God can use. We are still protecting jobs and titles and positions from a place invented many centuries ago. This is all they were worried about. They did not care about empowering christians with ministry. The very heart of God was ignored, neglected, trampled upon. It still is. However innocently today, we still accept a corrupted system.

The world without Christ has invented many ways of protecting their jobs. This business model should not be our midst. Luke 22:25-28

You see, the primary core of this book is to expose and unfold the past. How it has affected us today is so significant. It is a sincere look back, in the hopes of change. To understand this corruption is somewhat of a shock. It is to find the enemy in the most hidden of places. In plain sight.

“We are presently under many layers of corrupt human authority” this is how He feels about the way we do church. It has been a long wait for Him to truly be the Head of the church.

**SUPERSTAR** pretenders

The “ thing” that pretends to be the church” is whatever is popular at the time and is inclined to satisfy christians at the moment “ These are the superstars” and God sees this as corrupt.

The word of God is preached in snippets. It sounds good. “ We are going to prosper if we tithe” How can we prosper from an old covenant practice? Only a few will prosper and think it is God, and the rest only hope for the same prosperity as they tithe. Instead of becoming the substance and manifestation of God in the earth- we are paying for a shadow.

This quote from papa holds more wisdom-” - “Real understanding of the word would result in a release of ministry.”

“What we are presently doing is a false church, the real church is flowing with ministry” another quote ( we have an insightful Papa)

The real church is living out the heart of Papa. We know Him, we can hear His will especially as we are giving out the gospel. To truly serve Him creates an open heaven in which we hear and from him, live out a service and then follow Him to His next move. However, His next move is hidden from church going sheep because they have not heard the first move which is under layers and layers of authority. Who knows his next move? The pastor? The choir director ? NO, OUR LORD KNOWS ! And He knows it well so very well what it is He wants to do! He is directing us like gentle hens that are out of the cage, with waves of wisdom which we can recognize His voice and follow so easily. I was just wondering today if I had the right bible version to give to a new believer and friend. He gently said “ give her one of those yellow highlight pens too” I knew from this whisper I had chosen the right bible for her.

We are the church who knows and understands His will if we are heeding Ephesians 4. It is a costly delusion to believe in superstar christian leaders who fly the globe in a jet that the tithe has paid for. The tithe is not his will. The exponential growth of the body of Christ through Ephesians 4 is His will.

The resulting wealth of the tithe in modern day churches is not meant to empower one person. The Holy Spirit is our power for all believers who live out a useful purpose for Him. Money in our hands is meant for the poor, the

sick, to those without the gospel. We would find his supernatural supply if we were in agreement with His will which is ministry to the world.

"The tithe keeps the church in the natural realm and out of the supernatural supply of God for service which He would reward"

"The tithe keeps us in the natural realm and old covenant. "We cannot access His supernatural supply without knowing His will for our service" quote from Papa.

## **Ancient authority or Luke 22:25**

"They have fallen in love with their own authority" "Over being in love with God" quote from Papa- oops!

Human nature is a fallen thing. The enemy knows how to tempt us and woo us in directions that is not of God. He is so sly he makes us think it is God. To hear a pastor say "Our authority and seating is from God." is a falsehood which stems from a twisted interpretation of the old covenant.

It is the same lie he tells any King. Your right to rule is from God. He even gave them unholy rights if anyone questioned that right. I realize there are many well meaning and well loved pastors who are far from that violence. However, the spirit of rule over others is still lingering and has not altogether weakened to the point that the church can embrace total unity. That true unity which is our greatest power keeps submitting to a false authority. It will slay any move of God. Those who believe in it most strongly will come and

“check in on your bible study” and soon any move of God within will be dissolved.

Kings still claim the right to sovereign rule is from God. Falling in love with our own authority over others is one of his traps. It feeds our ego, our sense of entitlement, our pride, our pocketbook. This is the twisted super glue that is holding corruption in place. Quotes from Papa arriving...

“ Without the release of ministry the church is corrupt- this is what makes the church corrupt”

“All the prizes and privileges fall to one man, this is why the church is still corrupt” 2 quotes from heaven

Our need to hold on to position for the sake of gain- job protection. The kingdom of God does not function on one holding office. It is a hidden place, a place where the seeds fall and lead to Jesus. We are given authority over the enemy and not each other.

The enemy has found a way to hold his plans in place through our own consent and with the help of our fallen nature. While all the while negating and neglecting the fruit of the spirit. The enemy wants us to love something over loving God. “ even if that something looks like God. It is not. It poses as Him but is very political and conspired of the enemy to imitate God. It is no representation of Him. “They want to be the boss- it becomes more about them instead of ME” quote

To understand our role in Ephesians 4 is an argument against nobility and rule and authority. The roman model of church has severe limitations. The world sees the limitations and they are not impressed. It is not real enough. They will know God is real with a demonstration of His love. Nothing else is more convincing or renders the heart sure of a loving Father. We are giving them a structure, a rigor of songs and unlimited timed teaching.

Only the function of Ephesians 4 is unlimited and real. It is here they would experience His unlimited help and provision. Jesus said love one another and they will know you are my disciples. And so much more, they will know He is moving in all of us. The needs of the world would be met supernaturally and it is something not easily forgotten. Another church service is easily forgotten.

“In order for one person to” get in” to ministry you must agree with the system. “You must sell it ” another quote from heaven itself. He tells it like it is. “It is more a modern day pyramid scheme”.

This is not biblical. It does not even closely resemble the godly pattern for ministry which is Ephesians 4.

“Which is easier than what we are presently doing” another quote from heaven. He would never make us work that hard. The spirit of God is our power and we have relegated him to a tradition !

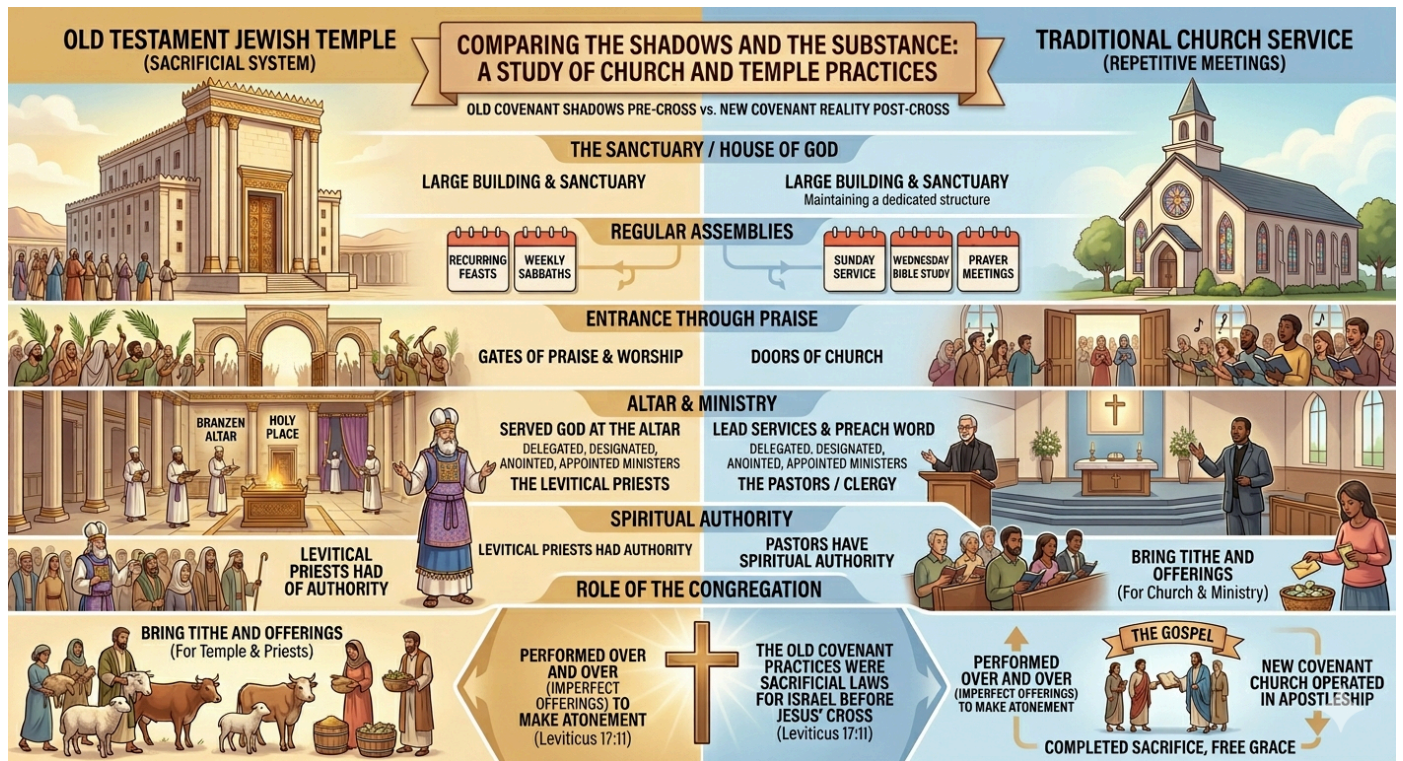

The enemy of God has the church service strictly defined. Unquestioned. He has the role of a pastor dominating with unlimited power and undefined. I have an entire chapter coming soon on the true role of a pastor. What did Jesus do? He opened the gate !

Our enemy has ministry itself undefined biblically. He defines it wrongly by example. We see the same repeating pattern and mistakenly believe it is all God has for us. The truth is His best lies waiting for our arrival.

Just as the peasants had to be silent, so the sheep must remain so. This is not His best ! He has been waiting for two millenia for us to wake up and change covenants. If this becomes internalized within us He will lead the way !

Do you realize that the biblical basis for the church service actually comes from the old testament sacrificial laws. Things that Israel had to do to make atonement for sin. Our enemy has cut and pasted the old onto the new. So we will never find our true freedom and rights in the new. More than similar.

The similarities between the old covenant and the modern church building are clear once they are discerned. The finished work of Christ gives us a new springboard to ministry and real service unto Him. We do not need to attend another service- we become the servants who serve in Christ.

**FIND THE SIMILARITIES THEN AND NOW**

**OLD COVENANT AND CHURCH TODAY**

We have a rehearsed program we must adhere to. We are replaying the old covenant elements over and over. It is the delight of the enemy.

Our ancient enemy has devised a plan. He has the entirety of what we are able to do severely limited and based largely on money, not the power of the Holy Spirit.

Test the spirits, try your ministry and you will get an argument. You cannot interrupt the church service. You will be held down and corrected. The spirit that lingers in the church is revealing itself. It is feverishly guarding the ministry gifts. It does not want the ministry gifts to be free. Our enemy is hiding them under layers of authority.

Only the word of God is correct. Here was written for us the true heart of God and how we should proceed into ministry.

God does not need our money. He is powerful among us to accomplish His will. We think He needs our money because we think we need a building. He has not ordered this. It is not instructed in the word of God.

We think one man is in authority because we have not understood the word of God in its entirety.

The dance of the spirit is unrehearsed. We have within us the mind of Christ so we can hear his next move. We can lay aside the world and our own will and follow his leading.

We can lay aside the church service and trust Him.

We trust Him with our souls and our eternal salvation, He certainly knows how to lead us into helping others find Him.

The will of God is undefined. We are vessels for him. The needs of the

world are every present within his heart. He desires no less than to make his concerns ours. He has designed us for it. It is too vast. It is ongoing and eternal. We can not put him in a box with rules, rigors, times and schedules and say that He is done working out his plan. He will move with us and among us as a surfer clings to his board, riding every wave. Even upon our thoughts for the lost He is praying with us. Even upon our first fearful move, He is ready.

## HOW MUCH CAN I TAKE?

After about 11 songs in a church service I saw Jesus in the back row throwing the chairs about. It was gentle and no one was in danger of injury. It was

spiritual. I saw it because I understood His angst. He was crying saying - How much more can I take? I was wondering the same thing after 11 songs which felt like 33. These songs were rehearsed, scheduled and performed to a tee. The truth is all this time crunching regulation is keeping Jesus in a box.

Jesus and the ministry gifts have been kept in a box for a millennia. And more. Our schedules, time crunches, and agendas have kept Him there. Jesus is not an open and closed list of schedules. It is not necessary to say that He needs to be timed. He needs a few of us gathered with one single intent of the gospel and He is ready to move and direct us. He just spoke to my heart- what we are doing in the building and being on time and scheduled is “OVERKILL”. Can you imagine how He feels- waiting for His very own body to come out of captivity and finally be able to hear Him?

## WRONGLY DEFINED

“No teaching allowed that is against the office” was confessed to me by a pastor in the spirit. God needed me to hear it. Therefore there is no reaching into Ephesians 4 that will be allowed. That would be against the program of the church service. And it is this program that has kept Jesus in the box and the church ignorant. This is the giant stifle. This was again confessed to me by another pastor from heaven. One who knows the system. After his retirement to heaven he confessed to me- “ we want to keep them stupid.” This confession came to me as a deep revelation so I could put this down in print. They don’t want us to understand the release of our ministry. It threatens their standing and job security. Yet another confessed to me in the spirit that to preach Ephesians 4 is a “ job stealer”

They are aware. And will be accountable to God for leaving such vital preaching and steps out of teaching. Refusing to release ministry is a grave mistake. God allowed these three confessions so I would write them down for you. He needs to bring understanding to this topic. It is vital for the next generation and this is how much He cares. Just as a plumber knows what is clogging the pipes- our Father in heaven knows what is stopping the works of real full time ministry from coming alive in us and flourishing. Ministries He would support and pay for. Make no mistake- they are hiding under layers of authority.

The church is still corrupt because we have accepted a wrong definition of ministry. “We have a PROGRAM that we adhere to that does not deliver the fulness of my will for ministry” We have wrongly defined ministry as authority over others, only for a few selected, a loud presentation complete with sound systems and jets. We believe it includes a tithe to keep the building open.

None of these principals are biblical. The only biblical way to define ministry is to study and apply Ephesians 4. Which explains in detail how the body of Christ is meant to function. He has not left us orphans. He has explained in detail our part. And it is not to become rulers and governors over one another.

Apostleship, evangelism and the other ministry gifts are the only way to free the body of Christ from the old testament.

The ordinances of the church are further explained in 1 Cor 12: 7-12

7 but the manifestation of the spirit is given to every man to profit withal  
8 for to one is given by the spirit the word of wisdom: to another the word of knowledge by the same spirit

9 to another faith by the same spirit to another the gifts of healing by the same spirit

10 to another the working of miracles to another prophecy to another the discerning of spirits; to another diverse kinds of tongues; to another the interpretation of tongues-

**Freedom to speak freedom to accept the manifestations of the spirit of God for the purpose of profiting every member—freedom to give**

His wisdom- miracles- tongues and interpretation-prophecy- discerning of spirits

Freedom and liberty of the spirit are the new testament ordinances of the church.

If the church service does not recognize or allow this flow of the spirit they are contradicting the very word of God

11) but all these worketh that one and the selfsame spirit dividing to every man severally as He will- *look at the flow of ministry gifts available to the body of christ- He is dividing as He wills- this is not a program- a routine or a rigid set of rules.*

12) for the body is One and hath many members, and all the members of that one body, being many, are one body so also is Christ

*We can see the manifestation of God's spirit given to EVERY man for the profit of ALL. There are many gifts listed and they are divided at His will. He knows exactly what He is doing and there is no place to underestimate His ultimate wisdom and power concerning His gifts to the members of the body of Christ.*

The plan of the gospel is meant to come through the gift of apostleship. This is the true definition that Jesus left us. No one is meant to exercise authority but Christ. christians can exercise authority over the devil and that over the kingdom of darkness and not over one another. Luke 22

All with the empowerment of the Holy Spirit which leads to the flow of the gospel. All His gifts to the body are born of His love to be moved by his family to the needs of the world.

The wrong definition of ministry has left out the function of ministry. This is a corrupt church as other spirits can enter. Let's name a few.

Jockey for position, greed, jealousy, ineffective repetitive routines. Laziness. Favor for a few, misrepresenting Him, meeting our own needs and not the unsaved. Not living out Ephesians 4, has led to- idol worship. We are most decidedly ignoring the new testament function of Ephesians as we hardly know what an apostle is. This is a dangerous spiritual position. We are almost undoing the cross- and denying the ministry that was meant to emerge from His example. If we insist there needs to be a man between us and God we are saying God and His directions are not enough.

#### HOW DID PAUL DO IT

“The truth is workable, not magic, cosmic, wishful or hopeful, it just works”

This quote from papa is telling us the difference between the super christian in a beautiful building, and the working christian of Ephesians 4.

Paul represented the gospel without reputation. “ we don’t need to be stars” He worked with others and planted the seeds of the gospel- his fellow workers came to water those seeds with more.

1 Corinthians 3 Apollos watered- they worked as a team- one arrived first and one arrived later with more of the gospel. Creating a tight web of truth for the new believer to latch on to- to be able to grow from.

The gospel was given out for free ( try it yourself- you will see it works)

There was no need to collect for a building. Apostles were known but unknown which means they were known in heaven to God and unknown to man.

We receive his power to witness, preach. Pray for the sick, deliver people from demons in His name. This power is increased the more we become decreased.

The early church- those who knew Jesus never promoted themselves. In fact they claimed to be the offscouring of the earth. I must decrease, that Christ will increase.

The gospel is NEVER to promote ourselves. Our political, financial or social image. Bragging is a sign of an earthly kingdom.

This idea came from images of the past. Human government and political power and military tactics have been accepted among us from ancient past. The term “ running for office” is a political term that the church has accepted for what they deem to be positions of leadership. It contradicts Ephesians 4.

LETS TALK REPUTATION and more Persecution

In order for truth to emerge from the false there will be resistance. The enemy will get his horns hot and incite and use those he has deceived to protect his principalities.

The truth will always meet resistance. Luther, Gutenberg to name a few. They even threw our friend Galileo in prison.

The truth must first contend with the darkness that has it obscured from realization. In the spirit realm where it hides. The first thing that will happen is that the powers of darkness will flood with panic. If we could see with clarity we would witness a strongman who then dispenses his under demons to go to work on the case.

They will incite those who hear the truth and inflame them like a smoking cigarette in a dry forest. The truth will be presented and have just as much chance as a pleasant picnic during a thunderstorm. It challenges all they know and suddenly they must admit they don't know what you do.

Until acceptance of education arrives. Which is close to repentance. This has been the truth throughout history and it has not changed. The apostles themselves understood their own plight when they spoke of themselves as the offscouring of the earth. They understood and lived through persecution,

The Pharisees hated Jesus because they had been strictly following the Old Covenant and He was going to take their job ! It is the same spirit that stands against Ephesians 4 from being preached and lived out. “ It is a job stealer,” I heard a pastor admit.

The kingdoms are at war. The kingdom of darkness is not going to let the truth out easily. There were numerous assaults launched on the good news of the gospel. After education and agreements are broken, the enemy of God and his lies can be driven out easily. It is only our agreement with his lies that gives him success to create strongholds that last for centuries. And trap us.

**SATAN'S SECRET SAUCE**

## **SATAN'S SECRET SAUCE**

Regarding Christians the spiritual blindness involves the misinterpretation of scripture and the preceding ignorance. Adult education or higher education is lost to us. As we are uneducated in Ephesians 4, or believe it is for someone else, we will not be able to see our true calling. Perhaps some are called, but then they believe they are over a pen full of sheep. And the sheep never get let out to do anything. They can only sit in church and say amen to buzzwords that float with authority tripping around our heads.

The resulting immaturity is now a powerful stronghold as the sheep who believe they are under authority cannot walk out a ministry for Him.

Finally, this secret sauce is sealed with false authority. He has us. Alive and saved yet ineffective. Many cannot see a way out of the puzzle even though they have noticed contrary things in the word of God. This work is the key to the puzzle, which tripped me up for years as well.

Here is another one of Satan's secrets I will offer. Starting with a quote from papa. "Satan used prisons to hold the apostles during the inception of the gospel" - today he is holding the apostles by making the church a prison." Let's glean the insight from those quotes. "Well I like church. I don't think it is a prison' well that is fine, but just try to move in the gifts. You cannot proceed. You have tested a spirit. It is a spiritual stronghold.

Satan operates in covering, controlling, holding. This needs to be discerned first. He fears freedom. He fears it because of the ease we will have spreading the gospel. He plans our miss of ministry and revival from structures that contain many rules and regulations of his own making.

There are laws protecting our religious liberty today. The only way to truly stop us today in the mind of the enemy is to make the churches we build into a holding cell. We still cannot move the gospel out in numbers. There are too many rules contained within. We are not free.

Attendance- God already knows who you are

Mandatory church membership and church attendance is man's idea. God knows who you are- you need not sign the registrar. This is not His idea.

While looking through the newspaper I glanced over all the times and dates of different churches and their times of services, bible studies, and the like.

"Not my idea" I hear the Lord speak from his heart.

He never never ordered that kind of structure for his family.

Don't believe me yet? Try to find that in the bible, it is nowhere to be found.

Jesus never built a building nor did he give any command to do so. The church described in the new testament did not have a pulpit either. The reason for that lack of structure or officiation was initiated by our Lord himself so that any one could talk and get a word. God could move through anyone and anytime and send the apostles out. The gifts of ministry were free and abundantly moving through all. Bring back the lost and let the teachers and pastors help them until they were developed christians. They would in turn, go out and start spreading the good news themselves. The purpose of assembling was to agree with the Holy Spirit and get directions for the next move of God. We have stuffed him into a robe, a collar, a minute by minute schedule of our own making. 1 Timothy 3:15

Only once had it been necessary to build buildings to house God's presence and offer sin offerings to God. The old covenant. It was a totally different covenant than what Jesus brought. We have combined elements of the old

with the new and there are rampant church spirits guarding the ploy. They have been around since the Roman Empire.

GEM here

THE KING WITHIN

He is offering us a better way. **UNITY**

Now we must understand the presence of God within us is the new temple. We serve Him directly. His presence within us and our ability to hear him exceeds the buildings and schedules in a peaceful transition to a different kind of service. We are called to serve the unsaved, this is the new tithe or offering He asks of us now. Hebrews 7:8

The King within is a greater gift. It has canceled old testament practices. We are His kings and priests, the word calls us a royal priesthood designed to serve Him. We can never reach for that which we have not studied. Let's find out how we are to consider our fellow brethren.

*BEAUTIFUL thoughts*

Honor in the body of Christ is liberation from the old covenant strictures. Oh- it is the absolute undoing of the old. It is the first step to working together. By the greater intelligence of the Risen Christ He can offer us a brand new way. Our obedience to His command to love one another precedes the healing of the world. He works through relationships. The ministry gifts will flow from a unified body. It seeps and expands right over

into His kingdom economy. He waits to bless us and reward us for serving Him.

Romans 15:6-7 Now the God of patience and consolation grant you to be like minded one toward another according to Christ Jesus

Romans 12:5 So we, being many, are ONE body in Christ, and everyone members, one of another.

1 Corinthians 2:16 For who has known the mind of the Lord- that He may instruct Him? But WE have the mind of Christ.

Romans 12:10 Be kindly affectioned one to another with brotherly love, in honor preferring one another.

Romans 12:16 Be of the same mind toward one another. Mind not high things, but condescend to men of low estate. Be not wise in your own conceits. *This obedience is keeping us out of world mentality-pride of life-esteeming only those with money-loving our own opinions.*

1 Corinthians 3:9 For we are laborers together with God, ye are God's husbandry, ye are God's building. *As we labor together it will be a success if we follow Him only together with Him. We are the service We are the building. We are His husbandry- a term for growing*

*things. The careful scientific management and cultivation of agriculture, crops and livestock. We are growing souls ! It comes from the word husbandmen (farmer) symbolizing stewardship. patience and God's relationship with humanity. A description of His kingdom- there are many parables that talk about God as the owner of the farm- and us as His laborers or workers. Defining His expectations of service*

The enemy has long sought our disunity. He knows it is our greatest strength. He cannot overcome it. So he overcomes us with disunity. Our priesthood has long been forgotten and is almost an irrelevant clique at this point. Our vital role of unity and togetherness in ministry has been completely overlooked as we emphasize only one working ministry. It is a profound mistake that leaves us as uncredited slaves. Are we seeking to play the game of fame and fortune to be credited? This may land you a spot. What matters more is who you are in His eyes. If we are seeking to work as ONE body we have landed His approval and His guidance and His rewards. God has supplied a measure of grace unto EVERY part of the body. We have already given our measure over to one or two parts of the body we deem leaders. Experience has taught us this. It is not in the word of God.

The measure we have been given is the limitless measure. To maketh increase of the body unto the edifying of itself in love”

Through love, the same love He has loved us with, and saved us with, will increase the body with new souls as we practice ministry in this love. This can only be God because it is totally good. Total goodness. An invitation to the lost through those who already know Him. We have rewritten the word of God by the church service and reduced his measure to a mere ¼ cup. He had the whole cup for us and so much more!

So ministry is given to all, for the purpose of increasing the body in love. This means more people are going to heaven. Everyone, absolutely every christian has a part to play in that eternal love.

## ORIGINS

The origins of the church service are unknown to those attending for the most part. Much like an adopted child may not know their true parents identity.

God’s enemy Rome has played a crucial role in history and spiritual warfare. Behind the scenes, we can find the origin of the church service.

Through the intricate plan of the enemy and through the authority of King James Rome has become the head of the church.

This internal structure of hierarchy and authority has left the church enmeshed in human authority. It is filthy in His eyes. Christ alone can rule in holiness.

The continual funding of this authority through the tithe has made the spirit of Rome more powerful in the earth. It has gained momentum from the unknown origins of church history and has never left.

It contains within it the rules of a club with a leader and a building. It has within its power the ability to create all things our Lord hates. Pride, hierarchy, the love of money and a disgusting ability to prosper only a few. It satisfies the needs of a few selected and voted in while neglecting the truth that we are all elect in Christ.

Money is prioritized over ministry in all for the sake of the building and the church service. Sinful human flesh is running the body of Christ, and not our Lord himself. Who would only be the head of the body if we are in agreement with the ministry gifts in all. Again, this is not to say there is no good at all going on in the modern church. God is always willing and His word is always true- yet there is a mighty war going on. The enemy is always fighting our Lord and His people so the very best of His will cannot manifest. It needs to be exposed, and it may sound negative at times. Yet it is actually good news and a mighty unearthing of the enemy's success in church. Which can lead to a new day.

It is still hanging on. Do we know why we march into church on time and are forced to sit? There is not that much authority over us anywhere in society unless we are in trouble with the law ! We sit because we do not understand the origins. Well there are worse things, you say. Yet in the spirit realm this is causing the greatest loss.

***“The longer the Roman format stays in the earth no matter the title- the more it resembles the catholic church”*** quote from Papa

It always moves to that point because it does not contain the truest function of the new testament- release of ministry. It grows with our acceptance of it-

and it will be weakened by our education of Ephesians 4 and the release of our consequent ministry. We have not beat the enemy yet. With our own consent he is winning. Here is why we resemble the roman catholic church.

Davies, A History of Europe p. 292

“ The vacuum left by the decline of the Roman Empire was filled by the growing awareness of Christendom. Not just as a religious community but also as a coherent political entity. Though the Roman Empire ultimately perished, its religion triumphed. The spiritual and temporal leaders of Christianity gradually assumed the mantle of the Caesars. In the west, where the empire first crumbled it was the Bishop of Rome who conceived the notion of a new order predicated on the joining authority of the latin church and a catholic emperor. The Papacy” wrote Thomas Hobbes is none other than the ghost of the deceased Roman Empire sitting crowned upon the grave thereof. The chosen instrument of the papacy was found in the new Caesar of Germany.

Historians need to understand the spiritual implications and christians need to understand the history. They are inextricably linked.

I call this “ *“christianities far reaching tentacle” Can we read into the text? Do we see the infusion of history and how the enemy used it to alter the course of Christianity?*

*The church became political. The spiritual goals and purity were left behind for an agreement of emperors with the Latin church. Jesus and apostleship became a mere afterthought.*

A strong influence and heavy spirits have never been fully rebuked out of what we call church today. Why do we march into a Roman agenda every Sunday? It is to cancel the ministry gifts. This is how our enemy is using the past to cancel the future.

## Sparkling Doo-Doo

I saw a picture of a dazzling garbage pail. The holy spirit lifted the lid and said “see there is garbage inside” I looked and I saw soda bottles and junk, and I could almost smell it. The Holy Spirit is truth and He said the church is not ready for truth. He said “the church has gotten glamorous but there is garbage inside of it”. They have been vague and lazy on the study of ministry gifts. They have gotten it wrong as a result, the church service does not represent the kingdom of God. This is how he sees the church- it is all dressed up- yet the ministry gifts are under authority and it is not being preached or practiced. He sees it as garbage.

There is nothing on the inside but burning embers. The church for the most part does not serve God in the ministry gifts as one connected body under Him.

Ephesians 4 is unselfish; this is the greater integrity that will override what is posing as church presently. It contains both love for each and honor for each other within a ministry that counts for Him.

In the present system we are prevented from learning from each other or working together in any way. It is the opposite of honoring one another.

We are too busy sitting as still as iron when we meet and heeding to another sermon. When the word says “ We should be teachers already” to whom is this directed? To any saved christian ! He is trying to release ministry to us !

So we can find and teach who? The lost. The newly saved.

Allowed only a bit of freedom. One may not claim any meaningful ministry in this strict place of officiation we have submitted to.

Not realizing that ‘ the service” was ours to give all along. We were never intended to GO to church. We are intended to be the church. We are intended to serve the wealth of the gospel to the lost, the sick.

Oh- Please find one example of the early apostles sitting in a pew. You cannot. They were active members and had it right. It was expedient and vital to find the lost.

“There is an officiation to church that is unnecessary” A quote from Papa.

What good does the officiation do? The lines, the times, the schedules. Well it keeps everyone in check, in line. As though they are a bunch of hooligans ready to vandalize ! Those very same we seek to put under authority are the apostles, the prophets, the evangelists, the pastors, the teachers !

The officiation, if believed long enough, and well enough is keeping them out of the 5 fold ministry they are meant to be active in !

A Roman tradition. Not allowed the apostolic unity that goes into the world with power and love by the leading of the spirit. He will not be put under our programs.

Once we recognize the two realms we can repent of the old. Rome among us will be gone. Repent of fear. Fear of not having a schedule. Repent of not trusting him of not studying the ministry gifts and becoming married to Rome and letting it rule us. Repent of the tithe which “limits the supernatural favor of God” another quote. Repent of not believing that God is strong enough or willing enough to set us in our own significant ministry for His kingdom. Who are you? I know He has the answer and is more than willing to explain it all. You can follow the seed He shows you.

## **ROTTEN FRUIT**

It was Jesus who said “by their fruits you shall know them”

Mathew 7:16

Ye shall know them by their fruits- do men gather grapes of thorns, or figs of thistles?

\*Let’s take a look at what kind of fruit the church service creates.

- Defines ministry as authority over others- ministry is meant to be service to God- the church service misdefines ministry as a career and a rare thing. Making it impossible for us to understand what the new testament says about ministry in all.

- \* the church service creates “onlookers” quote from papa
- \* Boredom and misery results from no new testament function
- \* repetition and ritual that does not increase the body exponentially
- \* no real ministry except for a few
- \* creates nominal christians

Again, the word of God is always true when read. Some do come to the Lord, but the repetition is creating bad fruit.

If this is true service- where is yours ?

With all the subtlety of an egregious hypnotist the church service has made our service of no avail. The enemy is the author of the most ridiculous trades in all of history. This trade by our own agreement dissolves any participation or meaning we may have. Our own significance is dismissed. Upon our sitting we have agreed to the nobility and their ministry over us, and therefore we are unimportant. More than grave is the lack of impact we will have on the world from this seemingly simple agreement. The power was ours to have, now we have given it away. The trade is real. It has come unannounced. We have accepted the deal. New believers are ushered into a system God never intended. With all the earmarks of a cult. They are told when to sit, stand, pay, sing and more. All the rules of church are crushing their internal belief in themselves and in our fellow brethren as ever having any significant impact on the world for Christ. Hidden in plain sight. It is not the work of God to keep them in rigor and routine and submerge them in it to never find their true identity and purpose for Christ.

“ the church service creates nominal christians” the word nominal according to websters dictionary means- all is going well- average- as expected.

On a space launch it means everything is normal, going along as planned. The catholic church creates nominal christians because it sets up rules and place on how to be a christian. They support leaders with money and believe that is all there is for them to do. The plan cannot accelerate our spiritual growth. Reaching for our purpose, serving Him, gives us the experience in how His kingdom really works. We are at war but experience gives us hope. There is no war sitting in a pew, we have not ventured out to find His will. The problem with all that sitting is that our God is not natural or normal. He is supernatural and waiting to empower all christians to a place of greater service.

Heaven is a place of service to Him. He gives them supernatural gifts, ability and wisdom to do so. He wants to give the very same to us. On earth as it is in heaven. We can serve Him here. As long as you are not in a church that has no interest in praying for your ministry.

### *IMAGE-IMAGE-IMAGE-IMAGE*

We have been reared in ignorance. We have been spiritually blinded to our royal status and true heritage.

A repetitive church service not only teaches us how to perform like trained circus seals. It steals from us the very self image God intended. Who we are in service to Him is nothing short of miraculous. We are victorious. We are winners. We are created to serve him and win. To serve Him here is war, and then victory. Our true service to Him can only result in the winning of souls and his revealed blessing upon our lives. He will reward us. These spiritual victories of true service so overcome the enemy, it spills into the physical realities of our lives.

This is our true self, it is the self we will know in heaven. There is no loss. We are serving Him, He is taking us under His wing, in His most intimate confidence.

In a church service we are considered unworthy to really serve Him ( a subliminal message we get week after week ). Our self image has been reduced to a tithe paying sheep who only venerates the man in the pulpit. This is the lie in the stained glassed window still permeating our conscious mind. Or worse, our subconscious which is more difficult to uncover. It is here the enemy squeals with delight. As he knows very well, the opposite is true.

We have not believed Ephesians 4 is for us. It is always somewhere- for the other guy. We have not believed in our own worth or ministry. These are the relatives and cousins of human authority that have come to visit us when we believe in an authority over us other than God's perfect love and authority alone.

## AGREEMENT

The kingdom of God works by agreement. Our greatest power and agreement is that we have the same Papa. We know Him. We know our spiritual condition was bleak without the redeeming blood of His son. This is the agreement that the enemy fears. He knows it holds power. It is how God works, by relationship. I have a father in heaven, you do too, when the world sees our friendship with Him, it is a strong witness. Do you two know Him? Of course, he is our friend ! Well this guy must be real ! A short conversation that helped me know the Lord back in the day !

The enemy uses this power of agreement for his own ends. He knows he can win a collective group of souls easily by appointing one corrupt leader. There are many many examples. He is the clever author of wrong doctrines that seem godly. He will fool even the elect at the end of days.

For christians our agreement concerning ministry has been under attack. All dressed up and on time. It has flooded our subconscious and conscious mind as truth. Only the agreement of study of the ministry gifts combined with our perception of His love for the lost will set us free. The world is waiting for the great benefit of our education. And our willingness to live out Ephesians 4 and deliver them. There are many sick, poor, without God. We are able in unison to help them with the ease and gentleness of the gifts of the spirit.

## **PROFITS.. A FEW**

Profits, prestige, titles, places of honor. It seems they are only a few who enjoy the benefits. This is the lie of “obtaining with ease”- due to their great favor with God” from Papa

More “ it is a cruel system” a quote from Papa who understands the plight of the sheep watching a few prosper. I have no personal grievances I am airing. I am airing what I hear the Father say. “ The sheep sit in the pen being told and told again how to get this great favor they must somehow earn” they are

being told over and over again by him who flies the jet to “encourage the serfs”. The truth is he is benefiting from the tithe. He is not in great favor, he is gaining from the lie believed by many sheep.

“Power, prestige, fall to one, while the needs of the poor are unmet”

This is what has made the church corrupt in God’s eyes.

It came from English law and the protection of the crown. One dared not speak against the crown. Fear of excommunication, fear of denunciation.

The Pope had power to seize property and send one into the pig pen for extra labor, or worse, the dungeon, or death itself could be issued as a sentence from the king to a rebellious serf.

The king must deny any equality with the serfs. And the serfs must acknowledge the nobility of the Kings. They were defending their right to rule and the right to collect from the church as a fiduciary and became extravagantly rich.

This is the lie that has been passed down to generations. Undetected. It came from the crown of England and possessed within itself a great fear.

These fears still exist among us. Not of our Lord’s doing nor of his plan. He has so much more for us. Greater is he who is within us. He is greater than the laws of England or Rome greater than the law of submission based on fear. He is not the author of fear.

## DEFENDING

We now have and are left with a” subculture of superstars and sheep”

Neither one is biblical. Equality is biblical” and it is the most effective.

Can we give the Lord some credit here- He has always known what is best.

He has always known the most effective route to exact his loving purposes.

Rome has seeped in and infected us and given us a format “ AS IF IT were

Law”

## **AS IF IT WERE LAW**

During the 3rd and 4th century there were major changes to the church; it departed from the simplicity of the gospel and became very “churchy.”

These insidious rules found their way in, took over, our part in the outpouring of the gospel and covered’ the most effective ministry gifts with rules.

## THE RULES

Big quote from Papa “the rules rule” He is stating that in the church service today He does not rule. The Holy Spirit seldom has His way. The rules of man rule the church. The rules make us into puppets and little is actually accomplished.

Let’s examine the “fruit” of rules

## HINDERING SPIRITUAL GROWTH

- 1) “We have laws instead of spiritual growth” quote from Papa we are going to explore.

Romans 13:7 says we are to be bound by love only.

More quotes, it needs to be heard.

- 2) “The present system of church gives christians an inferiority complex and isolation”
- 3) We have lost intimacy and knowledge and self esteem because we listen to one person. Who are we if not the expression of God in the earth?

4) We are called to esteem others over ourselves and be of no reputation  
Quite a different call than what we experience today.

5) From Papa “ it is the epitome of a wrong system- the world has more  
intelligent business models”

6) Spiritual growth hindered- we become a rule book with no internal  
understanding of His will. Without living out a ministry we have no  
experience in Him.

*Ritual Ritual- something you perform over and  
over and over and over and over and over and  
over and over.....RITUAL-RITUAL*

Ritual is the perfect authority over God. It puts us ahead of him arrogantly  
and ahead of his timing and will. “ they do the best with all they know  
because they do not understand how to function in eph 4”

Ritual excludes his intimate instructions for us. He holds this for the entire  
body of Christ, individually and collectively. Ritual tells Him our  
relationship with him is not important, that he may give us no more. That  
we may have no more from him. It is a combination of arrogance and  
ignorance. We have decided without asking Him what is best. We remain  
ignorant of our part and vital gifts. He has more for us. As it did for Paul,  
Rome is stealing apostleship and therefore it steals our instructions from  
Him. His plans are largely unknown to us because we have told him “all we  
do is the church service” This is our authority over Him every week. We have  
put His best plans on the shelf by not agreeing with his word and jumping  
into a pattern of routine.

Some of my thoughts- the present system of church has fruit. It is not balanced in ministry so the fruit is rotten. It has the ever- present potential and has created the fruit of jealousy- jockey for position- entitlement due to labor or education-competition- boredom, inferiority-these are not fruits of the spirit.

There is a lie that some” obtain with ease: due to their great favor” the truth is that the tithe has brought a few to favor. It is a lie that they are due it and are more anointed. The word says favor is due to the whole body. It comes supernaturally after our service to the Lord. We know it from within. It is not written in stone as a schedule. “ The disparity of finances keeps the gospel away from the world” another quote from heaven. Christians generally give money for themselves-to keep the church running. To file another report. Pay another light bill. They are already saved ! It is like feeding a tank of gas that is already full. While the world at large does not benefit. It needs to be in everyone's hands as God directs.

Which would be joy, from souls being saved, love from His outpouring and grace.

## HE WHO CONTROLS TIME CONTROLS

“ Disgusting human authority is still running the church” another quote from Papa. He tells it like it is. With the hope of waking up the dead to a new life in Him, a new way of doing things.

Well we have it all planned out- that’s just the way we do things”

Who exactly is controlling our time together when christians gather?

It is the enemy of God himself.

Our understanding, our agreement, our time together is precious to God.

He knows He can move among us, he wants to create a change here emerging from our understanding and our pure love of God. Our enemy knows this too. It is a pivotal point of decision. What we do when we gather. It is meant to be powerful. He has sidelined that power. Into formality and a service that only serves to slow us down.

It is our understanding of HIM that makes us valuable.

We become a triple threat to our enemy if we begin to understand the new Testament way of doing things. It should be no surprise to us that the enemy of God would be on the alert and spare no energy or resources to send us a great deception. He worked triple time on this one. He knew he would have to manage millions of Christians and put them under an authority that would dissolve our true power over Him. First Rome, then Constantine, today pastors.

## PROPAGANDA

We have been under great attack all dressed up in a disguised package with ribbons and bows. He who seeks to control our time together has planted a pretty package. We swallow it every week. It is the hidden clock of the enemy and it has been ticking for 2 centuries. He has opened his mouth wide and has gulped our time down his hairy throat for himself.

We have opened our mouths wide and accepted his schedule.

It is he the enemy who is controlling our time, and therefore, controlling us, and diabolically so, controlling God himself.

Propaganda” who uses it? Rooted in history we see many types of leaders who used imagery to falsely represent those they needed to control. The very first step of persecution is to dissolve the intended victim’s reputation. No one else will be able help under this onslaught of lies. Creating a mindset of degradation and lies the masses will follow.

We have pictures of slave owners who would not allow African Americans to gather in large groups. More than just being frowned upon, there would be

severe punishment. Why? What were they afraid of? When we gather there is an opportunity to learn, to share information. There is a chance we will get very smart and do something for the Lord.

Worse in the minds of merciless owners of men would be the empowerment these gatherings could bring. Revolts and uprisings, and the threat of an empowering education sat in the back of their minds like a stove with 4 burners lit. They needed to control the events of those whom they sought to enslave.

I am not accusing present day pastors of being slave owners. I am simply seeking to highlight that in the same way, our enemy fears our gathering. He knows the spirit of God is ready to flow through us all, educate us, empower us for real ministry.

While he did not stop the physical gathering, his diabolical and obscure plan has been to hinder, delay, gum up, and sit on our spiritual gathering. While all the while having us not even consider the possibility that anything is wrong. To hinder "the spiritual" progress is his goal. It is the release of power he fears.

What is the propaganda and imagery the enemy has used to create centuries of delay? He began with a stained glass window in a giant cathedral. I call it "the lie in the stained glass window."

He worked on the minds of peasants, serfs, and Christians of low position [in the hierarchy of man] to create a mind set of sheepish submission. With all the craftiness of evil a subliminal message has been sent from ages past. "Only those in the window could be used by God." I am not up to that! Those were the "special" people in the past, the apostles, they are all gone now. We have to be a sheep to this priest and pay our way to heaven". "That began the succession of apostleship" "I am not one of them" These are the thoughts of

the unread peasants and christians who sat in the stone hard cold pew hoping to make their way to heaven. LIES everyone of them- lies.

This picture of illumination and the vast structure holding it up, along with man's authority was all the enemy needed. To convince people they were no more than a paying sheep and played no real significant part in the scheme of things. This did very well go on for hundreds of years as the buildings were built to last and could receive generations of sheep with tithe in hand to keep the lie going.

Together they would look to the authority of one man's special election over them even when the bible clearly states. These truths have been hiding and waiting to be said. But there is light and hope.

Getting Positive now

Ephesians 4:7 But unto EVERY ONE of us is given grace ( ministry) to the measure of the gift of Christ.

### *Starting to get positive now*

The gift of Christ is ministry. We read from scripture it is for EVERY ONE of us. Anything else is a lie we have swallowed.

The measure, the time, the power is His to distribute. He will tell us- wait, that was enough, now, more, next time, that was perfect, or there is more to be done. He understands and holds the measure of ministry in His perfect timing of balance and love. We need never have looked any further. More than that, He knows who we are. There is no sin from the past, there is no person who assigns you a role or a reputation that will ever be allowed to

overcome WHO you are. He knows every detail of your gifts and talents, and potential in Him. He then asks us to join those gifts to the rest of the body.

From whom the whole body fitly joined together and compacted by that which every joint supplieth, according to the effectual working in the measure of every part, maketh increase of the body unto the edifying of itself in love.

We cannot be ministers of the gospel alone. The word is telling us we must do so as a group.

That phrase “ the whole body fitly joined together” in the original greek is “Sunarmologeō “ { soon-ar-mol-og-eh-o} , meaning-

To join closely together, to frame together, members of a body.

The phrase “ and compacted” in the original greek is “subibozo”

{soom-bib-ad-zo} which means knit together, assuredly gather, instruct,

To cause coalesce, to join together, put together, to unite, or to come to the same opinion.

It sounds like we play a more important role than sitting in a building to look and admire apostles in a window, however beautifully done ! I am going to prove this to you further.

In that same scripture the phrase “ which every joint supplieth” in the Greek states as “haphē” {haf-ay’} this means bond or connection.

According to the effectual working in the measure of EVERY part, maketh INCREASE of the body unto the edifying of itself in love.

Clearly, we can understand from this scripture that it is our unity, our oneness, our collective opinion of purpose, that created the compactness and

the joints that will support us exclusively and well enough to THEN impact and reach the world.

“According to the effectual working in the measure of EVERY part “ will cause the body to increase in numbers of newly saved.

It is clear to me - the INCREASE comes from JOINED TOGETHER EVERY part moving and working.

These scriptures in Ephesians are NOT describing a church service with paying sheep. It is the clear and definitive instructions to the church describing the operation of the church and new testament function that Jesus desired for His body. It is all He is capable of and waits to move us under His direction.

The enemy dearly loves this false concept of ourselves ingrained in us. He loves the false authority we have invested our faith in that makes it more powerful. He loves that we now believe we are only paying sheep and no more. In this mindset we will never find out how truly powerful we are over him, nor will we find our true destiny in Christ.

The more faith we put into his lies the more the power of deception occludes the will of God among us. “This is good enough”- another church service, it is my only part” we often conclude.

Our true service will no longer simply include ourselves. It will always serve the lost. The hungry. If Jesus could not make this possible He would not have told us to do it. It is about those in the world who have not yet arrived at the deepest understanding of the gospel. The “church service” is not good

enough. It stops the function of all believers jointly fit together and moving. It collapses our time together and gathering into one or two short hours of a repeating routine. It is why young people get bored in church. They would not be so if they had a significant role in feeding others. Or any other place God would lead the body.

**If it were not possible to feed the hungry, pray for the sick, cast out demons, help the poor, clothe the naked, visit prisoners Jesus would not have told us to do it.**

**THE SEEDS of God CREATE EASE OF MINISTRY**

## EASIER NOW

We are forbidden by the church service to channel our energy to a collective outreach. When all our time, energy and money is concentrated into one Sunday morning crunch.

Church spirits are guarding the crown. The way to make money is being heavily guarded. Those in love with authority more than love of God do not want to budge. They do not want you to serve God in their house. They are not allowing it. **HE WHO CONTROLS TIME CONTROLS** Keeping you a sheep that pays them is of more service to them than you being a favored servant of the true God.

“ It would be easier,” another quote from Papa.

His way of doing things would actually set us free. This quote reminds me of many times in my life I did not listen to his ways, and things were harder.

The outcome took longer, that same first anointing of ease was stolen.

It is the same for us who seek to serve Him in a ministry. There is not just ONE ministry. It is for ALL. The enemy has worked feverishly on this concept. Stealing the integration of all our gifts to the waiting list.

The more we believe in ONE minister the more he laughs.

It would be easier” the planning, the work schedules all a thing of the past.

EASE

## “Follow that Tarp” follow that anointing to ease

We would be letting the head of the church who is Christ give us the anointing for what He seeks to do. FOLLOW THE SEED-

One day, there blew a tarp into my backyard. Which is a plastic covering people use for gardening, to place over boats or cars. I felt something. The spirit of God was all over that tarp. I did not ignore it. I knew it was the seed. I asked around and did not stop until I found the owner. I knew the seed would produce fruit. The seed was the anointing on the tarp. It was my job in the spirit not to ignore it. I asked around and finally found the man who lost the tarp. He said I have been looking for that, where did you find it? I made friends with the man who was glad to get his tarp back. We talked on and off and over time I discerned his spiritual condition. He was sick spiritually and never learned to love people having never experienced the love of God. He was also sick physically and was almost going blind and had other

conditions that required him to be under the care of doctors and medication. I began to witness to him and he spurred those conversations. He made fun of me. One day, I found some very small bible tracts with very large letters. I knew it was for him. He had vision issues but more than that His spiritual sight was simple. He needed large print and simple truth in a nutshell. There it was. Perfect. The letters were oversized and dark- there were only a few simple salvation scriptures in them. He laughed at me again when I handed them to him. Saying I was the funniest little person he ever met. Now that I think about it I must have looked funny. He was 6 feet tall at least. And I was handing him a 2 inch tract. But it was perfectly what he needed. He was in and out of hospitals. He brought the little books with him and found Jesus at the hospital where he died. I saw this man looked down at me from heaven and he thanked me. The seed is always correct.

The anointing is always easier. There is so much in it. It is the beginning of a promise. It is a path emerging and glowing. It is freedom from all else. It is the assurance we are in the right place. It is the unfolding of His perfect and good will. It exceeds the help of man, and assures us the help of God Himself who can do all things. To follow the anointing means ease. It shows us how to function as one with an outcome that pleases Him. All logistics and way of life in this service become shown to us. He is the author here and knows His mind and His will and He shows us the way. Having lived this out for decades I can explain.

When we are truly serving, He creates ease. All things ready to stop His plan will fall to our side about us like a soldier that has lost his gear and armament at his feet. It is that powerful. This is the place the enemy fears. It should be

of no wonder he has given us a false anointing. One which we believe is in one person.

We have exchanged this anointing of love and ministry for a routine. It is His warm smile that is the anointing which is to lead the way. A fixed routine will have its own results that are less than the power that is ours through Him. Let's talk about the results of a routine.

“The entire body of Christ has been demoted to a role of dehumanized slavery” quote from papa. I did not say that. Our father in heaven did. He knows how it really is even if we are in denial. He knows how it really feels to be a discounted sheep- He sees it every week. Years of work, joy and laughter and rewards left undone by this simple wrong belief system and practice. God has something better for us.

Our role which is truly amazing and meaningful but it has been sat upon by Roman authority. Not God's idea. As we emphasize only one ministry we neglect the greater ministry of all- of us as ONE, sitting in the pews undiscovered.

The enemy has succeeded greatly in using the church service to cover and govern ministry gifts. He has given us 1700 years of church services even before the Bible was translated ! That was a very long brewing time ! try to remove the glue and there is cement underneath ! It is a long standing spiritual foothold- so much more than a tradition- and it does not want to go

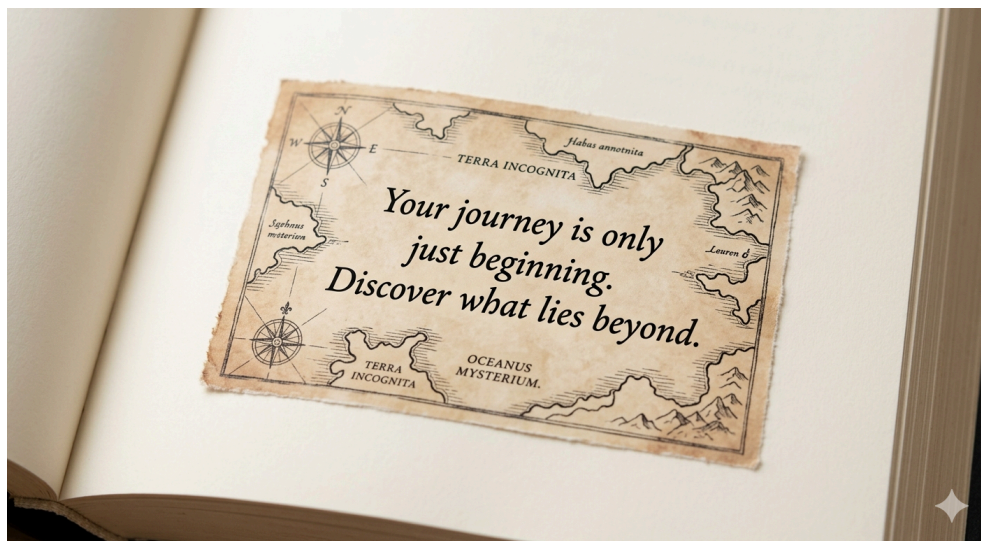

anywhere ! It has become a second scripture that we put over the word of God! This is the invisible stone sitting on our ministry gifts !

Why must we insist there is only one leader when our Lord himself is willing to follow us to the 7/11 or to the library and use us for the increase of His kingdom in the finding of a soul?

Our right to exist and flow as one has been stolen. For the most part we know it not. Every so often a flow of the spirit emerges and works but usually it is quietly and quickly stolen by the rules that exist.

We were meant to be as one with deep roots, as the fungi thrive in the forest beneath the surface of the earth. And thrive. A hidden kingdom that cannot easily be stripped of our rights.

Therefore holy brothers, you who share in a heavenly calling- consider Jesus, the apostle and high priest of our confession Hebrews 3:1

Hebrews 3:1 Therefore holy brothers you who share in a heavenly calling consider Jesus, the apostle and High priest of our confession.

The Lord himself was our trailblazer. He has burned the way down and He has shown us true ministry. With the hopes for a revival that would not end. This is not a dream, it is a biblically based sound function and operation for christians whose time has come to claim it as our own. It is not lost forever, we simply need education and understand our God given rights.

## The old stump- a verse for those who care

## The old is gone away ~but it takes new eyes to see

I walk to find a rotted tree whose stump I do not own

From which many many lies and doctrines false have grown

I do not know this is my land in spirit and in truth

The edge is dark and gloomy - I have not gleaned the light  
is all I have ever known

Has been weakness and not might

I must travel on until eyes at last they see

The luminous future beckons me

the dust is wiped away

Shimmering now the stump is gone all that has sickened me  
I hear the high song of angels in the morning clear  
I see the light of day breaking  
in the eyes of those in darkness  
And I know what I must do  
Between the hills and valley I recognize the notes  
the stump is gone- the Author of the Book is near  
I have read and gleaned His many quotes  
And all that has imprisoned me  
Is about to leap with fear  
There is no end to life as the forest surely knows  
Where at last we may be free

## **Let's take a look at our new rights and freedom**

We are moving from old testament ritual (that we now recognize as such) with our new testament eyes, into a new freedom of new testament ministry. That He wants us to have. He is inviting us to a relational freedom and movement. One that does not require planning and routine. Our new testament function reveals a beautiful truth. We have been invited “out” of the performance. We have been invited into the Father’s house in a deeper, more intimate, more involved servanthood. Where by we may have His close guidance and power. It need not come through any man- for He is arriving at our agreement to His will with all we will need. His measure will be perfect, His understanding knows no bounds.

The past priesthood was merely a place holder for the living reality of Jesus. We have faced a clever enemy who has delayed that presence. With another

place holder. He has kept us mimicking the shadows of ancient laws when we could have been basking in the sunlight of His grace. A rare treat meant to spill over to those unknown by Him. To those outside of His great common wealth.

Instead of gathering to create distance- from pulpit to pew- we can gather to celebrate His permanent closeness to us. There is no burden of getting it right in duty or performance. Getting it right now is finding the lost among us for this is what the church is founded on. This is what the apostles did- they found the lost. He is getting it right from within us.

Ephesians 2:20 You are no more strangers and foreigners but fellow citizens with the saints and of the household of God- and are built upon the foundation of the apostles and prophets. Jesus Himself is the chief cornerstone.

The new testament function flips the script on old testament ritual. We are not seated anywhere but in heavenly places experiencing His love. The mortar has fallen beneath our feet as we are now the living stones of His power.

The beauty of our new testament gathering is not a flawless liturgy but an organic breathing reality of a community reaching the lost. We can now leave the shadow and step fully as one together. We can retire from the exhausting cycle of a ritual performance. Here is our retirement itinerary.

Shadows to sunlight

Servants to Sons

Sheep to new testament priest

Performance to presence

Distance to nearness

Questions to certainty

Ancient to new

Chains of routine to Ease of ministry

A call to action is also a rest- knowing He knows what is best. And He is leading the way. Included in our call is His finished work of the cross. For He who has finished the cross has also finished the best we can do to help Him ! He has made perfect the gift of salvation calls us not to a manicured perfect ritual for only He is perfect. He calls us to a beautiful simplicity to breathe in His love and rest in His finished work.

Believe in His ability to complete our work. We are invited to ride new waves of freedom as we find the lost together. All we have to do is divorce the old covenant. Jesus is ready to furnish us with a new ministry and a new life.

He cannot do so unless we let Him out of the box and embrace the new.

## **RIDING EVERY NEW TESTAMENT WAVE OF MINISTRY WITH JESUS**

## RIDING THE WAVES OF APOSTLESHIP

OUT FROM UNDER- *escape*

\*Now what ?

\*The only answer to the corrupt church is apostleship”

\*Ministry gifts in all- is all that is biblical- Ephesians 4

\*No one exercising authority but Christ- Luke 22

\*Who will only exercise authority over the devil as we can also

\*Ministry is service - not authority- as Christ has laid down his life for us

\*The plan of God is the gospel spreading through apostolic teams

\*Follow the seed God plants and the anointing into real true ministry

\*Our merciful father has always desired to save sinners- He loves us so much  
He does not want to do it without us. He has included us deeply in His plan.

The church service leads to no real ministry in an ongoing way to serve the poor. It only starts and stops. It syphons moves of God under its vacuum and authority like an old Hoover. Nothing stops the church service. By continually returning to the church service after a move of God, we are only stopping the best, highest will of God for ongoing, consistent ministry to the lost and the poor and so much more. This is where His real favor and blessing can actually begin. That is because this is His true and perfect will.

### THE NEW SERVICE ( is ours to GIVE)

Out of authority we can find His best ! The tithe has been a rip !  
Only a few profit. Under the sealed new covenant all prosper from their service to Him ! The creative and supernatural supply of God is inexhaustible as it is in HEAVEN” what do we think heaven is? Now we may all be blessed from that place !

It is an ongoing favor- benefit and supply for our service he will supply including ease of healing. And this is His will here !

The war we battle in derives from the old testament and it still rages ! It prevents us from finding our own significant ministry and consequent blessings, and true favor straight from the throne room of God. It prevents us from knowing one another and loving one another more deeply. Which would spring forth and emerge from a true ministry we hold together. Our relationships, healing, ministry and rewards are here waiting to be found.

*Another verse for those who care*

Unpaint the tree-*come out of authority*  
Your color shape and form  
Are only part of thee- *the outward holds little value and fades*  
Your true life flows  
From which we do not see- *our inward life with christ*  
The light that glows-*beginning to see with new covenant eyes*  
Beneath, within, beyond  
Waters life giving-*Jesus is the water of our significant ministry*  
Its path undefined- *it is not part of the program*  
No one knows but He  
Unpaint the tree-*come out of authority that holds the water still*  
Your roots your leaves  
Are only part of thee  
The breeze that wakens  
You to song  
That alone, moves you along- *His will is ready to move you out*  
Moves you bends you breathes you  
The measure, that path  
Unknown but to Him-*there is no man that knows you as He does*  
For even the earth which holds  
You still  
Cannot compare to his will  
Flowing from the true vine  
Drinking in the blessed wine

For only that which is truly real  
Will capture more- *there is more waiting for you to find in Him*  
Than you ever dreamed  
Before

We obey God out of love for Him. Because He has so loved us. This is our first and best example of His idea of ministry. Love is not a command. It is a relationship that understands. Which is all about what He did for us. It is absent of authority and full of sacrificial love. He demonstrated the law of sacrifice and not a law of survival or authority. To be in love with authority is to be less in love with Him.

Can we see friends, you are so much more than the visible world has presented. The truth they have not told.

So much more than the church service can ever unfold.

His reality is deeper. He knows who we really are. He knows His plans. He understands the sinner's importance. As He is our light, our breath, our freedom, our very life. Ready to transform us into vehicles for His kingdom. Waiting to make the match.

He has redeemed for us, our eternal soul. And he has not forgotten our significant ministry as well. It is part of our salvation.

*You figured it out*  
*You figured it out - welcome home*

*“You will never receive a thank you from Papa”*

Something God said to me while I was attending church.

I knew exactly what He meant.

I set about to find my true calling

He has not let me down, nor I Him

He is thanking me already-rewards are waiting

Come out from authority- this is your key

There is so much more He has for you!

He only waits for you to heed His call

His invitation awaits your finding- your arrival

To the new- to a life without and divorced from the old

And that is ALL it will take to find it . That is all.

Davies, Norman. Europe: A History. Oxford UP 1996
