

OPENING OF THE FIFTH AND SIXTH STAMPS

Fig. An article about the four horsemen, the line connecting the beginning of the last three formations crosses the coordinate axis X and is in the negative part of the ordinates Y, in an area where should be destroyed and disposed of civilization, tentatively called the I formation Armageddon. And when the Lamb takes the fifth seal, John sees no longer proud to ride a horse, man, like the opening of the first four seals, and sees the throne under the altar the souls of those killed for the word of God and the testimony that they had. And they cried with a loud voice, saying: How long, O Lord, holy and true, dost thou not judge and mstish dwell on the earth for our blood? And there was given to each of them a white robe, and told them that they should rest yet for a little season, until their employees and their brethren to be killed as they were,. (Chapter 6-10). As we see souls innocently killed God gives white clothes and equates them to the saints. Thus he shows that all these men were faithful to him unto death, had a spiritual body of extraordinary color and beauty, and therefore receive the crown of life and go with him into the magic world - the kingdom of heaven is Jesus Christ. And when he opened the sixth seal, I looked, and behold, there was a great earthquake, and the sun became black as sackcloth, the moon became as blood. And the stars of heaven fell to earth as a fig tree shaken by a strong wind, casteth her untimely figs (Chapter 6-12). Sun among the Christians - God the Father, the ruler and guardian of the universe, emitting light and love. Christ, the Sun of righteousness, the divine in man. Sun indestructible and immortal. In Christianity, the sun becomes a symbol of God and the word of God - life-giving. A light - a deity, the good life, fullness of life. Clothed with the sun to show the true church (Apok.12).

Suddenly, instead of the Sun John sees the sun as sackcloth of hair, dark and black. Black is the Christians - the prince of darkness, hell, death, grief, mourning, humiliation, spiritual darkness, despair, corruption, emptiness, depravity, evil, the darkness of shame, despair, destruction, grief, sadness, humiliation, proclamation, decomposition, disintegration of matter, night, dark death.

Luna lives, blood, love, passion, freedom, dignity, fire, conviviality, abundance, cyclical renewal, rebirth, night, immortality, occult power, variability, woman, water, fertility.

And the moon in front of John became as blood. Red - the color of martyrs have undergone persecution for their faith (where red stands as a symbol of shedding their blood). Red in Christianity at the same time combines the two diametrically opposite meanings. Their first group - the love of God, flame of faith and blood of Christ. Second - the violence, passion, carnal love. The second group of values probably arose because that the early Christians associated with the color red is a phenomenon

- 2 -

the wrath of God. All these negative features of life on earth has already been established.

And the stars of heaven fell to earth as a fig tree shaken by a strong wind, casteth her untimely figs (Ch. 6-13).

In ancient times, the star has been widely assumed for some intelligent beings having a constant influence on our world, so the star became a synonym for wisdom. Star - a man. According to existed since time immemorial belief, each person - his own. star, which appears at his birth, and goes out at the time of his death. The star - an attribute of inspiration, freedom, elevation, to achieve high goals of the revolution. The star indicates the presence of God, the rule, the eternal and undying, the highest achievement, an angel - a messenger of God, hope, and his eyes at night. In Jewish cosmological constructs each star is protected by an angel, a constellation understood as harmoniously

cooperating group of heavenly spirits. In its mass stars were considered a symbol of incalculable descendants of Abraham. "Falling Stars" - heralds the end of the world. And now, when night falls from the sky a star, people say that a person died. I did not know that this expression has come to us from the depths of millennia.

This so-called "meteor shower" in me awakened very sad memories in my mind began to recover from the starry sky eighties of the last century. Thirty years ago the night sky represented a magnificent spectacle, I looked at the sky as if spellbound, There was such beauty that I could not tear his eyes away from him. Because pollution atmosphere of our planet's star gradually disappeared from sight, and now almost no stars, no normal atmosphere. Globalization has swallowed everything.

And the heaven svivshis like a scroll and every mountain and island moved from their place (Chapter 6 - 14); Apparently very soon with the atmosphere that something will happen, and the level of water in the oceans will rise so that alternate with the outlines of islands and continents.

And the kings of the earth and the princes and the wealthy and 1000 - heads and strong, and every slave and every free man hid in caves and in Valleys Mountains (Chapter 6 -15).

And they say the mountains and rocks: Fall on us and hide us from the person who sat on the throne and from the wrath of the Lamb (Chapter 6-16);

For the great day of his wrath, and who can resist? (Chapter 6-17).

After removing the fifth and sixth seals it became clear that preparing separation of people on the righteous servants of God on the forehead which is stamped, and people who have not accepted Christ's sacrifice. They

- 3 -

changed the eternal life for a moment of human life, where sickness, old age, death and eternal oblivion. This division produce in order to prepare the destruction of the godless, what happens after opening the seventh seal, when almost all of humanity as useless material for the present life is destroyed. Together with the holy martyrs and

servants of God
on their foreheads
which is stamped, and saved a great many people,
which no man could number, of all nations and kindreds, and
tongues which stood
before the throne and before the Lamb, clothed with white robes,
and palms in
the hands of their fundamentals. They are the ones who came out of
great
tribulation and have washed their clothes and whiten clothes
their blood of the Lamb.
Lord, thy will be done.

Renowned British astrophysicist Stephen Hawking has called mankind
rapidly to
prepare for life in space, because otherwise he could face
extinction. This
Tuesday, 10 August, the British press. According to Hawking, the
resettlement of
the space needed within the next 100 years, since our planet is at
risk will
soon face a new war, as well as at risk of overcrowding and lack
of natural
resources. "It will be difficult to avoid a catastrophe in the
next 100 years,
not to mention the thousands or millions of years" - said Hocking.
According to
astrophysics, sending people into space - the only chance for
survival of
mankind in the long term. "Over the past 100 years we have
achieved outstanding
success. But if we want to through another 100 years, humanity has
continued to
exist, then you need to understand that our future - in space," -
said Hocking.
One can see that this Mr. Hawking does not accept Christ's
sacrifice. Though he
and the Englishman, but clearly belongs to Laodikansky church,
and it is in the
best case. He thinks that life in this cold, dark, inhospitable
and totally
unidentified space better than in the heavenly Christ. I, too, for
a physicist,
but I think as you said is entirely different. If events unfold at
a pace that
mankind obviously die much earlier than anticipated Hocking. Do
not forget that
as a scientific and technological progress, and the destruction
and
annihilation, as its corollary, do not develop linearly, but
exponentially. The
proof of this almost complete contamination of the planet's
atmosphere for
thirty years. This you should know first head of state. It is

possible that they
know (because it is so simple that even I know), and knowing
helplessly immersed
their hands before a then unknown, I would say satanic force, they
might not in
force

- 4 -

overcome to take at least what it measures. I would appeal
primarily to destroy
all types of weapons throughout the world, but alas it is
impossible, as it is
impossible now to reverse or suspend the Apocalypse.
Let there be God with us.
