

A Clear Stellar Night

***On a clear stellar night a long time ago
The exact day and time no one really knows
During the Feast of Tabernacles in the cool of eve
A child born of woman by man she did not conceive***

***Almighty God became a humble earthly man
Born of a virgin according to His plan
In the silence of night He was born of flesh
He who made the mountains drew His first breath***

***The Angels proclaimed across the land
That Jesus was born in Bethlehem
Born of a woman as many babies before
The pains of birth only a mother endures***

***This new life made the heavens to sing
Announcing the arrival of the new born King
From His manger bed His path was made
Carried from the cradle and carried to the grave***

***Christmas time brings much joy to me
I look beyond the manger I look at Calvary
Thank you Lord for your Blessings so kind
Your sacrifice of love for all mankind***

***The greatest present that God can give
Is His Holy presence in the life you live
Your hearts desire can be fulfilled
By patiently waiting and trusting in Him***

***Oh! what can I give Him for Christmas today
He's the source of life He is the only way
For He's the one who endured the cross
I'll give Him my life I'll give Him my all***

***Inspired by My Lord and Savior Jesus Christ
To him I give all the Glory Honor and Praise
George L. Fields, Ephesians 2:8-9***
