

## ABORTION SURVIVOR TELLS HER STORY

Testimony of abortion survivor  
Gianna Jessen before the  
Constitution Subcommittee of the  
house of Judiciary Committee in April  
22, 1996

My name is Gianna Jesson. I am 19  
years of age and I am originally from  
California, but now reside in Franklin,  
Tennessee. I am adopted and I have  
cerebral palsy. My biological mother  
was 17 years old, and seven and  
one-half months pregnant when she  
made the decision to have a Saline  
Abortion. I am the person she  
Aborted! I lived instead of died!

Fortunately, the abortionist was not in  
the clinic when I arrived Alive, instead  
of Dead! At 6:00 a.m. on the morning  
of April 6, 1977.

I was early. My death was not expected  
to be seen until about 9:00 a.m.; when  
he would probably be arriving for his  
office hours.

I am sure that I would not be here today  
if the abortionist would have been in  
the clinic as his job is to Take Life, not  
Sustain it! Some have said I am a  
“botched abortion; a result of a job not  
well done.

I remained in the hospital for almost  
three months. There was not much  
hope for me in the beginning. I  
weighed only two pounds. Today,  
babies smaller than I have survived.

A doctor once said that I had a great will  
to live and fought for my life. I  
eventually was able to leave the  
hospital and be placed in foster care. I  
was diagnosed with cerebral palsy as a  
result of the abortion.

My foster mother was told that it  
was doubtful that I would ever  
crawl or walk. I could no sit up  
independently. Through the  
prayers and dedication of my  
foster mother, and later many  
other people, I eventually  
learned to sit up, crawl, and then  
started to stand. I walked with  
leg braces and a walker shortly  
before I turned to the age of  
four; and I was legally adopted by  
my foster mother’s daughter,  
Diana De Paul a few months after  
I began to walk. The Department  
of Social Services would not  
release me any earlier for  
adoption.

I have continued in physical therapy for my disability, and after a total of four surgeries, I can now walk without assistance. It is not always easy. Sometimes I fall, but I have learned how to fall gracefully after falling for 19 years!

I am happy to be alive! I almost died! Everyday I thank God for life! I do not consider myself a By-Product of conception, a Clump of Tissue, or any other of the titles given to a child in the womb! I do not consider any person conceived to be any of those things!

I have met other survivors of abortion. They are all thankful for life. Only a few months ago I met another Saline Abortion survivor. Her name is Sarah. She is two years old. Sarah also has cerebral palsy; but her diagnosis is not good. She is blind and has severe seizures. The abortionist besides injecting the mother with saline, also injects the baby victims! Sarah was injected in the head. I saw the place on her head where this was done. When I speak, I speak not only for myself, but for other survivors like Sarah, and also for those who cannot yet speak.

Today, a baby is a baby when convenient. It is a tissue, or otherwise; when the time is not right. A baby is a baby when miscarriage takes place at two, three, and four months or later. A baby is called a Tissue or Clumps of Cells when an abortion takes place at two, three, and four months or later. Why is that? I see no difference! What are you seeing? Many close their eyes.

The best thing I can show you to defend life is MY LIFE! It has been a great gift! Killing is NOT the Answer to any question or situation! Show me how it is the answer if you can?

There is a quote which is etched into the high ceilings of our state's capitol buildings. The quote says, "Whatever is morally wrong is not politically correct." Abortion is Morally Wrong! Our country is shedding the blood of the innocent! America is killing it's Future!

All Life is Valuable!  
All Life is a Gift from our Creator! We must Receive and Cherish the Gifts we are Given!
