

A FAMILY
THAT PRAYS
TOGETHER

There is a saying. A family that prays together stays together. That is so true! A relationship with Jesus is what is needed to keep a family living in love and harmony together. And He is the key to having a joyful life filled with contentment!

We can make sure we keep Him in the forefront of our minds by studying our Holy Bible daily and believing and obeying what it says. It's so important to do that because if we don't we can very easily get on the wrong track and start thinking another way then what God says in His Word.

God bless you as you follow Jesus!
