

NEW BABY

Congratulations on a Brand New Baby Boy with all his fingers and toes! He is so cute and cuddly and snuggly! We are so excited for you, and we want to help you any way we can.

You are so blessed for this gift from Jesus! I know that He is right here with you enjoying what He has created through you, and He wants a part in this precious child's life too.

He wants you to teach him all about Him and be a good example of His love. As the Bible says, "Train up a child in the way he should go and he will not depart from it when he is old." (Proverbs 22:6)

Jesus loves all of you so very much and if you are following in Jesus' ways you will be able to find peace in all the challenges that come and true contentment!
