

An Urgent Message

I was recently thinking to myself while sitting in a café; 'If God had a message for us all, what would it be?' The answer came immediately , **Tell people, 'They are precious and loved of God'**.

This was not what I was expecting, but when I considered it, I was reminded through the Gospels, that when Christ came two thousand years ago, He never condemned anyone for what they had done or were doing, but showed compassion, love and forgiveness. Jesus Christ once said 'God so loved the world, He gave his only Son, that whoever believes in Him, should not perish, but have everlasting life'.

I believe what our society needs more than anything today is love, a really good dose of it, but instead we live with fear, mistrust, breakdown of community spirit. If there was a tablet, injection or an education program we could have that would make everyone in our communities more loving and caring, I'm sure we would all sign up to it,

but it doesn't work like that because it isn't a physical or psychological problem, but a heart problem. The Bible says 'from the heart come evil thoughts, murder, adultery, all other sexual immorality, theft, lying and slander.' The good news is, that God still loves us and has provided a remedy to our problems through Jesus Christ.

When we seek for Gods help, He comes to us to change us from deep within and fill us with His love and joy. This powerful experience is known as 'new birth', (starting life all over again with Gods Spirit within us). This really is good news, especially for those who have found it true. I want to recommend it to you today and ask you to seek after this love from God.

If you have an interest to know more, speak to us, contact us or come to one of our meetings. We are keen to share more of this powerful message with you because we believe it to be the answer to the needs of this generation today.

CUT--HERE
