

*At the Altar were Two*

*At the Altar were Two that Day  
As the morning light was Gild  
Both with a heart of Desire  
But only one soul was to be Filled*

*Oh Lord I always thank You  
For like other men I'm Not  
Your words I always Speak  
And I even fast twice a Week*

*I do my best to correct Sinners  
So they will be just like Me  
I'm sure you've always Noticed  
I pray down upon my Knees*

*I can't think of any sin Today  
That would cause me to stumble and Fall  
I'm not like the other man praying Here  
This sinner is guilty of All*

*The other man cried my sins Oh Lord  
In deep sadness on you they Fall  
They are still pain and grief to Me  
Even though you have forgiven them All*

*When life's trials seem to make me Fret  
May I trust in you without Regret  
Help me live a life that's Honest and True  
Striving to please you Lord in all that I Do*

*Jesus was crucified on the cross at Calvary  
Redeeming is the blood he shed for you and for Me  
What will you now do with Jesus  
And what will He now do with You*

*The question is clear and it's time to Choose  
The choice you make is without Excuse  
To Jesus Christ are you now Inclined  
Time is of the essence make up your Mind*

*Inspired by My Lord and Savior Jesus Christ  
To him I give all the Glory Honor and Praise*
