

HAPPY
BIRTHDAY

You have just turned two years old! How wonderful! Can you count that on your fingers? One, two! It is so much fun to be two years old! You can walk and you are learning to talk better and better.

We all love you so very much and I hope you have a wonderful time on your Birthday and every day. And there is someone who thinks you are very special too and He loves you very much. Can you guess His name? His Name is JESUS! Can you say that? JESUS! Maybe you already know about Him.

Would you tell Jesus that you love Him too? He would love that, Honey! And would you tell Him that you want to get to know Him better?

Thank you!
