

Clouds of Red

**As I gazed into the darkness
Of the new days predawn sky
The light of early morning
Reveals dark clouds from on high**

**The light of the sun over the horizon
Reveals the sins of a cloudy nights respite
It's only the light of the Son of God
That can cleanses darkness into white**

**The sunlight adorned the morning clouds
With a brilliant bright red glow
As the blood of Jesus washes away our sins
The clouds turned white as snow**

**I have blotted out as a thick cloud
Thy transgressions you've done against me
And as a cloud thy sin returns unto me
For alone I AM the one who has redeemed thee**

**As far as the East is from the West
Your sins He'll remember no more
For by the blood of Jesus
You are free to sin no more**

**Life is like a cloud, sometimes dark and white
A misty vapor that soon fades quickly from ones sight
If we'll only look up from the ground we trod
The Heavens do declare the Glory of God**

**It's by Jesus own atoning blood
That makes us whole and pure within
Trust HIM as your Savior
The one who knew no sin**

**Inspired by My Lord and Savior Jesus Christ
To him I give all the Glory Honor and Praise
