

DEAR DIARY

October 2nd Today my life began. My parents do not know it yet. I am as small as the pollen of a flower, but it is me already. I will be a girl and I will have blonde hair and blue eyes. Nearly everything is settled already...even that I will love learning and flowers!

October 19th I have grown a little, but I am still too small to do anything for myself. My mommy does everything for me, although she does not know that she is carrying me under her heart. But I am a real person just as a crumb of bread is still real bread. My mother exists, and I do, too!

October 23rd My mouth is just now beginning to open. Just think...in a year or so I will be laughing! And later I will start to talk! My first word will be "Mama!"

October 25th Today my heart began to beat! It will beat softly the rest of my life, never stopping. After many years it will tire and stop. Then I will die.

November 2nd I am growing continually. My arms and legs are taking shape, but I must wait a long time before these tiny legs will raise me up to my mother's arms; and longer still until I go out and conquer the earth! Smile.

November 12th Tiny fingers are beginning to form on my hands. How small they are. One day I will stroke my mommy's hair and tell her how nice she is.

November 20th Only today the doctor told my mommy that I am living under her heart. How happy she must be! Are you happy, mommy?

November 25th My mommy and daddy are probably thinking about a name for me. And they don't even know that I am a little girl, so they are probably calling me "David". But I want to be called "Sarah." I am growing so big!

December 10th My hair is growing. It is as bright and shiny as the sun! I wonder what kind of hair my mommy has.

December 13th My eyes are almost fully developed, although the lids are still shut. When mommy brings me into the world it will be like a sun shiny day and people will give mommy flowers! I have never seen a flower, but more than anything I want to see my mommy! I want to see you, Mommy!!

December 24th My fingers and toes are fully formed! Even my nails are beginning to develop.

December 26th I wonder if my mommy hears the delicate beat of my heart. Some children are born with sickly hearts, and then the gentle fingers of the doctor perform miracles to make them healthy.

December 26th I wonder if my mommy hears the delicate beat of my heart. Some children are born with sickly hearts, and then the gentle fingers of the doctor perform miracles to make them healthy.

But my heart is healthy. It beats so evenly: tup-tup, tup-tup. You will have a healthy daughter, Mommy!

December 28th Today my Mommy Aborted me. Didn't she know that I wanted to live and experience life & grow up, and to find God? Didn't she know what the Bible says? "Thou shalt not kill?"

And that, children are a heritage of the Lord, and the fruit of the womb is His reward? Psalm 127:3

And Psalm 139: I will praise Thee; for I am fearfully and wonderfully made. Marvelous are they works, and that my soul knoweth right well. My substance was not hid from Thee when I was made in secret and curiously wrought in the lowest part of the earth.

Thine eyes did see my substance, yet being unperfect, and in thy book all my members were written, which in continuance were fashioned, when as yet there was none of them. 14-16

Isaiah wrote in Is. 49:1,5 The Lord hath called me from the womb, from the bowels of my mother hath he made mention of my name...And now, saith the Lord that formed me from the womb to be His servant...

God said in Jeremiah: Before I formed thee in the belly I knew thee; and before thou camest forth out of the womb I sanctified thee. Jeremiah 1:5

And didn't she read in the other parts of the Holy Bible that life was very precious to God and that He said in the Commandments: Thou shalt not Kill or do no Murder? If she had known those things I know she would not have killed me!

She would have realized that God knew us even before He formed the earth, and she would have known that Abortion was murder!

You may say, I have Rights! You lose your rights when you decide to have sex and take a chance on getting pregnant. When we sin by disobeying the Holy Bible and have sex and that results in creating a living being, we need to take responsibility for it and preserve life, not kill it.

The Holy Bible says that we are a living human being from conception. If a child could think and talk from conception he or she would say the same things that are in this tragic story. It really hits the mark and pulls at your heart strings! Ask yourself, "What if my mom would have killed ME?"
