

# DIFFICULT CHOICES

## Excuses people have to get an Abortion:

"I got pregnant and I was so scared, and I thought that the only thing to do was to have an abortion.

"I got pregnant and my parents will reject me and will kick me out if they find out!"

"I got pregnant and I haven't finished with my education."

"I got pregnant and I'm not ready to have a child."

"I have to save up some money, first, before I have a child."

"I got pregnant and this isn't a convenient time."

"My husband doesn't have a very good job."

"We both have careers that are important to us."

"We already have enough children and we don't want another one."

"My husband left me and I am pregnant."

"My boyfriend left me and I am pregnant."

These all make a difficult choice and this is what a lot of them said later:

"I had an Abortion but now I wish I hadn't!"

"I didn't realize that I stopped a beating heart."

These all make a difficult choice and this is what a lot of them said later:

"I had an Abortion but now I wish I hadn't!"

"I didn't realize that I stopped a beating heart."

"I didn't realize how much guilt I would experience by aborting my baby.  
"I didn't realize how many loving parents are waiting to adopt a baby like mine."

"I can never forget what I have done, but I have found both forgiveness and the love in my life!"

"My friend loved me enough to tell me about Jesus Christ. She told me that He came to save us from our sins, and that He died on the Cross to pay the penalty for all my sins, and that He rose again and lives today!"

"Because of Jesus, I can be right with God, no matter what I have done."

"Because of Jesus, my life has meaning, no matter what is in the past."  
"I have never known such love and peace!"

If you are facing making this difficult choice, TRY GIVING:

Give life to your baby.  
Give your baby to adoptive parents.  
Give your life to Jesus. He gave His life for you!
