

DR. MICHAEL YEAGER'S VISION OF HELL

On the verge of suicide and with a knife to his wrist a fear hit him, which he now recognizes as the fear of God. He dropped his knife and went to his knees and asked the Lord to forgive him of his sins, and he gave his life to the Lord. He was immediately freed from all addictions and was given a desire to tell others about Jesus.

One night when in prayer he received a vision of Hell and the floor of his room opened up and he kept falling down, and down in a deep dark hole for miles and miles.

It was very real and he could see, touch, and smell, and he could feel everything! Fear was his Whole Being!

A wind was blowing from this hole that seemed to be bottomless, and the odor was so strong it was sickening! By looking between his feet he could see a distant orange glow. As he approached this orange glow it became bigger and bigger, and he then he entered a cavern. He was over a huge area of what looked like lava sending flames hundreds of feet into the air. Earth shattering explosions could also be heard! He knew he was still about 10,000 feet above this burning sea and even at that distance, the heat was almost too much to bear! It felt like his skin was actually burning off!

The smell was so nauseating that it made him cough and gasp for air but there was NONE! His ears than began to be filled with a very eerie sound that sounded like humming. This sound was constant and it got louder and louder, as he approached the lava. God opened his understanding as to what the sound was. The sound was actually human beings screaming in unbelievable agony!! He realized that God was showing him a Vision of Hell!

At about 200 feet above this lake of lava, fire and brimstone, the pain got almost too much to bear. He then saw some objects bobbing up and down in this burning sea of what looked like lava. There were tens of thousands of these objects! These objects were actually human beings bobbing up and down and back and forth!! These people were weeping and wailing in extreme agony! (There will be weeping and wailing and gnashing of teeth-Matthew 8:12) No relief from pain was available to them! Their bodies were burned black in this sea of fire and brimstone!

This sound was constant and it got louder and louder, as he approached the lava. God opened his understanding as to what the sound was. The sound was actually human beings screaming in unbelievable agony!! He realized that God was showing him a Vision of Hell!

At about 200 feet above this lake of lava, fire and brimstone, the pain got almost too much to bear. He then saw some objects bobbing up and down in this burning sea of what looked like lava. There were tens of thousands of these objects! These objects were actually human beings bobbing up and down and back and forth!! These people were weeping and wailing in extreme agony! (There will be weeping and wailing and gnashing of teeth-Matthew 8:12) No relief from pain was available to them! Their bodies were burned black in this sea of fire and brimstone!

Suddenly, he plunged into the lava and it covered him, and filled his eyes, nose, throat, and lungs, etc. His eyes felt like they were being consumed out of their sockets, and he could barely breath!! He finds it difficult to explain the amount of pain he was experiencing. He also knew that Hell was Eternal and there was no chance of getting out!

He was shown that SELFISHNESS is the Gateway to Hell!! Excruciating pain overtook him fully, as he was submerged in this sea of fire and brimstone that looked like lava. As he was sucked down into this sea, he was in total darkness with no light at all!! He was suffocating, and couldn't take a breath, but yet he wasn't dying! When he returned to the surface, he realized that he was still intact, and his five senses were very much alive!

There were other creatures in the sea of fire that looked like huge worms! They would come to the surface, and then disappear, and then return to the surface again. About 20 feet from him, he saw them coming to the surface, and they were coming towards him! When they reached him, they began boring into him and they went inside of his body and brain, and they were coming out his eyes! They were driving him Insane! (Where the worm dieth not Mark 9:44) "The worm is spread under thee, and the worms shall cover thee. (Isaiah 14:11)

There is no end to these things in Hell! They are Eternal! There is no place to go for any Relief!!

There is no LOVE there. It is totally VOID OF LOVE!! An emptiness beyond comprehension enveloped him.

Although there were many, many others there, there were no communications whatsoever! Your memory is also there still with you, and you can remember everything that went on in your life; including each time the Gospel was presented to you, and you refused.

He then was gripped with an intense Thirst!! There was no way to quench this thirst! (Rich man and Lazarus- Luke 16:19-31)

If the message of the Gospel is rejected, you will be forever tormented in Hell like the Holy Bible so clearly says!

The voice of God then echoed across the sea of fire, and brimstone, and lava, telling Hell to release him! And he was returned back to his room.

Jesus' Invitation: "Behold, I stand at the door, and knock, If any man hear my voice, and open the door, I will come in to him and sup with him, and he with Me."
