

One Voice

“ I am just one person “You say,” what can I do? But your one voice can do a lot.

I once took part in a walk to protest taking” one Nation under God” from the pledge of allegiance what good did we do? I really don”t know , we were just one small group in a small town in Tennessee. But we did not let that stop us and the warm feeling we got from knowing we did SOMETHING. Stayed with us for a long time..

*Take no thought how or what ye shall speak... For it is not ye that speak but your Father which is in heaven which speaketh in you.
Matthew 10:19,20*

It is time that Christians stop being the “Silent Majority”
Speak up.. your one voice can become 10 and they can become 100 and so on. Until that one small voice becomes a mighty roar of victory. Remember when you speak up for God, you are not alone. His spirit stands beside you saying “You Go Child, You tell em”
