

*Angels need our prayers so that they can do their work.

The Bible says that when we pray, our prayers go into a big golden bowl in heaven. The angels take the prayers to God. Angels love to do good things to make God happy.

When we forget to pray, then they can't do their work!

*The angels also helped Jesus while He was on earth. When He was having a very difficult time, before He died on the cross, God sent him angels to help him to be strong.

*There are millions and millions of angels, so many that it is impossible to even count them.

*Angels are amazing and know a lot of things about God, but there is something they don't know, which we do. Let me explain it like this. When we accept Jesus and decide to follow Him, it means that we are God's children. But angels don't know what that is like, because they

have always been with God. But they get very, very happy and they sing songs of praise to God.

Thank you
Lord
for all the
angels!
