

EXPERIENCE WITH HELL AND DYING

When he was about 17 years old he was in great pain as was often the case, but this time was different. The pain was so much worse and he was having trouble staying conscious and he kept losing consciousness until he felt himself lifting out of his body, and saw himself floating;

Then, Sammy found himself falling rapidly downward at a very fast rate, and he was filled with fear and dread. As he was falling he realized that he was going to Hell and he started saying loudly to the Lord:

“But I am saved, Lord...I am baptized in water and I belong to a church! He didn’t get an answer. He just keep falling ever farther down.

And then again he more urgently shouted, Lord, I’m saved! I am saved! I have done the right things to be saved! Still there was no answer.

Then Sammy for some reason caught himself and he started saying, LORD I REPENT! I’m sorry for my sins! Forgive me!

Immediately, he was drawn back up and He was returned to His body where He gradually got better. From this vivid story we see that being religious and/or belonging to a church does nothing in Jesus eyes to save you and as far as baptism goes, you can go down a dry sinner and come up a wet Sinner, but it is a command to be baptized when you believe in Jesus with all of your heart.

Some time back I heard this preacher give his testimony of his Hell experience.

He had a malformed heart since birth and his life expectancy was very short.

He struggled along day by day just trying to survive. He and his family belonged to a Baptist church and they were practicing their faith, and they had followed everything the Church had taught them, including believing in Christ and being baptized. They thought that was all they had to do to be saved; and so this Boy, who we will call Sammy thought that he was saved.
