

GET WELL

I'm so sorry to hear that you have been sick and in the hospital. And I'm so thankful that you are going to be just fine! It will take a little time and patience but I know you are going to feel better and better as time goes by.

We will be there to love and support you through this so that you don't get discouraged. And we all need to lean on Jesus who is our Healer! He always comes through for us as we believe in His provision for healing. 1 Peter 2:24 of the Holy Bible says "by His stripes we are healed."

Another one is "And the prayer of Faith shall save the sick and the Lord shall raise him up and if he hath committed sins, they shall be forgiven Him or Her." James 5:15
