

Help Me

***She was playing on the beach in surf and sand
A little girl's life would be at the reach of my hand
This child in the ocean with family and friends
The tide swept her to deep water way over her head***

***I saw her go under as the waves passed by
Not once but twice her little face was affright
She came to the surface and two words she did cry
HELP ME! She said with her hand stretched high***

***She slipped beneath the waves with fear on her face
But I grasped this child's hand and now she was safe
The look of fear would soon be changed to delight
This precious little girl would be safe tonight***

***I'm reminded of a time when I was drowning in sin
With fear in my life I had no peace within
But I cried LORD save me and He stretched forth His hand
And pulled me to safety and gave me peace within***

***Yes I was an outcast and a stranger to Him
A sinner by choice in an ocean of sin
With no where to turn I looked up to see
The outstretched hand of Jesus reaching for me***

***My life has been changed by what Christ did for me
The shedding of His blood at the cross of Calvary
The hand I took still holds me safe today
Forgiven of my sins my life is not the same***

***So if you're drowning in an ocean of sin
Stretch forth your hand and take hold of His
Humble yourself and fall to your knees and pray
Christ is the truth and the life He is the only way***

***Inspired by My Lord and Savior Jesus Christ
To him I give all the Glory Honor and Praise***
