

IS SOMEONE  
WHO SURVIVES  
AN ABORTION  
A PERSON AND  
A CITIZEN OF THE  
LAND?

This is something I never thought about before:

There are numerous people who have survived abortion and lived to tell their story. There are many courageous health care workers who had the love, courage and moral strength to “whisk away” living babies after an abortion attempt, and who helped to save their lives. The strange thing about these living folks is that legally and technically they do not exist! They were never born; they are non-persons. They cannot get a birth certificate and they cannot get a passport, and they probably can’t work because they cannot get a social security number.

Yet to recognize them as being the same as any other citizen of the land with the same rights, they need to be acknowledged as a living human being! Difficult, when technically they were not born!

The ministry in our day, especially to those born since Roe V. Wade, cannot ignore the phenomenon of “abortion survivors.” What does growing up in a society that tells you, that by law and by dominant cultural thinking, that your life was disposable and your birth was subject to the “choice” of someone else?

A baby is a baby upon Conception! God talked about King Cyrus 150 years before he was born, and God told Jeremiah "Before I formed thee in the belly I knew thee; and before thou camest forth out of the womb I knew thee... Jeremiah 1:5 Psalm 139: KJV Bible says, "For thou hast possessed my reins: thou hast covered me in my mother's womb. I will praise thee; for I am fearfully and wonderfully made... My substance was not hid from thee, when I was made in secret, and curiously wrought in the lowest part of the Earth. Thine eyes did see my substance, yet being unperfect; and in Thy book all my members were written, which in continuance were fashioned, when as yet there was none of them.
