

Just Thinking... Time an essential commodity.

“Teach us to make the most of our time, so that we may grow in wisdom”. Psalm 90:12

Everyone has 24 hours to use everyday. Some use it wisely and achieve great things, others do not use their time wisely and they may end up blaming their parents, their circumstance or their environment. Some unfortunately or unwittingly find themselves at the wrong place at the wrong time and they get in trouble which may cause them to waste their God given time. Some however, are at the right place at the right time and they change their destiny for the best.

God has given everyone a set amount of time to use on earth, some more time than the others. However it is not how long the time we have is, but how well we have used it.

Jesus Christ spent 33 1/2 years on earth, his ministry lasted for just 3 1/2 years, but his life and ministry is still impacting lives 2000 years after his death. You might say that he is God and you will be correct, but he did say that greater works than he did we shall do also. So how are we doing so far?
