

## Kingdom of heaven JESUS CHRIST

As I understand it, religion must accompany man from birth until death. Because God wants it and so they want all four Seraphim, the divine manifestation of religion, which people may wish to develop their religious consciousness. Surrounded by God are, as we have seen from the description of the prophets, not physicists, mathematicians, chemists and other representatives of science and technology, and Seraphim, crowned elders, angels and other religious person. It turns out that, not science, but religion is a special form of awareness of the world. This indicates that human life must play a central role of religion, not science, and scientific and technological progress, which I discovered when schedules in an article about the four horsemen. It is obvious that the capitalist system in the human mind creates the priorities of the material, and religion in the human mind is gradually declining. Quick, compared with past economic system of capitalist progress of the economic system ultimately led humanity to the rapid transition economic formation Armageddon and the coming destruction of human civilization. The activities of science and scientific and technological progress in human society contradicts the second of the Ten Commandments of God, which He gave to Moses:

Thou shalt not make for yourself an idol, and any image that is in heaven above or on the earth beneath, or that the water under the earth did not worship them or serve them: for I the LORD thy God am a jealous God, punishing the children for the iniquity of the fathers the third and fourth generation of them that hate me and showing mercy unto thousands of them that love Me and keep My commandments.

Almost all over the "development" of human society, religion was in the second term, fulfilling a secondary role, and even was used for the development of respect, leading to the forthcoming destruction of mankind.

And so we came to a very important conclusion, mankind has not evolved in the direction in which the Creator has planned to implement his ideas. Rejecting the priority of religion in the development of human society, people actually give up not only religion but also that the worst of God, thus condemning himself to death. And when we realized this when we already know that we will

survive this terrible ordeal Armageddon, then how can we change people, make them religious, if it is of course enough, and save them from imminent death. I think that the way out and he is in the conversation of Jesus with Nicodemus (chapter 3-5,6):

5. Jesus answered: Verily, verily I say unto thee: if any man be born of

water and the Spirit can not enter into the kingdom of God:

6. Born of the flesh is flesh, and born of the Spirit is spirit.

You can not imagine how I feel relieved. There is a way.

- 2 -

So to be done so that people born of the Spirit, too, that is, except the physical body and also had a spiritual body. So internally we have, or create an embryo, which in certain conditions with the Seraphim and the enormous difficulty of the human person created his spiritual body. This can be achieved, if you live among the people and life keep the commandments of Christ. Over time, this invisible spiritual body after death leaves the physical body and begins to exist independently. Apparently it is, this can be achieved throughout his life to strictly observe the commandments of Christ. Such a person can walk on water, moving freely through the air, treat disease, to read people's thoughts and much more, regardless of the laws of the surrounding physical world. The Apostle Peter walked on water, the apostle John described the entire history of mankind sorokotysyacheletnyuyu until his sad death, many examples in the world. But it can reach very few people are so small that we can not know who they are, the more these people will not advertise itself and can be in different countries with different religions. Basically, if people truly religious, seeking to comply with possible commandments of Christ and receives Christ as their savior, that throughout his life, sooner or later may form his spiritual body, good or bad, depending on his past life. This is the body after death it leaves the physical body and will exist independently. The vast majority of people on earth have a spiritual body, which is why they are doomed to failure. This is evident from the contents of the Apocalypse, where almost all of humanity anymore. There remain those names that are in the book of life, 144 thousand people from all tribes of the sons of Israel and people of different nationalities and religions, which were surrounded by

God, and about which we wrote John the Evangelist:

After this I beheld, and lo, a great multitude, which no oneno man could number, of all nations and kindreds, and tongues standing before the throne and before the Lamb, clothed with white robes, and palms intheir hands (chapter 7-9).

People belonging to other religions, too, can form a spiritual body, if they did not know the commandments of Christ, will live as Christians. When I first read the New Testament, at that time I was 55 years old, I myself did not even ask I want to accept Christianity or not, I realized that until then lived as a Christian.

I think that the invisible spiritual body really exists. In the Apocalypse of John was reading these lines, when one of the angels of death would descend from heaven to destroy the people, another angel asked

little time to celebrate those who do not have to die. Apparently he had the ability to see the spiritual body of people.

- 3 -

And so unfortunately I must say that to save humanity from destruction, we did not succeed, now it would be impossible to create in them a spiritual body, the time lost, the Apocalypse has begun. God warned us about two thousand years ago through John the Divine. For two thousand years, and with God's help humanity could choose the correct path of development have a crown of life, and together with Christ to live in the new Jerusalem. But the choice is already made, and the glory of God:

That will come soon, and my reward is with Me, to give every man according to his deeds (22/12).

I am the Alpha and the Omega, the beginning and end of the first and last (22-13).

Blessed are they that do his commandments, that they may have the right totree of life and enter the city gates (22-14).
