

Lifesaver

If you were treading water next to an ocean liner somewhere in the North Atlantic, and someone yelled, "Man overboard!", and threw you a lifesaver, you would do what you had to do to grab hold of it and cling to it while you were pulled in. There'd be no question about it.

The main difference between a person taking hold of a lifesaver and a person taking hold of the Life Savior, Jesus Christ, is recognizing the need for One or the other. 1

Right now, this little message, along with your heart in all honesty is crying out, "Man overboard!" to you (if you are without the Savior). Apart from Him, you are sinking in the North Atlantic, got tired legs, and hypothermia is setting in. Without the Savior, the bible says you are naked, lost, dead, blind, separated from God. If you're in doubt, use the 10 Commandments, God's perfect law, to see your imperfection. 2

<p>Even better, put yourself next to Jesus Christ and see how you fare. Realize that you fall way short of God's perfect and holy expectations and requirements. Then, put your life and hope and trust and faith in Jesus Christ, the only One Who kept the law to the t.</p> <p>He is the Lifesaver that was thrown overboard for you personally. 3</p>	<p>Don't reject Him. If you do, God will essentially honor your choice and you'll have all of eternity to regret it in hell. Yet, if you recieve Him, you'll have now and the rest of eternity to know the One "...Who loved you and gave Himself for you." (Gal 2:20)</p> <p>Don't waste anymore time. Your legs have been treading long enough, and it's a fact that people don't always sense hypothermia setting in. 4</p>	<p>Receive, by faith, Christ Jesus and experience salvation (rescue, wholeness, forgiveness, healing, prosperity, deliverance, pardon, dismissal) this very moment.</p> <p>It'll be the most important decision a person could ever make!</p> <p>(Rom 10:9, Jn 1:12, Jn 10:10, Eph 2:1) 5</p>
CUT--HERE
