Annotation

The following study of Revelation of Saint John the Divine is not a theological composition. I am not a clergyman but an ordinary layman who cares for the future of the mankind. I won't expound or analyze other Interpretations of Apocalypse for the reason that I haven't even read them in order not to be influenced by them. Only after I had finished my version of interpretation, I perfunctory got acquainted with two interpretations. I agree with people who tell that the thorough and accurate interpretation may be made after the completion of all the prophecy. As it was predicted by the accomplished economists of the world, the economic crisis began in 2008; the current events showed that it was not a crisis but irreversible decrease of economy for all the countries worldwide.

In the article on the four horses represented in the drawing 2, it is shown that the mankind is moving to the destructive formation Armageddon and undoubtedly it is considered as the beginning of Apocalypse. At the same time it becomes obvious that it is the history of the mankind since the beginning up to the triumphal end. Even though the events written in the Revelation have not taken place but are just starting so I have decided to try decoding.

American geneticist Dean Hamer experimentally proved that all those who believe in God have the gene VMAT2. It means that religion exists in our brains. And when God created the people, He connected them with Him forever for He knew that people without His guidance would die: they would destroy themselves and this is happening now. First, God with the help of Seraph created an image of worship and according to the development of the human consciousness – polytheism, and finally, the One God for all the humanity. The main aim of my work is to identify the forthcoming terrible events and warn people to take drastic measures for their salvation. I have tried to connect the text of Apocalypse with the civilization processes. The book sealed with seven seals is kept in His right hand who is sitting on the throne and all the history of mankind is written in that book. I am going to explain the reason why God, in the Revelation of St. John the Divine shows the horseman on many-colored horses and who are the horseman and the horses. Recently it has become known that the humanity passed the seven economic formations in its development and at present it is in the last seventh formation of the human history. In the article, the seven economic formations are presented in the image of many-colored horses and humanity – in the image of the horsemen. In the Revelation the sum of all the seven economic formations is represented in the image of the devil with seven heads. In the seventh chapter each head corresponds with one formation. The presence of the seven diadems on the dragon's heads means that the mankind has already moved to the seventh formation Armageddon.

In the seventh chapter angel has sealed the servants of God upon their foreheads. In the decoding of the eighth chapter I have described the ecological

catastrophes taking place on earth as the results of rash activities of the people-beasts; in the ninth chapter the third World war is predicted. In the tenth chapter God, in the image of an angel, appeared to John and gave him (his soul) the book of Apocalypse sealed off from the seven seals to transfer it to all the Christian Churches. In the eleventh chapter God has granted the Christian world with the two of His witnesses - the Tetraevangelion and church of clergy. Furious crowd of the nations (heathen world) of the great city prohibits their preaching and when they have finished giving testimony God replaces them by the other evangelists and clergy who are stronger and unconquerable. On those days when the seventh angel sounds his trumpet, the mystery of God will be accomplished, as He has announced to his servants - the prophets. And the Great day of His wrath came. The temple of God in Heaven was opened, and "there were flashes of lightning, voices, peals of thunder, an earthquake, and heavy hail" and the whole universe saw the Judgment day in Heaven. God passed judgment on the souls of the dead and living nations who destroyed the Holy city – the Christian world for two thousand years. In the twelfth chapter the woman is clothed with the sun, the moon is under her feet and upon her head is a crown of twelve stars – the new Church of Christ with twelve apostles serving in the Church. The man child who is brought forth by the woman is the Holy Spirit. He is to help the twelve apostles of that Church to write a new Gospel – Gospel according to the twelve who with the help of the two lampstands will rule all the nations with rod of iron. The red dragon, having seven heads and ten horns, and seven crowns upon his heads wants to consume the child. I'll explain who is the devil and beasts for they are going to destroy all the mankind.

Devil: And other sign appeared in heaven: an enormous red dragon with seven heads and ten horns and seven diadems on his heads. The seven-headed dragon fell down from heaven. It is the sum of all the seven economic formations; each head corresponds with one formation. The presence of the seven diadems on the dragon's heads means that the mankind has already moved to the seventh formation Armageddon and has been formatted as civilization. The red color of dragon means that all the seven formations have been accompanied by the bloody events taking away the lives of hundreds of million of people. Devil – the most evil, is above the understanding of the mankind. He can be everywhere, invisible, but invariably insidious, cruel and merciless. He is not materialist; he is the fear and horror in the consciousness of the mankind and opposes the feeling of kindness. I think that these two feelings have been placed in a man by God and during his lifetime there is a fierce struggle between these two feelings for overcoming the human consciousness.

First beast: And I saw a beast rising out of the sea, with ten horns and seven heads, with ten diadems upon its horns and a blasphemous name upon its heads. The name of the seven-headed beast-killer is death and the ten horns with diadems, as we have already mentioned, symbolize the states possessing nuclear weapons for mass destruction. The beast-killer, being under the human consciousness, has existed since the times of the primitive communal formation which was killing during the time of the slaveholding formation when the states were under

development. The name of the fourth horseman is death: during the period of capitalist, socialist and globalization formation, the beast has become more atrocious and besides the small wars of local character, he made the two World wars and during all these wars about hundred million of people were killed in the twentieth century. At present he is going to destroy all the mankind.

Second beast: Then John saw another beast which rose out of the earth; i.e. from hell: he had two horns like a lamb and he made all the mankind bow down before the first beast. The second beast is the scientific-technical progress, which along with the first beast have begun creating the highly developed civilization at the beginning of the twentieth century.

Devil-civilization gave all its power and authority to the capitalist society. Henceforth, the beast-killer with the help of the second beast will rule the world for a short while. The capitalist system and scientific and technical progress in the image economic crisis will direct the mankind to inevitable death. In the fourteenth chapter John saw the Son of Man sitting on the cloud and He had a golden crown upon His head. He threw down his sickle to the earth and pressed the ripen crop. These implies that all the people becoming righteous and not having a mark of the beast on their foreheads or on their hands, henceforth, belong to the Son of Man. And after receiving the crown of life from Him, will go to the Kingdom of Heaven with Him as far as I understand to the parallel universe.

And another angel came out of the temple with the sharp sickle and threw it down to the earth. He cut the grapes and threw the great whetstone of God's wrath. It implies that people-beasts will remain in material world and they will again pass a long path of spiritual development in order to become righteous and worthy to walk with Jesus Christ dressed in white. In the chapters 8 and 16, John the Divine describes the ecological catastrophes through symbols which will happen as a result of the culpable and rash activities by the people-beasts towards the nature – raising genetically modifying plants, artificial earthquakes causing volcanic eruptions, fires and atmospheric emissions of the products of combustion in factories; though it is paradoxical, even the diminution and extinction of the melliferous bees may result in the number of people on the planet up to their disappearance and no one knows what new catastrophes may happen in the future. Following the blowing of the fifth trumpet, parallel in the chapter 16, the angel poured his bowl on the throne of the beast - the mankind is being attacked by the intractable illness conditioned by virus diseases as well as a cold war begins between the nuclear powers. Following the blowing of the sixth trumpet and pouring the sixth bowl the third World war begins using the general, nuclear, bacteriological and chemical weapon. When the angel poured his bowl on the great river Euphrates, the time was stopped and our Lord Jesus Christ gathered all the alive and dead in the place Armageddon for the Judgment of God. Following the blowing of the seventh trumpet the seventh angel poured his bowl into the air, and the mystery of God fulfilled as He had promised to His servants – the prophets. Like in the eighth chapter in the sixteenth chapter also the judgment on the alive and dead is made in Heaven a loud voice from the temple in Heaven is heard saying, fulfilled. The woman is the great harlot or Babylon the great, she is the

great city reigning over the earthly kings and sitting upon many waters; she is Capitalism existing in all the economic formations. The basic law of capitalism is the exploitation of people by people. Capitalism is the greatest evil and it leads the humanity to wars and ecological catastrophes. All the countries of the universe give their power and authority to Capitalism which will fight against the Lamb and the latter will hold victory over Capitalism. The nations will hate Capitalism which destroys and demolishes for the blood of the prophets, saints and all those who were kill, is found in Capitalism. In the chapter twelve we were the witnesses of the male child's birth – the Holy Spirit who was to rule all the nations with rod of iron. In the chapter nineteen we see this child already grown-up and He is sitting upon the white horse. He is King of kings and Lord of lords. The sharp sword coming out of His mouth symbolizes "The Word of God" with which He smites the nations and rules them with a rod of iron. And the armies of heaven, following Him on white horses are the Commandments of Jesus. So, He is the real author of the New Testament according to the twelve Apostles and the twelve Apostles, inspired by Him, will write the Gospel according to the twelve. *And I saw the beast and the kings of the earth with their armies gathered to make war against him who sits upon the horse and against his army. And the beast was captured, and with it the false prophet who in its presence had worked the signs by which he deceived those who had received the mark of the beast and those who worshiped its image. These two were thrown alive into the lake of fire that burns with sulphur. And the rest were slain by the sword of him who sits upon the horse, the sword that issues from his mouth; and all the birds were gorged with their flesh. (Revelation 19-19, 20, 21).* John beholds civilization, the science and technique, the head of the states and the political figures fighting against the Christian religion. However, the Christian world will rise and will give the death stroke to it. All the people-beasts apart from the humanity will be left in the satanic world and the history of the mankind will be repeated. After thousand years the people-beasts, remaining on Earth – in the materialistic world which is a lake of fire burning sulphur, will create human civilization again, there will be a devil and beast and again during the human history the righteous man defeating the devil and beast will go to Heaven of Jesus Christ – the parallel universe. In the Revelation there is a great struggle between the good and evil and for the final victory of the Christian religion. This struggle in the more developed form will be found in the new Gospel by the twelve Apostles of Christ. This war is the outcome of the development and perfection of the individuality, as far as I understood – the human soul which is the main aim of the divine activities in the materialistic world.

"Blessed is the reader, the listener and the follower of this prophecy for the time is close". Blessed is the one who reads the Revelation of St. John the Divine, who through his life, deeds and devotion prepares himself for the eternity for it is close for each of us. The main aim for me is to study those chapters of Apocalypse which were necessary to be decoded and whether I was a success or not, you have to judge and if it is not difficult, please write me your comments.
Respectfully yours Manfred.

Remain Faithful until Death and I Will Grant You the Crown of Life

In my first article entitled “The Mystery of Four Horsemen of the Apocalypses” I decoded 1-8 of the 6th chapter of the whole history of formation, development and the upcoming death of the human society. In my second article entitled “The role of the Seraphs, Cherubs and Apocalyptical Beasts in the Formation of Religion” I showed that God realizes the tie with the mankind with the help of four quite weird animals, which are rather close to him and which are spiritual and religious high-ranking figures which are able to speak human language and communicate with the mankind.

When I wanted to continue the decoding and read the Revelation again I felt a bit scary thinking what will happen if all these events come true. If it is true then on what basis and what is our fault before our God, is everything so serious? Let us analyze the state of affairs. When pondering, we may see that after the creation of all conditions for ecological disasters on our beautiful planet we have already entered the phase of self-destruction in the deepest sense of the word. In the description of the Apocalypses of the John the Evangelist about the death of the civilization and all the mankind the reasons of destruction of inhabitants of our planet should also be mentioned.

In this article I will examine the message of the seven churches of the Asia as a letter sent to the next generations approximately two thousand years ago so that people could learn the reason of the death of civilization.

This unique message contains true spirit of Christianity in times when the Christianity was just developing. Now we have an opportunity to compare and learn how much we have advanced in our religious feelings during these two thousand years and how much we have resembled the Christ. This fact is quite significant. The events which are dangerous in the apocalypses i.e. the death of the civilization, should be substantiated so that people could know that they are to blame for the upcoming death of the civilization and could turn to God for repentance. God is merciful and has once loved us and if we repent our horrible sins, maybe God will forgive us and the Apocalypses will not happen, though currently everything leads to it.

And what were the sins peculiar to the Christian in times of John the Evangelist, about which, with Jesus Christ’s demand, John has to write in his letter to them.

1. Ephesus - left his first love
2. Smyrna –
3. Pergamum – doctrine of Balaam
4. Thyatira – allows Jezebel
5. Sardis – the dead church
6. Philadelphia-
7. Laodicea - So, because you are lukewarm, and neither hot nor cold

1. Speaking about the first love Jesus meant the love, which the faithful had for the Christian faith when the Church of Ephesus was opened. Later on, apparently that love has slightly faded as a result of which the “light was shifted”.
2. The Church of Smyrna was the Christ’s Church, the church of martyrs
3. Pergamum was the center of satanic worship. And the Christ said "I know where you live—where Satan has his throne." The followers of Balaam committed sexual sin and ate the food sacrificed to the idols. The Nicolaitanes has preached concord with the paganism and led a half-heathen way of life.
4. The Christ says: “But I have this complaint against you. You are permitting that woman--that Jezebel who calls herself a prophet--to lead my servants astray. She teaches them to commit sexual sin and to eat food offered to idols.”
5. The dead Church: denunciation of the Church of Sardis proclaimed by God stated that everything is dead there and consequently the faith exists there only as a word. In the Church of Sardis there were people who were unworthy of walking in white clothes along with the Christ.
6. The Church of Philadelphia was the Christ’s church i.e. the church of martyrs.
7. It’s lukewarm neither cold nor warm. Hot Christians, the ones who are neither against nor for God, want to love the world and God simultaneously.

Except the fact that we must not belong to one of these churches we ought to know and follow Christ’s commandments. So let’s click on the following title “Christ’s commandments” and learn what the modern Christian and man in general should be like. As overwhelming majority of mankind I have never thought of it. Most people are not religious though all of them go to the church and light a candle thinking that it is the duty of a real Christian. What a delusion! Even the survey amongst the Israelis proved that fact because the major part of them answered that they are not religious. To my shame, I must confess that when I have recently learnt Christ’s commandments I realized that Jesus knocks at my door and I don’t hear him although my love for Him is endless. It really sounds disheartening but I came to a conclusion that overwhelming majority of mankind belongs to the church of Laodicea regardless of his/her denomination. However, I don’t consider that it is the reason to demolish the mankind. Yet I may be wrong.

“Be ye therefore perfect, even as Your Father which is in heaven is perfect”.
Matthew 5:48

I don’t think that it is possible to wish and become as perfect as our Father in heaven is in order to get to the Kingdom of Heaven. The mankind must achieve this for centuries, millenniums or it may generally be impossible like it is impracticable to follow the Christ’s commandments throughout the lifetime. We may only strive for that and treat that as a wonderful and impossible dream. They told the Jesus about it and He answered: “...for nothing is impossible with God”

Mark 9:23

There is one more thing that I want to understand. When creating Adam and Eve our great grandfather and grandmother, did God inspire them with religious feeling? i.e. I want to know whether people were initially religious. I came to a conclusion asking myself in which part of the development of human society the religion appeared in human consciousness. It is not difficult to presume that there is an answer to that question as when creating Adam and Eve God set religious centers in their brains and its existence is still confirmed.

Recent investigations of “God Spot” by Jordan Grafman published in the Proceedings of the National Academy of Sciences showed that some brain regions are activated by religious beliefs: one of them is on frontal lobe, which is well developed in people, and the other one is in a more evolutionally retarded part of the brain, which is more analogous to monkeys and other primates. This data proves that the brain developed in order to be sensitive for all kinds of beliefs, which enhances chances for survival and shows that the brain, in essence, is sensitive to belief if there is a basis for that. Michael Persinger, from Laurentian University of Ontario discovered that the brain may artificially create religious feelings in eighty percent of volunteers.

Studying the DNA of more than two thousand volunteers, Dean Hammer discovered that VMAT2 Gene was significantly more common among people who believed in a higher spiritual being. It turns out that besides religious centers the Creator endowed the human being with genes. It means that religion is integrated in our brain. When God created the man He linked the man to Him knowing that man can't do without His leadership, they may destroy themselves which is currently happening.

What can we do? Each of us must himself find an answer to this eternal question. On one hand we have Christ's commandments (crown of life); on the other hand we face the apocalypses (Gehenna). You are free to choose between them. God bless you!

I decoded the apocalypses up to the part which became true: i.e. up to the chapter 6-8.

I looked and there before me was a pale horse! Its rider was named Death, and Hades was following close behind him. They were given power over a fourth of the earth to kill by sword, famine and plague, and by the wild beasts of the earth. (Revelation 6:7-8 NIV)

Main weapon for diminishing the quantity of civilization on the earth for one quarter are foodstuffs which contain genetically modified organisms, which may reduce the birth rate and may cause ecological disturbance and other ecological problems which may occur in future.

Prophecy of the apocalypses were written for the understanding the events described and foreseen in them. Thus, it is not surprising that very often the authors, who introduced prophet books into the Bible, did not understand the meaning and significance of their prophets. Both Daniel and John the Evangelist write about it (Dan. 7:15, 16, 19, 28; 12:8, Rev. 17: 6, 7). So there is no need to try to find ways among the standard concepts of the ancient world. However, the reader should not be surprised at the interpretation of ancient prophecies in the scope of modern notions. The author of all prophesies is God Himself, isn't He? And for Him it is as easy to speak of the future as of the past.

The Role of Seraphs, Cherubs and Apocalyptic Beasts in the Formation of Religion

When God created Adam and Eve and the whole mankind He loved them so much that he was not satisfied merely with their creation and decided never to lose its tie with the mankind, that's why we always feel God's presence in our life. Certainly, this is a mutual love and we have an endless love for God and we keep the tie with Him with the help of the religion which God granted the mankind Himself. At first God created idolatry for the mankind, later according to the development of human consciousness polytheism was created and at last one God was created for all mankind. And what does it mean that close to God there are creatures that created and spread religion among the people implementing permanent contact with our God.

God's prophets Isaiah, Ezekiel as well as John the Evangelist saw and told us about the surroundings of God. According to the tales of these prophets, some weird and unusual animals are in direct contact with God and it may seem surprising but only after them there are 24 enthroned elders who carry golden crowns on their heads.

These animals are seraphs and since they are close to God we consider them the highest spiritual creatures as described in the divine hierarchy, occupying the first place. Seraphs standing around God's throne have seen the prophet Isaiah for the first time in their visions and apparently these visions were more than one that's why their quantity is not mentioned.

Above him stood the seraphim: Each had six wings: with two he covered his face, and with two he covered his feet, and with two he flew. "Holy, holy, holy is the Lord of Hosts; the whole earth is full of His glory!" Isaiah 6:2

It may seem surprising but people have always kept contact with God with the help of seraphs, without even knowing about it. They represent the religion and it was the prophet Isaiah who saw them first. This should not embarrass us since we belong to the fauna as well. With the help of Seraphs, the mankind acquired a great religious experience during the thousands years of its history. The words of Isaiah, when Seraphim remits his sins, serve as a proof for the fact that Seraphs are religious figures or we may even call them angels.

Woe to me!" I cried. "I am ruined! For I am a man of unclean lips, and I live among a people of unclean lips, and my eyes have seen the King, the LORD Almighty: Then one of the seraphs flew to me with a live coal in his hand, which he had taken with tongs from the altar. With it he touched my mouth and said, "See, this has touched your lips; your guilt is taken away and your sin atoned for." Isaiah 6:5-7

As we see, Seraphim remits sins of the prophet Isaiah and this serves as a proof that the Seraphs are high-ranking religious figures who have the right even to remit sins of God's prophets. If prophet Isaiah in his visions moved to the times of primordial social economic system, then in times of Ezekiel out of four modern great religions only Hinduism existed, while out of three other religions Buddhism was in the process of formation. The Christianity and the Islam were in God's plans and only the prophets presumed that.

Prophet Ezekiel had quite another vision. He saw humanlike creatures which resembled the Seraphs with four wings (two wings on the belly), with hoofs as well as with two hands and four faces (on the left side with the face of calf and eagle, and on the right side with the face of a man and a lion). The means of conveyance for them was procession and the flight.

It is not difficult to presume that the vision was seen in times of slaveholding economic system i.e. is times of these prophets. The animals were called Cherubs, which in Christianity is the second English rank after the Seraphs. We can find some records about them in the Old Testament and in the Apocalypses. Since I am for the fact that the animals which surround God are religious figures then most supposedly Cherubs are the aggregate of all four major religions in its first stages (calf, eagle, lion and the man), where the lion is the on the right side with the man and the calf is on the left with the eagle.

The prophet John the Evangelist, who lived in the first century, yet two thousand years ago in his visions of Apocalypses saw after the expansion of the cherubs, already decomposed animals which looked like Seraphs, but only with faces like of calf, lion, eagle and man. And it means that these religions having common basis were formed and function independently. Here is the number of followers of these religions:

Christianity - 2.3 billion
Muslim – 1.3 billion
Hinduism - 900 million
Buddhism – 360 million

I will not mention which religion matches which animal, I don't even know that and I am inclined to think that all features of these animals are common for all religions as they all are created by Almighty God. My target is that adherents of one religion should not classify other religions as heathenism, heretical or as sectarians, or to reconcile the followers of these four religions. People must know that all these four religions as well as the former ones: magic, totemism, fetishism and other beliefs were created by God with the help of Seraphs. I am certain the Creator wants to see that. I am also convinced that if we lose contact with God, which is already happening due to the level of scientific and technological development, then the existence of mankind will soon come to an end. Instead of worshipping God, people started to deny him gradually and to fetish golden, silver, cooper and wooden things which can neither see, nor hear nor walk.

May God bless you forever and ever!

The Mystery of the Four Horsemen of the Apocalypse John the Evangelist

The whole course of formation and development of human society shows that scientific and technical progress generates a time-varying scientific economic system and the alterations of social systems are the result of scientific and technical progress. To foresee the future we need to study the past well. Therefore, let us examine briefly all the economic systems which the mankind passed throughout its evolution and compare them with the Apocalypse of John the Evangelist.

1. Primitive communal system of economic formation: 40 thousand years ago supremacy of primitive communal system was set in. People started to lead a sedentary life-style and live in caves and in wooden houses and in future they learnt also to build houses of stone. Over the period of millennium, people started to prepare tools and instruments of labor, to raise cereals and develop cattle-breeding. Single families were formed and communities started to decompose gradually. This structure existed for 35 centuries, until 3000 BC.

6:1. And I saw that the Lamb had opened one of the seven seals: and I heard one of the four living creatures, as it were the voice of thunder, saying: Come and see.

6:2. And I saw: and behold a white horse, and he that sat on him had a bow, and there was a crown given him, and he went forth conquering that he might conquer.

Here the mankind is considered to be a horseman and the horse stands for a social economic system. Therefore, for mastering the earth the horseman carries a crown. The horseman i.e. the mankind in times of communal system could not produce weapons of metal that is why the horseman had only a bow which he used during the hunting. Human beings did not kill each other then. In the mythological sense the bow is associated with Yin (femininity). And the white horse is the symbol of mankind's victory over the nature. The Divine idea came true; the human consciousness passed along path of development and in the meantime the descendants of mankind became the owners of the earth.

2. Slaveholding economic system. At the end of the 4th century and at the beginning of the 3rd century BC, the primitive communal system stopped to exist as slaveholding

communities and states came into existence. Significant changes were made on the level of development of productive forces. The most significant change in the field of material culture of mankind was the developing of metals like gold, copper, silver, lead, tin, and since the 14th century BC iron has been developed. The pace of development of class societies was incomparably rapid than the pace of development of primitive society. This system existed till the 6th century AD, for approximately 35 centuries.

6:3. And when he had opened the second seal, I heard the second living creature saying: Come and see.

6:4. And there went out another horse that was red. And to him that sat thereon, it was given that he should take peace from the earth: and that they should kill one another. And a great sword was given to him.

The horseman i.e. the mankind in time of slaveholding system conducted bloody wars and therefore for displaying the situation the rider of the red horse was given a sword. The onset of private property led to the decomposition of primitive system and to the dissociation of the clan along with man's exploitation of man. However, the most ancient

were the headstrong wars, which were conducted first between the tribes and later by separate states. Red is the most aggressive color which symbolizes blood, anger, fire, feelings, wounds, as well as war, bloodshed, threat, revolution, death and vice. Therefore, the slaveholding economic system is expressed in the form of a red horse.

3. Feudal economic system. The 4th -6th centuries AD are considered the period of decomposition of slaveholding system as feudal system started to develop in the world. At the end of the 10th century, the period of development of feudalism came to an end i.e. the whole world was in the hands of the feudal. This system existed for approximately 14 centuries, till the 19th century.

6:5. And when he had opened the third seal, I heard the third living creature saying: Come and see. And behold a black horse. And he that sat on him had a pair of scales in his hand.

6:6. And I heard, as it were a voice in the midst of the four living creatures, saying: Two pounds of wheat for a penny, and thrice two pounds of barley for a penny: and see thou hurt not the wine and the oil.

The process of transition to the feudal system was relatively quiet. In Christianity the black color symbolizes sorrow, grief and mourning, while in the East this color is considered a symbol of good, purity and perfection. More significant meanings of the black color are nonexistence, death, chaos and destruction. After the bloody battles conducted in times of slaveholding system, relative calmness was set in. The aim of those battles which lasted several thousand years was to establish countries/states.

In times of feudal system exploitation of man by man and the wars between the states to capture the territories continued as well, which explains the black color of the horse as a symbol of feudal system. Since ancient times the balm has been considered to be a healing substance. Yet in Old Testament times the balm was the symbol of bliss, joy and reanimation. The balm, which is the olive oil, was the symbol of strength. As for the wine, it has been the symbol of joy and sanctity since ancient times. The grain is a symbol of the birth, fertility and abundance. The barley in the culture of the Near East was the symbol of fertility and life after death. The measure for quantity of grain in the hands of the horseman symbolizes a peaceful life.

4. Capitalist economic system: By the seventies of the 19th century, capitalism was established in the majority of European countries, in the USA and in Japan i.e. the world capitalist system was established. The transition to imperialism was at the turn of 19th and 20th centuries. In the main capitalistic countries supremacy of monopoly was overwhelmed and productive forces rapidly developed as a result of well-known achievements of science and technology. This formation exists up to date (for 1.4 century).

6:7. And when he had opened the fourth seal, I heard the voice of the fourth living creature saying: Come and see.

6:8. And behold a pale horse: and he that sat upon him, his name was Death. And hell followed him. And power was given to him over the four parts of the earth, to kill with sword, with famine and with death and with the beasts of the earth.

5. Socialist economic system:

In the last quarter of the 19th century Marxism conquered harmony in the international labor movement. Socialism is the phase of establishment and development of socialist system, for the first time conditions are created for the unlimited progress of mankind on the basis of elimination of social inequality and rapid development of productive powers. The Communist Party of China assumed the program of struggle for establishment on all fronts of social moderation. Reforms were made in the economy, in the administrative structures as well as in judicial system. The economy of China has

so much been developed that, as I have already mentioned a part of the external debt of the USA though small, belongs to China. Economic system with non-trade economy has existed since the first quarter of the 20th century, i.e. for 90 years, since the time of formation modern China and of the USSR, which does not exist now.

6. Globalization economic sistem:

This system created cooperation between production of different countries, and lead to the establishment of united world market system and to the united bank system throughout the world. However, even at the beginning of its formation, the instability

in the world economy started to strengthen and uneven development was deepened. Although globalization was formed decades ago, a unique social-economic system was not formed in the world as socialism was preserved in China; a country which has 1.3 billion of population and also in other countries which develop rapidly as a result of planned production which is the basis of socialist system. Globalization under the conditions of capitalism reduced to the world capitalisms and crisis on the exchange. Currently, unpredictable financial catastrophes are shaping conditioned with the unsteadiness in the financial systems and the specialists are unable to explain the ongoing processes. The absence of prediction by the specialists may serve as a proof for it. The system of globalization has existed for four decades. The giant financial pyramid created as a result of globalization turned into a soap bubble and collapsed.

7. Formation Armageddon:

During this formation the ecological system of the planet and everything created by the humanity is being destroyed.

6:9. And when he had opened the fifth seal, I saw under the altar the souls of them that were slain for the word of God and for the testimony which they held.

6:10. And they cried with a loud voice, saying: How long, O Lord (Holy and True), dost thou not judge and revenge our blood on them that dwell on the earth?

6:11. And white robes were given to every one of them one; And it was said to them that they should rest for a little time till their fellow servants and their brethren, who are to be slain even as they, should be filled up.

6:12. And I saw, when he had opened the sixth seal: and behold there was a great earthquake. And the sun became black as sackcloth of hair: and the whole moon became as blood.

6:13. And the stars from heaven fell upon the earth, as the fig tree casteth its green figs when it is shaken by a great wind.

6:14. And the heaven departed as a book folded up. And every mountain, and the islands, were moved out of their places.

6:15. And the kings of the earth and the princes and tribunes and the rich and the strong and every bondman and every freeman hid themselves in the dens and in the rocks of mountains:

6:16. And they say to the mountains and the rocks: Fall upon us and hide us from the face of him that sitteth upon the throne and from the wrath of the Lamb.

6:17. For the great day of their wrath is come. And who shall be able to stand?

As we have already mentioned, the horseman is a symbol of the mankind and he is the same on all horses, however a name is given to the last i.e. to the fourth horseman. John calls it a death. In times of economic formations of capitalism, socialism and globalization, which exist simultaneously, mortal threat menaces the mankind. The pale horse which is the symbol of this formation is of special interest. The color of the last horseman is considered to be "pale"; however the interpretations like "ashy", "pale green" or "yellow-green" are also quite possible. The color of the three horses is accordingly white, red and black, while the fourth horse is multicolored which means that several economic systems exist simultaneously. The multicolored horse corresponds to the systems of capitalism, socialism and globalization, which came into existence almost at the same time. So, the "triumphal" procession of the horsemen in the history of the mankind comes to an end in the most despondent way. After the withdrawal of the seventh seal John sees what will happen in the negative part of the coordinate (see below), where the next system gets a negative meaning and everything created by the mankind destroys. The extermination of the fourth part of the mankind and the whole mankind in future as well, may apparently happen because of global climate changes, genetic structure of elements of the fauna and flora surrounding us, the finest variant of which was chosen by the Creator, as well as because of the use of weapons of mass destruction. However, this is still going to happen if the mankind does not turn to God.

And now upon the aforementioned statement, let us define at least the approximate time of the apocalypse. Let us look graphical curved processes of development of human society using the data mentioned below:

1. Primitive communal system of economic structure - 350 centuries (from 38000 to 3000 BC)
2. Slaveholding system - 35 centuries (from 3000 BC to 500 BC)
3. Feudal System - 14 centuries (from 500 to 1870 years)
4. Capitalist system - 1,4 centuries (from 1870 to 2008)
5. Socialist system - 0.9 centuries (from 1917 to 2008)
6. Globalization system- 0.4 centuries (from 1970 to 2008)
7. Armageddon - (from 2008 -)

For creating a graphic, let us take the time and the scientific and technical progress as a coordinates. As we may notice, the time is an absolute value and has dimensions while scientific and technical process has no dimensions and this allows us to make a quantitative and not a qualitative analysis.

The primary period before the capitalist system:

scientific and technical progress was developing too slowly by linear law and so we will form the graphic under the optional angle to the abscissa and we will stop on point d (see picture 1). The last one third of the 19th century and the beginning of the 20th

century were marked by effusive transition growth of productive forces, by numerous achievements in the spheres of science and technology, not to speak of achievements of today. That is why it is accepted that scientific and technical progress in the capitalistic society develops in accordance with the law of exponential growth

$$Y=e^x$$

Let us look at the curved line L of this function, taking as a datum the coordinate of the point d (see picture 1). On the coordinate curve of the abscissa (picture 1) erecting perpendiculars from the points D, E, F on the points of intersection d, e, f, with curved line L, we will have the origins of systems of capitalism, socialism and globalization. Now let us look at the graphic from the points d, e, f, the curved 1, 2, 3 by the curved line L to the point g, i.e. to the year of 2008 when the unpredictable financial catastrophe happened. We may look at the graphic from another side taking the point t' as an abscissa of the year of the onset of economic system, and the point t'' as a coordinate of duration of economic system (see picture 2). On this graphic we view the part where the last three systems appear as in this case the rest three are of no interest.

On picture 2 it is seen that the formation of globalization has fully reached the abscissa.

Combining the tops of the points in the range of the lines 1, 2, 3 with the straight line and continuing up to the line of the abscissa t' , let us cross it in the range of approximately 2008-2010 years, which shows that the worst had already happened, and that the formation of globalization came to an end without starting. Humanity is moving to the destructive, seventh formation Armageddon. Apocalypse, of which Christians say two thousand years, since 2008 quietly began.

The Kingdom of Heaven of the Jesus Christ

As I have already understood, religion must accompany all people from the moment of their birth up to the end of life. It is what God and all four Seraphs wish, heavenly manifestations of religion which may develop religious consciousness among the mankind.

As we see from the description of the prophets God was surrounded not by physicist, mathematicians, chemists or other scientists but by Seraphs, crowned elders, angles and other religious figures. It turns out that a special form of the world consciousness is religion and not the science.

It is obvious, that in human consciousness capitalistic system creates priorities for material values and the religion gradually fades away in human consciousness.

The quick "progress" of capitalistic system as compared with former economic formations led the mankind to the quick transition of economic system and to the

upcoming destruction of civilization. Science as well as scientific and technical progress in human society contradicts the second commandment of our Lord.

You shall not make for yourself any carved image, or any likeness of anything that is in heaven above, or that is in the earth beneath, or that is in the water under the earth; you shall not bow down to them nor serve them. For I, the Lord your God, am a jealous God, visiting the iniquity of the fathers on the children to the third and fourth generations of those who hate me, but showing mercy to thousands, to those who love Me and keep My commandments.

Throughout the whole history of the “development” of human society, religion has been in the second place and has been performing a secondary role or it was even used for developing the relations which led to the upcoming death of the civilization.

So we came to a conclusion that the civilization was not developed according to the direction planned by God. Denying the priority of religion in the development of human society, the mankind has denied not only the religion but also God, condemning them to death. And when we realized it knowing that we will endure this frightful ordeal which is called Armageddon, how can we change the mankind how can we make them more religious, is this enough to prevent the civilization from annihilation and save the mankind.

It seems to me that we have a way out, which is hidden in the conversation between the Christ and Nicodemus

5. Jesus answered and said unto him, Verily, verily, I say unto thee, Except a man be born again, he cannot see the kingdom of God.

6. Flesh gives birth to flesh, but the Spirit gives birth to spirit.

You cannot imagine what a sense of relief I feel now. We have a way out.

So we must do so that people could be born from spirit too i.e. people should have also spiritual body. It means that within ourselves there is or it starts to create a germ of spiritual body, which in special conditions creates its spiritual body with the help of Seraphs and with the effort of the person himself. We can achieve it if we follow all the commandments of the Lord living among the human beings. With the lapse of time after the man's death, this invisible spiritual body will leave the physical body and will start to function individually. It will be a holy and true divine spirit. Indeed, we can achieve this only if we strongly follow the Christ's commandments during all our life. Such person can walk on the water, can move in the air, heal diseases or read other's thoughts as well as do many other things without taking into account the physical laws of the world around. There are many examples that prove this, we all know that the Apostle Peter could walk on the water, the Apostle John described the whole history of the civilization up to its sorrowful death they could heal people. I think you already imagine what the true Christian of the 21st century and the civilization will be like then. It means God considered that yet in times of Christ the mankind was ready to become what His

son is. However, few people could achieve that throughout the history of the mankind and they may happen to live in different places. They are so few in number that we may even not know who they are and such people would never publicize themselves and may live in different countries and be the followers of different religions. Basically, if the man is truly religious, he tries his best to follow Christ's commandments and considers the Christ his Savior and sooner or later during his lifetime his spiritual body will be formed. Whether it will be good or bad it will depend on life he spent.

After the death of the physical body this body will leave him and will exist individually and will receive the crown of life from the Christ and will live a life that none of us can ever imagine. The overwhelming majority of people on earth do not have spiritual body that is why they are condemned to death. That fact becomes obvious in the Apocalypses where the whole civilization dies. Only those whose names are in the book of life will stay alive: one hundred forty four thousand people out of all tribes of sons of Israel as well as people of different nationalities and religions, which were near God and about which John the Evangelist writes the following:

After this I looked and there before me was a great multitude that no one could count, from every nation, tribe, people and language, standing before the throne and in front of the Lamb. They were wearing white robes and were holding palm branches in their hands. Rev. 7:9

Spiritual body may be formed also among other people even if they are followers of other religions, if they live like a Christian not knowing the Christ's commandments. I was 55 when I first read the books of the New Testament and I have not even asked myself whether I want to become a Christian or no, because I understood that I have always lived my life like a true Christian. I think that the invisible spiritual body really exists. In the Apocalypses of John the Evangelist I read such lines when one of the angels of the death wanted to come to the earth to destroy the mankind and the other angel asked him to give time to separate those who must not die. Most apparently he had the ability to see the spiritual body of people.

Unfortunately we fail to save the mankind from death since it is impossible to create a spiritual body among them which was possible to perform with the help of God two thousand years ago. We missed our chance; Apocalypses has already taken roots. God has warned us about it yet two thousand years ago through John the Evangelist. During these two thousand years and with the help of God, the mankind could choose the right way of development and own the Crown of Life and live in New Jerusalem with the Christ. Spiritual development of mankind with the help of religion would approach us to the Divine Kingdom of Christ. With the help of religion people could create spiritual body and receiving the Crown of Life from the Christ, will move to the divine kingdom. The scientific and technical progress leaves us in this dark, cold and non-recognized universe, where for our material and sinful essence we will face the Apocalypses impermanent body,

everlasting dream and eternal oblivion by God. This is what we call hell I'd say that it is worse than the hell. However, the choice is already made and glory to God in the highest.

"Behold, I am coming soon! My reward is with me, and I will give to everyone according to what he has done. Rev 22:1.

I am the Alpha and the Omega, the First and the Last, the Beginning and the End Rev 22: 13

Blessed are they that do his commandments that they may have right to the tree of life, and may enter in through the gates into the city, Rev 22:14

Opening of the Fifth and Sixth Seals

On the picture 1 of the article on the four horsemen the line joining the beginning of the last three systems transverses the coordinated axis **X** and appears in the negative part of the ordinate **Y** in the zone where the mankind should be destroyed and annihilated, which I will conditionally call the system of Armageddon.

And when the lamb releases the fifth seal, John does not see the man galloping on the horse proudly (as it was in the opening of the first four seals) and under the altar he sees the souls of those who were killed for the word of God and for the testimony they had.

And they cried with a loud voice, saying, how long, O Lord, holy and true, do you not judge and avenge our blood on them that dwell on the earth? And white robes were given to every one of them; and it was said to them, that they should rest yet for a little season, until their fellow servants also and their brothers, that should be killed as they were, should be fulfilled. (Rev 6:10-11)

As we see, God gives white clothes to the innocently killed souls and equates them with saints. Thus, He shows that all these people were faithful to Him up to the end of their lives and that they had spiritual bodies of extraordinary hues and beauty and therefore they received the crown of life and will go with Him to the fairyland - to the Kingdom of the Jesus Christ.

And I beheld when he had opened the sixth seal, and, see, there was a great earthquake; and the sun became black as sackcloth of hair, and the moon became as blood; And the stars of heaven fell to the earth, even as a fig tree casts her untimely figs, when she is shaken of a mighty wind. (Rev. 6:12-13)

For Christians the sun is God-Father, the ruler and the guardian of the entire Universe who radiates the light and love. The Christ is the sun of the righteousness of God, the divine origin of a man. The sun is indestructible and immortal. In Christianity the sun becomes the symbol of God and the word of God that carries life. And the light is an idol, good as well as life and fullness of everyday life.

Clothed with the sun symbolizes the fact that the true Church shines with the light of the sun of righteousness (Rev. 12).

And suddenly instead of that kind of the sun, John sees the sun like sackcloth, dark and black. Among the Christians the black color is the symbol of darkness, of the underworld as well as of death, mourning, grief, humiliation, spiritual darkness, despair, corruption, emptiness, depravity, evil, disgrace, demoralization and collapse.

The moon is the symbol of life, blood, love, passion, freedom, dignity, fire, solemnity, abundance, renascence as well as night, immortality, occult power, changeability, woman, water and fertility. And John witnessed how the moon became a blood.

Red is the color of martyrs, enduring persecutions for religion (here the red color is the symbol of the blood they spilled). In Christianity this color simultaneously combines two diametrically opposite meanings. The first their group is the love of God, the fire of belief and the blood of the Christ. The second one is the violence, passion and carnal love. The second group of values has probably arisen because of the fact that the early Christians associated the wrath of God with the red color. All these negative features of life have already been established.

And the stars of heaven fell to the earth, even as a fig tree casts her untimely figs, when she is shaken of a mighty wind. (Rev. 6:13)

In ancient times the stars were considered sentient beings which really influenced on our world. So, the stars became synonyms for wisdom. Star is a man. Since ancient times, according to the superstitions each of us has his/her own star which becomes visible at the moment we are born and dies out when we pass away. The star is the attribute for inspiration, freedom, elevation, achievement of ambitions and revolution. The star means the presence of God, eternal and immortal supremacy as well as presence of the angel, the messenger of God, hope and the eye of the night. In Jewish cosmological structures, each star is guarded by an angel; galaxies are understood as cooperating groups of celestial spirits. For the most part, the stars were considered symbols of innumerability of Abraham's descendants.

"Falling stars", the portents of the end of the world... And currently, when a star falls from the sky at night people say that someone died. I didn't know that this expression reached us from ancient times.

The so called "falling of stars" has awakened in me depressing memories and I began to recall the stellar sky of the 80s of the past century. Thirty years ago night sky was a perfect sight and I was so much charmed by it that I could not take an eye off it. Because of the pollution of our planet the stars gradually disappeared from the field of view and currently there are neither stars nor standard atmosphere. Globalization has devoured everything.

And the heaven departed as a scroll when it is rolled together; and every mountain and island were moved out of their places. (Rev. 6:14)

Most apparently, soon something will happen to the atmosphere and the raising of water level in the oceans will be so high that the outlines of islands and continents will be changed.

And the kings of the earth, and the great men, and the rich men, and the chief captains, and the mighty men, and every slave, and every free man, hid themselves in the dens and in the rocks of the mountains. (Rev.6:15).

And said to the mountains and rocks, fall on us, and hide us from the face of him that sits on the throne, and from the wrath of the Lamb. (Rev.6:16).

For the great day of his wrath is come; and who shall be able to stand? (Rev. 6:17)

After the opening of the fifth and the sixth seal, it became obvious that separation of people on the righteous, slaves of God of the forehead there is a seal and on people who did not accept the Christ's sacrifice. They preferred eternal life to a moment of human life, where there are diseases, senilities, death and eternal oblivion. This separation is made for preparing the annihilation of atheists, which happens after the opening of the seventh seal, when almost the whole mankind is destroyed, as an unnecessary material for the life. Majority of people are also saved along with holy martyrs and slaves of God, who had seals on the foreheads. No one could cross those people of all tribes and nations and languages which stood before the throne and before the Lamb clothed in white robes with palm branches in their hands. These are the ones who came from the world-weariness and they washed their clothes and whitened them with the Holy Lamb's blood.

God, thy will be done.

Stephen Hawking, a well-known British astrophysicist calls upon the human race to get ready for living in the outer space otherwise collapse and extinction threatens the mankind. The British press reported about it on August 10th. As Hawking affirms resettlement to the outer space must be done during the coming 100 years as our planet will soon face with new wars, as well as with dangers like overpopulation and lack of natural resources.

“It will be difficult enough to avoid disaster on planet Earth in the next hundred years, let alone the next thousand, or million” says Hawking. According to him, our only chance of long term survival is not to remain inward looking on planet Earth, but to spread out into space. “We have made remarkable progress in the last hundred years. But if we want to continue beyond the next hundred years, our future is in space” states Hawking.

It is clear that Mr. Hawking does not accept the Christ's sacrifice. He is an Englishman but he does not even belong to the Anglican Church. He thinks that life in this cold, dark, inhospitable and unidentified space is better than in the Kingdom of the Jesus Christ. I am a physicist too, but my way of thinking, as you may already have noticed, is quite different. If things go on like this, the human

race will apparently die sooner than Mr. Hawking expects. We must not forget that scientific and technical progress as well as destruction and annihilation and its consequences propagate according to the linear and not the exponential law. And the total pollution of the atmosphere during the last 30 years serves as proof for that. The leaders of all countries must know that. Perhaps they know (as it is so easy that even I know) and knowing everything they let it down to invisible I would say satanic power which they cannot overcome in order to undertake any measures. I would call on to destroy all types of weapons in the world. Unfortunately, it is impossible like it is impracticable to turn time back or to reprieve the Apocalypses.

May God stay with us!

Opening of the Seventh Seal and Forthcoming Ecological Catastrophe

After the righteous men have received marks on their foreheads, the mankind will be divided into two groups: people who possess thin body and people who don't. People who do not have thin body will move to the animal group. Now we are going to follow the events which will take place. Following the opening of the seventh seal by the Lamb and half an hour silence, a magnificent view was opened before the Lamb. He saw seven angels before God, who were given seven tubes. And another angel came which placed many incenses with the prayers of all the saints on the golden altar and the smoke of the incense with the prayers raised from the altar.

And the angel taking the censer filled it with the fire of the altar, threw on the earth where there were voices and thunders, lightning and earthquakes. It was a sign testifying that God was displeased by the people-beasts who were objecting to His will and disturbing the arrangement of the Universe established by Him and the angels were ready to blow their trumpets.

The first angel blew his trumpet, and there followed hail and fire, mixed with blood, which fell on the earth; and a third of the earth was burnt up, and a third of the trees were burnt up, and all green grass was burnt up (Revelation 8-7).

Fire symbolizes the presence of God and the instrument of His power, used by Him as a means of assistance and punishment. It is considered as the key condition of the human civilization and is described as the death. In fact, Yahweh talking with people, always appears in the image of the fire; on the other hand, the fire is not the only symbol expressing the essence of the divinity: it is either combined with the opposite symbols like whiff, water, wind or is transformed into light.

The capitalist relations and globalization processes have brought irreversible events to the Earth atmosphere: the raise of the temperature and disturbance of the heat balance of the atmosphere, oceans and glaciers in the poles of the planet. Future growth of the temperature will result in the increase of fires of the local character, fires in the forests and fields occupying vast space of the Earth surface. And all these are the results of the rash activities by the people-beasts.

Blood like God protects the life, He has granted the blood and followed that the human blood remains intact. In our case hail has another meaning than it has in the Bible. Nowadays, swarm of micro particles are flying like the clouds above the earth, which are formed as a result of storms in deserts. They even color cumulonimbus clouds which latter sit on the earth along with raindrops and color the surroundings. As a result of high temperature, ice hails, under the high temperature can't be formed. The result of the colored rain – red or other colored particles are found in the rain water like suspension. Color is often like the color of blood. The first Christians associated the color of blood with red color and the phenomenon like the wrath of God. At present, these phenomena occur very seldom on earth, apparently in the future development of civilization, the air temperature will gradually raise by reason of the irreversible processes. Because of the greenhouse effect, the temperature of the earth coverage will raise more causing green grass and trees burn down. I got carried away and wrote extra details thinking that it would help to better understand the processes future taking place. The witness of all these – John the servant of God writes that the third part of the trees. The number three is one of the most positive numbers among the symbols, among the religious thoughts and mythology. Jesus Christ was resurrected on the third day after His death and appeared before people three times. Three whales are holding up the plane earth and they are swimming in the ocean. In the legend, the joint power of the three heroes symbolizes the three-part nature of the world (sky, earth and water) and in effect, the life of the human being: body, soul and spirit; birth, life and death. Each phenomenon passes through three phases of its development - origin, development, extermination. And finally, triad is found connected with the internal structure of the things: for example: the universe has three levels – heavenly, earthly and subterranean; traditionally in human being there are three components — spirit, soul and body. Therefore John the servant of God uses this symbol. The second angel blew his trumpet, and something like a great mountain, burning with fire, was thrown into the sea; and a third of the sea became blood, a third of the living creatures in the sea died, and a third of the ships were destroyed. (Revelation 8:8,9).

There is an impression that a huge meteorite is falling into the sea from the sky, but then disastrous changes may occur on the surface of the planet about which John tells nothing.

The direction of the axes of the planet rotation may be changed with further consequences about which John has left no records.

There is no explanation on why the third part of the sea is colored in red. Then this will be underwater volcano with underwater eruption. Underwater volcano is a kind of volcano. These kinds of volcanoes are located at the bottom of the oceans and seas.

From the magma pockets lava splits to the surface through the volcanoes which are over the channels and fissures of the earth crust. Lava is molten rock, expelled by a volcano during an eruption. Along with lava, gases and dust are erupted which in this case can color the thick layer of water over volcano. If the environment, in this case the water, takes red color, it means that the lava erupted by the volcano has contained large quantity of ferric oxide. The molten magma after cooling becomes stone – tuff in red or pink.

1. Gas and dust eruption
2. Water, under gas and dust effect becomes red
3. Earth crust

In the drawing it is seen how the eruption occurs in the sea or in the ocean. Huge waves of the sea are mainly connected with underwater earthquakes, but sometimes occurring because of the volcanic eruptions in the ocean floor which can result the formation of several waves following the intervals from several minutes to several hours. The massive explosion on August 26, 1883, in Krakatoa was accompanied with the tsunami at the height of 30 meters, during which many people were killed in Java and Sumatra.

So the vessel in the Revelation by John was lost because of the tsunami attack.

The third angel blew his trumpet, and a great star fell from heaven, blazing like a torch, and it fell on a third of the rivers and on the fountains of water. The name of the star is Wormwood. A third of the waters became wormwood, and many men died of the water, because it was made bitter. (Revelation 8:10,11).

The fourth angel blew his trumpet, and a third of the sun was struck, and a third of the moon, and a third of the stars, so that a third of their light was darkened; a third of the day was kept from shining, and likewise a third of the night. (Revelation 8:12).

All these are environmental phenomena and probably there are many writings by those who have tried to decode Apocalypse. In the future the atmosphere will be contaminated due to the volcanic activities in our planet. The atmospheric precipitations will be stronger like “hail and fire mixed with blood” and rain waters falling into rivers will be poisoned by the spring of waters. The strengthening of the volcanic activities will pollute the atmosphere so much that the lighting of the earth will be decreased by a third. As you can see all these irreversible activities are provoked by the rash actions of the people-beasts and the ecological catastrophes will destroy them like a boomerang.

Woe, Woe, Woe for those who dwell on earth as dreadful war will happen soon

“Then I looked, and I heard an eagle flying in mid-heaven, saying with a loud voice, “Woe, woe, woe to those who dwell on the earth, because of the remaining blasts of the trumpet of the three angels who are about to sound!” Rev. 8:13

“And the fifth angel sounded, and I saw a star fall from heaven unto the earth: and to him was given the key of the bottomless pit.” Rev. 9:1

The fallen star is the Angel sent by God which was given the key to the shaft of the Abyss, where the troops of Apollyon are.

“And he opened the bottomless pit; and there arose a smoke out of the pit, as the smoke of a great furnace; and the sun and the air were darkened by reason of the smoke of the pit”. Rev 9:2

It is said that the on the Day of Judgment the sun will be darkened!

For Christians the sun is God-Father, the ruler and the guardian of the entire Universe who radiates the light and love. The sun is indestructible and immortal. In Christianity the sun becomes the symbol of God and the word of God that carries life. And the light is an idol, good as well as life and fullness of everyday life. The air is the realm of the Devil’s supremacy. The smoke from fount is the smoke coming out of the Devil’s kingdom, which comes from the fount and darkening the air and the sun becomes a shield and does not allow the light and the love that radiate from the sun, to penetrate onto the Earth. The overwhelming majority of the

inhabitants on the Earth are animals who did not recognize Christ's sacrifice and became unworthy of God's mercy and that is why they should be punished.

And there came out of the smoke locusts upon the earth: and unto them was given power, as the scorpions of the earth have power. And it was commanded them that they should not hurt the grass of the earth, neither any green thing, neither any tree; but only those men which have not the seal of God in their foreheads. And to them it was given that they should not kill them, but that they should be tormented five months: and their torment was as the torment of a scorpion, when he stings a man. And in those days shall men seek death, and shall not find it; and shall desire to die, and death shall flee from them. And the shapes of the locusts were like unto horses prepared unto battle; and on their heads were as it were crowns like gold, and their faces were as the faces of men, and they had hair as the hair of women, and their teeth were as the teeth of lions. And they had breastplates, as it were breastplates of iron; and the sound of their wings was as the sound of chariots of many horses running to battle. And they had tails like unto scorpions, and there were stings in their tails: and their power was to hurt men five months. And they had a king over them, which is the angel of the bottomless pit, whose name in the Hebrew tongue is Abaddon, but in the Greek tongue hath his name Apollyon. One woe is past; and, behold, there come two woes more hereafter. Rev. 9:3-9:13

On the pictures 1 and 2 in the article on four horsemen we showed that the Apocalypses will start approximately from 2010 at the very beginning of the 21st century i.e. in our days. It may seem sad but we must state that mankind throughout the whole history of its existence has been armed with weapons and always led bloody battles. Even now when we consider ourselves a developed civilization and try to establish contact with imaginary extraterrestrial civilizations. Therefore, it is obvious that John sees in his visions the weapons of our days, for example locusts like scorpions had tails and they had stings in their tails. This refers to the machine guns, rifles and pistols, with which people were wounded but not killed. Other military equipment like airplanes and helicopters and even the sound of their engines is also described and it is so evident that it does not even emerge any doubt.

The first Woe is past: behold, there come yet two Woes hereafter. (Rev. 9:12) And the sixth angel sounded, and I heard a voice from the four horns of the golden altar which is before God, one saying to the sixth angel who had the trumpet, "Release the four angels who are bound at the great river Euphrates. And the four angels were loosed, which were prepared for an hour, and a day, and a month, and a year, for to slay the third part of men.(Rev.9:13-9:15)

In Christianity the four rivers of the paradise flowing out of one rock, one of which is the Euphrates, symbolize the four Gospels of the Christ. Very often the rivers were presented as borders, the barriers separating the world of the quick and the dead, the entrance to the underground kingdom. And the sixth angel just exactly at the planned hour released the four angels which are near the great river Euphrates, which disposed all four types of weapons: 1- usual armaments, 2- bacteriological weapons, 3- chemical weapons, 4- nuclear weapon.

The number of the armies of the horsemen was two hundred million; I heard the number of them And this is how I saw in the vision the horses and those who sat on them: the riders had breastplates the color of fire and of hyacinth and of brimstone; and the heads of the horses are like the heads of lions; and out of their mouths proceed fire and smoke and brimstone. A third of mankind was killed by these three plagues, by the fire and the smoke and the brimstone which proceeded out of their mouths for the power of the horses is in their mouths and in their tails; for their tails are like serpents and have heads, and with them they do harm... (Rev. 9: 16 – 9:19).

In reality, he did not see any horses he saw military equipments which were made almost 2000 years later of his visions. He did not have single idea about them and we do feel it from his descriptions. He saw how the fire comes out of the mouths of these so-called horses which in reality were airplanes and rockets: The fire was the nuclear bomb; the smoke was imploded bacteriological bombs and the sulfur was imploded chemical bombs. And the third part of people- animals died because of the weapons created by them. Oh my God, it a nuclear war, the most dreadful of the wars ever conducted on the earth, in which more than two billiard people-animals will die. I am anxious about the fate of people who have a sign of a lamb on their foreheads. But that's not all. Several billions of these creatures will still remain on earth. We do not even know people similar to us in order to unite with them. I think that God will not forget us.

And the rest of the men which were not killed by these plagues yet repented not of the works of their hands, that they should not worship devils, and idols of gold, and silver, and brass, and stone, and of wood: which neither can see, nor hear, nor walk: Neither repented they of their murders, nor of their sorceries, nor of their fornication, nor of their thefts. (Rev. 9:20-9:21)

In this article I was laconic and I can hardly recover soon after what I experienced. If only we could know when that cursed war will happen. As I understand the third world war is inevitable, the only question is when it will start. Pondering over it I decided not to think about it anymore and to repose trust in my Lord Jesus Christ. And suddenly I remembered the horseman on the white horse, the perfect divine creature with the golden crown on his head who was looking into the perfect future of the mankind with great hope. What an unhappy ending.

Accomplishment of God's mystery and the Day of Doom

And I saw another mighty angel come down from heaven, clothed with a cloud: and a rainbow was on his head, and his face was as it were the sun, and his feet as pillars of fire: And he had in his hand a little book open: (Rev. 10:1, 2)

This angel came down from Heaven: it means that he is holy. There is no other case that the Angel may be robed in clouds. In the Apocalypses only God was robed in clouds. The cloud is the symbol theophany - the appearance of a deity to a human. This image was often used in the Bible for showing God's presence among the chosen ones. For example, the Exodus was accompanied with the appearance of the cloud in the sky: in the daytime it overshadowed the Jews (dark) and it illuminated their way in the night (light and shining). ***"The Lord was going before them in a pillar of cloud by day to lead them on the way, and in a pillar of fire by night to give them light, that they might travel by day and by night. He did not take away the pillar of cloud by day, nor the pillar of fire by night, from before the people" (Exodus 13:21-22).***

About the appearance of Jesus Christ it is said in the New Testament that he comes with clouds (Rev. 1:7). The rainbow in the Old Testament is called the glory of God. John said that God is a light because he saw Him in flowers. He says *"And he that sat was to look on like jasper and a sardine stone: and there was a rainbow round about the throne, in sight like to an emerald."* (Rev. 4:3). For Christians the sun is God-Father, the ruler and the guardian of the entire Universe who spreads out the light and love. The Christ is the sun of the righteousness of God, the divine origin of a man. The sun is indestructible and immortal. In Christianity the sun becomes the symbol of God and the word of God that carries life. And the light is an idol, good as well as life and fullness of everyday life. The legs of angles are like fiery pillars, like visible symbol of God's presence. I think that after you read all that I have written, you will have no doubt that it was our Lord Jesus Christ who appeared to John incarnated as an angel. The open book in the hands of the angel is a book about the human race "Apocalypses". John has to impart it with all letters to the seven churches i.e. to all Christians throughout the world.

And he had in his hand a little book open: and he set his right foot on the sea, and his left foot on the earth, And cried with a loud voice, as when a lion roars: and when he had cried, seven thunders uttered their voices. And when the seven thunders had uttered their voices, I was about to write: and I heard a voice from heaven saying to me, Seal up those things which the seven thunders uttered, and write them not. And the angel that I saw standing upon the sea and upon the earth lifted up his right hand to heaven. And swore by him that lives for ever and ever, who created heaven, and the things that therein are, and the earth, and the things that therein are, and the sea, and the things which are therein, that there should be time no longer. But in the days of the voice of the seventh angel, when he is about to sound, then is finished they mystery of God, according to the good tidings which he declared to his servants the prophets. (Rev. 10:2-7)

Setting his right feet on the sea and on the earth, God warns all mortals that there will be no time and that the mystery of God will come true, as he declared to all his prophets. As you may have noticed we speak about the Day of Doom. The Jewish prophets have spoken about it since the 4th century BC. In Christianity, the dogma about the universal resurrection, the Day of Doom and requital is one of

fundamental features. Among other things it belongs to the Constantinopolitan Creed preceding the symbol of ancient apostolic belief. When the seventh angel trumpets, the mystery of God will happen and the dead will revive. God will judge the Jews and the pagans, the dead and alive through Jesus Christ i.e. the ones who have risen from the dead and the ones who will stay alive till the resurrection. Seven thunders are the histories of seven social formations, which are already written in the Book of God, which he gave to John to “eat”. And after he has eaten all that i.e. he got acquainted with the plans of the Creator John likes God’s idea and when he learnt about the end of the human race he was shocked.

And the voice which I heard from heaven spoke to me again, and said, Go and take the little book which is open in the hand of the angel which stands on the sea and on the earth. And I went to the angel, and said to him, Give me the little book. And he said to me, Take it, and eat it up; and it shall make your belly bitter, but it shall be in your mouth sweet as honey. And I took the little book out of the angel's hand, and ate it up; and it was in my mouth sweet as honey: and when I had eaten it, my belly was made bitter. And he said to me, You must prophesy again before many peoples, and nations, and tongues, and kings. (Rev. 10:8-11)

At the end God clarified that the history of the human race does not come to an end. Our Lord Jesus Christ, who will stay with the human race forever, will create a new human society for few people who will stay alive after the realization of the seventh formation of the Armageddon. Once again “the horseman on his white horse” will appear and will master new spaces, realizing the Creator’s plans, cloaked in mystery.

New human society will be developed, where John, the prophet of God, will again prophesy about races, languages and kings.

May God stay with the human race unto ages and ages since it is the only creation of God which has intellect, otherwise everything will die away soon.

Judgment on the Dead, Shedding the Blood of the Holy Martyrs

Chapter 11

“Then I was given a measuring rod like a staff, and I was told: "Rise and measure the temple of God and the altar and those who worship there, but do not measure the court outside the temple; leave that out, for it is given over to the nations, and they will trample over the holy city for forty-two months. And I will grant my two witnesses power to prophesy for one thousand two hundred and sixty days, clothed in sackcloth”. These are the two olive trees and the two lampstands which stand before the Lord of the earth” (Revelation 11: 1, 2, 3, 4).

God indicates John to identify the number of the countries professing Christianity, the number of Churches and Christians who worship there. It means that maybe soon, bloody events may happen. The foes of Christianity - the nations,

will trample on the Christian Churches for forty-two months. God promises to grant His two witnesses the two olive trees and the two lampstands to prophesy for one thousand two hundred and sixty day.

The first olive tree symbolizes the Tetraevangelion to nourish the lampstand of the Word of God. The second olive tree symbolizes the righteous men blessed by God to nourish the lampstand of the Church of clergy. Olive tree always symbolizes glory, eminence and has “roots” in Judaism, as well as in Christianity. The lampstand metaphorically means God and His Word.

“As for the mystery of the seven stars which you saw in my right hand, and the seven golden lampstands, the seven stars are the angels of the seven churches and the seven lampstands are the seven churches” (Revelation 1:20).

So, one of the lampstands standing before the Lord of the earth is the Word of God, the second - is the Church of the clergy.

“And if any one would harm them, fire pours out from their mouth and consumes their foes; if any one would harm them, thus he is doomed to be killed”(Revelation 11:5).

Isaiah, whose lips touched the purgatorial Fire of Seraph announces the Word, whereas a blazing fire in the heart of Jeremiah he says, ***“Is not my word like fire” (Jeremiah 23:29).***

So the last day, the leaders of the nation will become ***“like a flaming torch among sheaves” (Zech. 12-6)***, administering the divine justice themselves.

“They have power to shut the sky, that no rain may fall during the days of their prophesying, and they have power over the waters to turn them into blood, and to smite the earth with every plague, as often as they desire” (Revelation 11: 6).

When the onset of the early and late rains are behind or when there is no rain it may cause bad harvest also resulting in hunger, only abundant and steady rains may provide abundance and fertility. Rain is the blessing of God, and the symbol of His sacred gifts, while drought signifies the Judgment of God.

Water is the ancient universal symbol of purity, fertility and the origin of the life itself. The respectful relations towards clean water, as a purifying element, are mainly characteristic of the religious countries known for their scant water supply. This is demonstrated by Judaic and Christian rituals purifying or baptizing. Baptizing unites the characteristic features of the water – purifying, dissolving and fertilizing; remission of sins, the end of the previous life and the birth of a new life. Paradisiacal source, flowing out from the tree of life, is the symbol of salvation.

Since water has the power of life and death, not frequently it symbolizes misfortune, prosecution, foe attack and conquest (Ps. 68:2; 87:17 and the following; 123:4 and the following; Is. 8:7 and the following).

For the life of the flesh is in the blood; and I have given it for you upon the altar to make atonement for your souls; for it is the blood that makes atonement, by reason of the life.

"The blood is the life" (Deuteronomy 12:23); "the life of the flesh is in the blood" (Lev. 17:11); "the blood is crying from the ground" (Gen. 4:10); "Only be sure that you do not eat the blood; for the blood is the life, and you shall not eat the life with the flesh" (Deuteronomy 12:23). "For the life of the flesh is in the blood; and I have given it for you upon the altar to make atonement for your souls; for it is the blood that makes atonement, by reason of the life" (Lev. 17:11). "And the LORD said, "What have you done? The voice of your brother's blood is crying to me from the ground" (Gen. 4:10).

Sodom and Egypt are the spiritual names of the city. Sodom is known as the city of wickedness, Egypt is the world of the faithful, who have not died in Christ, but live secular life and attend the Churches of Ephesus, Pergamum, Thyatira, Sardis and Laodicea. Sodom and Egypt is the great city where they crucified our Lord. And furious crowd of the nations of the great city coming up from the Abyss tramples on the holy city and kills the two preachers – the witnesses of God. I think that their foes are striving for the prohibition of their preaching.

"But after the three and a half days a breath of life from God entered them, and they stood up on their feet, and great fear fell on those who saw them. Then they heard a loud voice from heaven saying to them, "Come up hither!" And in the sight of their foes they went up to heaven in a cloud. And at that hour there was a great earthquake, and a tenth of the city fell; seven thousand people were killed in the earthquake, and the rest were terrified and gave glory to the God of heaven" (Revelation 10:11,12,13).

The Churches were abandoned for some time, the sermons were ceased. God revived the two lampstands, called them and replaces them by the others who were stronger and unconquerable. Thereafter, in the Christian world a new era will start. God has decided that it is the time to part with the nations and establish His millennial kingdom, where the New Testament will be used only for the righteous people left from humanity.

In the sixth chapter when the Lamb opened the fifth seal, he promised the souls of those who had been slain because of the word of God and the testimony they had maintained to wait a little longer. That time their companions and brothers who were to be killed, as they had been, was completed the number, following the judgment on them. In the tenth chapter, God promised that when the seventh angel sounded his trumpet, the mystery of God would be accomplished, as He had announced to his servants the prophets. ***"The second woe has passed; behold, the third woe is soon to come" (Revelation 11: 14).***

Seventh trumpet

“Then the seventh angel blew his trumpet, and there were loud voices in heaven, saying, “The kingdom of the world has become the kingdom of our Lord and of his Christ, and he shall reign for ever and ever.” And the twenty-four elders who sit on their thrones before God fell on their faces and worshiped God, saying, “We give thanks to thee, Lord God Almighty, who art and who wast, that thou hast taken thy great power and begun to reign. The nations raged, but thy wrath came, and the time for the dead to be judged, for rewarding thy servants, the prophets and saints, and those who fear thy name, both small and great, and for destroying the destroyers of the earth” (Revelation 11: 15, 16, 17, 18).

“Then God's temple in heaven was opened, and the ark of his covenant was seen within his temple; and there were flashes of lightning, voices, peals of thunder, an earthquake, and heavy hail” (Revelation 11:19).

And the Great day of His wrath came. The temple of God in Heaven was opened, and “there were flashes of lightning, voices, peals of thunder, an earthquake, and heavy hail” and the whole universe saw the Judgment day in Heaven. God passed judgment on the souls of the dead and living nations who destroyed the Holy city – the Christian world for two thousand years.

New Testament According to the Twelve Apostles of Christ

“And there appeared a great wonder in heaven; a woman clothed with the sun, and the moon under her feet, and upon her head a crown of twelve stars: And she being with child cried, travailing in birth, and pained to be delivered. And there appeared another wonder in heaven; and behold a great red dragon, having seven heads and ten horns, and seven crowns upon his heads. And his tail drew the third part of the stars of heaven, and did cast them to the earth: and the dragon stood before the woman which was ready to be delivered, for to devour her child as soon as it was born. And she brought forth a man child, who was to rule all nations with a rod of iron: and her child was caught up unto God, and to his throne. And the woman fled into the wilderness, where she hath a place prepared of God, that they should feed her there a thousand two hundred and threescore days” (Revelation 12: 1, 2, 3, 4, 5, 6).

The sun is indestructible and eternal, the masculine, active and positive principle is connected with the Sun, the feminine, passive and negative principle – with the

Moon. Therefore, the Moon is under her feet. In Christianity, the Sun is the symbol of God and the words of God are life-giving and eternal, it is the emblem for those who bear the Word of God. According to the description, the woman is clothed with the Sun and is really clothed like a Goddess; the moon is under her feet and upon her head is a crown of twelve stars. The woman represents the Church; the crown of twelve stars represents the servants of that Church – the twelve Apostles. The red dragon is the earthly civilization which has passed through all the six economic formations and now is on the seventh destroying formation. The tail of the dragon draws the third part of the stars of heaven and casts them to the earth. It means that the third part of the mankind keeps the side of the dragon. For destroying the Church of Christ, the human civilization that is the red dragon, wants to consume the child who is to rule all the nations with rod of iron – the symbol of royal authority; the child who will be born soon. But angels quickly took the Child to God. We shall meet Him in the nineteenth chapter when He will already be an adult.

“And he was clothed with a vesture dipped in blood: and his name is called The Word of God. And the armies which were in heaven followed him upon white horses, clothed in fine linen, white and clean. And out of his mouth goeth a sharp sword, that with it he should smite the nations: and he shall rule them with a rod of iron: and he treadeth the winepress of the fierceness and wrath of Almighty God. And he hath on his vesture and on his thigh a name written, KING OF KINGS, AND LORD OF LORDS” (Revelation 19: 13, 14, 15, 16).

So, our Child is “the Word of God” who has just been born before us. This is the new Bible, New Testament according to the twelve Apostles written by the twelve Apostles of God for all the nations living on earth.

Writing of the New Testament like the Tetraevangelion is the inspiration of our God Himself and is also considered the inspiration of the Almighty God. But the birth of the New Testament with the help of God is to be written.

“And there was war in heaven: Michael and his angels fought against the dragon; and the dragon fought and his angels, And prevailed not; neither was their place found any more in heaven. And the great dragon was cast out, that old serpent, called the Devil, and Satan, which deceiveth the whole world: he was cast out into the earth, and his angels were cast out with him” (Revelation 12: 7, 8, 9).

Up to the end of the nineteenth century, the earthly civilization was on the lowest level of development, the Dragon was weak and helpless, and when the capitalistic relations developed, he began the war against the Christians. It is expressed by the fact that people partially have become unreligious. Civilization in the image of the devil began enraging, also shaking the grounds of the Christian religion. But as you see the devil can do nothing with the Church for She is invincible. Cast out into the earth from heaven, the devil has little time. Very soon he won't exist. In the Bible,

the wings of the bird often symbolize protection, strength and salvation. Two wings of the eagle saved the woman from the serpent's chasing. She is also saved by the stream of the water pouring out from the mouth of the devil, which consumes the serpent. Civilization strives for destroying the Church of Christ on the earth, but it will never happen for the Devil is originally doomed to death. ***Attack of the Beasts on Christianity***

“And I stood upon the sand of the sea, and saw a beast rise up out of the sea, having seven heads and ten horns, and upon his horns ten crowns, and upon his heads the name of blasphemy. And the beast which I saw was like unto a leopard, and his feet were as the feet of a bear, and his mouth as the mouth of a lion: and the dragon gave him his power, and his seat, and great authority. And I saw one of his heads as it were wounded to death; and his deadly wound was healed: and all the world wondered after the beast. And they worshipped the dragon which gave power unto the beast: and they worshipped the beast, saying, Who is like unto the beast? who is able to make war with him” (Revelation 13: 1, 2, 3, 4).

The beast having ten horns and seven heads, with ten crowns on his horns is the brutal civilization. The ten horns with the crowns are the states possessing nuclear weapons. At the present time, nine states officially recognize the fact of possessing nuclear weapons; soon Iran also will have nuclear power. The dragon gives the beast his power, throne and great authority and as I understand, globalization formation passes into the Armageddon formation. The aim of the dragon and the beast is to destroy the Christian doctrine. That, one of the heads of the beast was wounded, is the result of the economic crisis at the end of 2007 and it is obvious that it will be severe test for the humanity.

“And there was given unto him a mouth speaking great things and blasphemies; and power was given unto him to continue forty and two months. And he opened his mouth in blasphemy against God, to blaspheme his name, and his tabernacle, and them that dwell in heaven. And it was given unto him to make war with the saints, and to overcome them: and power was given him over all kindreds, and tongues, and nations. And all that dwell upon the earth shall worship him, whose names are not written in the book of life of the Lamb slain from the foundation of the world. If any man have an ear, let him hear. He that leadeth into captivity shall go into captivity: he that killeth with the sword must be killed with the sword. Here is the patience and the faith of the saints” (Revelation 13: 5, 6, 7, 8, 9, 10).

And there is a great struggle between the good and the evil. And forty-two months, civilization makes war against the saints and conquers them. All the inhabitants of the earth are subjected to its authority and worship it.

“And I beheld another beast coming up out of the earth; and he had two horns like a lamb, and he spake as a dragon. And he exerciseth all the power of the first beast before him, and causeth the earth and them which dwell therein to worship the first beast, whose deadly wound was healed. And he doeth great wonders, so that he maketh fire come down from heaven on the earth in the sight of men, And deceiveth them that dwell on the earth by the means of those miracles which he had power to do in the sight of the beast; saying to them that dwell on the earth, that they should make an image to the beast, which had the wound by a sword, and did live”. (Revelation 13: 11, 12, 13, 14).

The other beast coming out from the ground, i. e. directly from the underworld, has two horns and speaks like a dragon, is the scientific - technical progress, the two horns are the science and technique. He is on the side of the first beast and performs miracles through technique. He set up his soul in the image of the beast, after that the image began speaking and talking. John understood nothing of the meaning what he saw and couldn't describe it. The difference between the distance is two thousand years. It means that hundred years ago there was almost no science, now the humanity has much potential for making nuclear weapons; there is also much progress in the field of science and technique. These factors make people be delighted but at the same time they turn away from God and even Churches are being closed.

Bring funeral wreaths. We shall take them to Christian Europe. In ancient times the atmosphere of the Old World was filled with the evangelical ethics and biblical motives. Everything flows, everything changes ... The half of the Europe doesn't know what will be done with the scriptural texts. The Christian Churches are being closed or become museums. In the USA there is a war not for life but for the death, for the adoption of the evangelical values (Internet – newspaper ProChurch.info). In the article about the four horses, there is a drawing and we have shown how much speed the dragon gathers to destroy the Christian doctrine which is a great danger for the dragon and further for the beast. After that the people were called to worship the image of the beast or they would be killed. And the beast forces that everyone has a mark on the right hand or the forehead, so that they would know and destroy those people, who are the foes of the dragon and the beast.

“And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name. Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six” (Revelation 13: 17, 18).

I think that that this is the number of the people-beasts who were willing to have that mark or the name of the beast or the number of his name. And the number of the people-beasts is six milliard six hundred and sixty million. They will pass away, they will be interred with great honor and everything will be finished with that as their names are not mentioned in Lamb's book. I understood everything. I was thinking about it all the time. In the Revelation, St. John the Divine speaks

about the destruction of the people, for instance about the third, fourth or the whole part of the humankind, it means that they have come over the side of the dragon or the beast – the foes of our Lord Jesus Christ and no one physically destructs the other. This is the spiritual death and not physical. And I felt a sense of relief. In the Revelation there is a great struggle between the good and evil, and for the final victory of the Christian doctrine. This struggle, in more developed form, will appear in the New Testament according to the twelve apostles of Christ. The result of this struggle is the progress and perfection of the human personality and as I far as I understood of the human soul, which is the primary purpose of the divine activity. What will be with the people in the remote future, and what is the mystery of the future in the divine consciousness, no one knows this and the humanity has to find out this.

Invasion of the Beasts on humanity

“And I stood upon the sand of the sea, and saw a beast rise up out of the sea, having seven heads and ten horns, and upon his horns ten crowns, and upon his heads the name of blasphemy. And the beast which I saw was like unto a leopard, and his feet were as the feet of a bear, and his mouth as the mouth of a lion: and the dragon gave him his power, and his seat, and great authority. The beast having ten horns and seven heads, with ten crowns on his horns is the brutal civilization. The ten horns with the crowns are the states possessing nuclear weapons. At the present time, nine states officially recognize the fact of possessing nuclear weapons; soon Iran also will have nuclear power. I think that that this is the number of the people-beasts who were willing to have that mark or the name of the beast or the number of his name. And the number of the people-beasts is six milliard six hundred and sixty million. They will pass away, they will be interred with great honor and everything will be finished with that as their names are not mentioned in Lamb's book. I understood everything. I was thinking about it all the time. In the Revelation, St. John the Divine speaks about the destruction of the people, for instance about the third, fourth or the whole part of the humankind, it means that they have come over the side of the dragon or the beast – the foes of our Lord Jesus Christ and no one physically destructs the other. This is the spiritual death and not physical. And I felt a sense of relief. In the Revelation there is a great struggle between the good and evil, and for the final victory of the Christian doctrine. This struggle, in more developed form, will appear in the New Testament according to the twelve apostles of Christ. The result of this struggle is the progress and perfection of the human personality and as I far as I understood of the human soul, which is the primary purpose of the divine activity. What will be with the people in the remote future, and what is the mystery of the future in the divine consciousness, no one knows this and the humanity has to find out this.

Second Advent of Our Lord Jesus Christ

Chapter 14

Then I looked, and lo, on Mount Zion stood the Lamb, and with him a hundred and forty-four thousand who had his name and his Father's name written on their foreheads. And I heard a voice from heaven like the sound of many waters and like the sound of loud thunder; the voice I heard was like the sound of harpers playing on their harps, and they sing a new song before the throne and before the four living creatures and before the elders. No one could learn that song except the hundred and forty-four thousand who had been redeemed from the earth. It is these who have not defiled themselves with women, for they are chaste; it is these who follow the Lamb wherever he goes; these have been redeemed from mankind as first fruits for God and the Lamb, and in their mouth no lie was found, for they are spotless" (Revelation 14: 1-5).

In many religions, the mount, probably owing to its height, mysteriousness and surrounding is considered a place, where heaven meets with the earth. Many countries have their own sacred mount where the world has been created, where

Gods live and from where salvation comes. The hundred and forty-four thousand who had been redeemed from the earth; this was the symbolic number of those who were pure. According to Apostle Paul, an unmarried man is above the marriage for he is devoted to the Lord; the interests of a married man are divided, the heart of an unmarried man is not divided, they have devoted themselves to Christ and think only about God living an undivided devotion to Lord (1 Corinthians 7: 32-35).

Then I saw another angel flying in midheaven, with an eternal gospel to proclaim to those who dwell on earth, to every nation and tribe and tongue and people; and he said with a loud voice, "Fear God and give him glory, for the hour of his judgment has come; and worship him who made heaven and earth, the sea and the fountains of water." Another angel, a second, followed, saying, "Fallen, fallen is Babylon the great, she who made all nations drink the wine of her impure passion." And another angel, a third, followed them, saying with a loud voice, "If any one worships the beast and its image, and receives a mark on his forehead or on his hand, he also shall drink the wine of God's wrath, poured unmixed into the cup of his anger, and he shall be tormented with fire and sulphur in the presence of the holy angels and in the presence of the Lamb. And the smoke of their torment goes up for ever and ever; and they have no rest, day or night, these worshipers of the beast and its image, and whoever receives the mark of its name." Here is a call for the endurance of the saints, those who keep the commandments of God and the faith of Jesus. And I heard a voice from heaven saying, "Write this: Blessed are the dead who die in the Lord henceforth." "Blessed indeed," says the Spirit, "that they may rest from their labors, for their deeds follow them!" (Revelation 14:6-13).

The first angel who had the eternal gospel, said that one had to fear God and give Him glory, and worship the Creator for the hour of His judgment came.

And the other following the first says, "Fallen, fallen is Babylon the great, she who made all nations drink the wine of her impure passion." In the chapter seventeen, we'll see that the great city Babylon is capitalism, which reigns over the earthly kings. The third angel following them tells not to worship the beast of civilization and its image – the scientific-technical progress, otherwise God will punish them. In heavenly Jerusalem all the chosen are called the chaste. On earth, all the religious are divided from the people beasts and are under the protection of the Lamb.

"Then I looked, and lo, a white cloud, and seated on the cloud one like a son of man, with a golden crown on his head, and a sharp sickle in his hand. And another angel came out of the temple, calling with a loud voice to him who sat upon the cloud, "Put in your sickle, and reap, for the hour to reap has come, for the harvest of the earth is fully ripe." So he who sat upon the cloud swung his sickle on the earth, and the earth was reaped" (Revelation 14: 14-16).

There is no doubt that the one sitting on the cloud is the Son of Man with a golden crown on his head. How visible will be His advent? According to the Holy Scripture, "For as the lightning comes from the east and shines as far as the west, so will be the coming of the Son of man" (Matthew 24: 27). The angels have promised that Jesus would come again. According to the Holy Scripture, "And while they were gazing into heaven as he went, behold, two men stood by them in white robes, and said, 'Men of Galilee, why do you stand looking into heaven? This Jesus, who was taken up from you into heaven, will come in the same way as you saw him go into heaven'" (Acts 1: 10-11). And our Lord Jesus Christ sitting on the cloud threw down his sickle to the earth and pressed all the people-beasts in the ground, anyone who had a mark on his forehead or on his hand and worshiped the beast and his image. And latter, after their physical death, will not resurrect as their names will not be in the book of life of the Lamb.

And another angel came out of the temple in heaven, and he too had a sharp sickle. Then another angel came out from the altar, the angel who has power over fire, and he called with a loud voice to him who had the sharp sickle, "Put in your sickle, and gather the clusters of the vine of the earth, for its grapes are ripe." So the angel swung his sickle on the earth and gathered the vintage of the earth, and threw it into the great wine press of the wrath of God; and the wine press was trodden outside the city, and blood flowed from the wine press, as high as a horse's bridle, for one thousand six hundred stadia" (Revelation 14: 17-20).

The angel coming out of the altar has power over fire. Fire symbolizes irreconcilability of God towards sin; it devours everything on its way; God acts on the same way with incorrigible sinners. Angel with a loud voice calls the other angel who has come out from the altar and has the sharp sickle, to swing his sickle on the earth and gather the vintage of the earth, and throw it into the great wine press of the wrath of God. According to Isaiah God loves His Vineyard; He did everything for it, but instead of good grapes which He expected, vineyard gave Him wild grapes of bloodshed and He would give it to the devastators.

What more was there to do for my vineyard, that I have not done in it? When I looked for it to yield grapes, why did it yield wild grapes? And now I will tell you what I will do to my vineyard. I will remove its hedge, and it shall be devoured; I will break down its wall, and it shall be trampled down. I will make it a waste; it shall not be pruned or hoed, and briers and thorns shall grow up; I will also command the clouds that they rain no rain upon it" (Isaiah 5: 4-6).

Therefore, Angel threw the clusters of the vine of the earth into the great wine press of the wrath of God. And the blood of the inveterate sinners flowed from the wine press.

Reading the chapter fourteen I have come to the conclusion that the individual chapters were written in the different periods of time and while uniting them, their places were mixed up or the places were intentionally changed with the aim of

more complicating the decoding. In this chapter: Another angel, a second, followed, saying, **“Fallen, fallen is Babylon the great, she who made all nations drink the wine of her impure passion. (Revelation 14-8). And he called out with a mighty voice, "Fallen, fallen is Babylon the great! It has become a dwelling place of demons, a haunt of every foul spirit, a haunt of every foul and hateful bird; (Revelation 18-2).**

Therefore the chapter 14, where God punishes the sinners after the fall of Babylon, should have been placed after the chapter 18.

Seven Trumpets and Seven Bowls of the Wrath of God

7 Trumpets of the Angels

Then I saw the seven angels who stand before God, and seven trumpets were given to them. Now the seven angels who had the seven trumpets made ready to blow them (Revelation 8:2,6).

7a. Bowls of the Angels

And one of the four living creatures gave the seven angels seven golden bowls full of the wrath of God who lives for ever and ever (Revelation 15:7). Then I heard a loud voice from the temple telling the seven angels, "Go and pour out on the earth the seven bowls of the wrath of God." (Revelation 16:1).

1. *The first angel blew his trumpet, and there followed hail and fire, mixed with blood, which fell on the earth; and a third of the earth was burnt up, and a third of the trees were burnt up, and all green grass was burnt up...(Revelation 8:7).*

1a. *So the first angel went and poured his bowl on the earth, and foul and evil sores came upon the men who bore the mark of the beast and worshiped its image. (Revelation 16:2).*

- This evil being sown by the man, pours on him as a retribution for damaging the nature, flora of the earth – growing genetically modifying plants. Genetically modified objects (GMO) are considered as Weapons of Mass Destruction (WMD). Large-scale distribution of the Genetically Modified Objects (GMO), danger of which has been proved by the

scientists worldwide, may result in growth of infertility, increase of the oncology disease, genetic abnormality and allergic reactions, as well as in the growth of death rate of people and animals, rapid reduction of biodiversity and damage to the environment.

2. *The second angel blew his trumpet, and something like a great mountain, burning with fire, was thrown into the sea; and a third of the sea became blood, a third of the living creatures in the sea died, and a third of the ships were destroyed. (Revelation 8:8,9).*

2a. *The second angel poured his bowl into the sea, and it became like the blood of a dead man, and every living thing died that was in the sea. (Revelation 16:3).*

- This evil being sown by the man, pours on him as a retribution for damaging the nature - aquatic environment of the oceans and seas, causing underwater earthquakes and volcanic eruption.

3. *The third angel blew his trumpet, and a great star fell from heaven, blazing like a torch, and it fell on a third of the rivers and on the fountains of water. The name of the star is Wormwood. A third of the waters became wormwood, and many men died of the water, because it was made bitter. (Revelation 8:10,11).*

3a. *The third angel poured his bowl into the rivers and the fountains of water, and they became blood. 5 And I heard the angel of water say, "Just art thou in these thy judgments, thou who art and wast, O Holy One. 6 For men have shed the blood of saints and prophets, and thou hast given them blood to drink. It is their due!" (Revelation 16:4,5,6).*

- This evil being sown by the man, pours on him as a retribution for damaging the nature - aquatic environment of rivers and springs of potable water causing pollution to the atmosphere as a result of earthquakes generating strong volcanic eruption in the sea and overland.

4. *The fourth angel blew his trumpet, and a third of the sun was struck, and a third of the moon, and a third of the stars, so that a third of their light was darkened; a third of the day was kept from shining, and likewise a third of the night. Then I looked, and I heard an eagle crying with a loud voice, as it flew in midheaven, "Woe, woe, woe to those who dwell on the earth, at the blasts of the other trumpets which the three angels are about to blow!" (Revelation 8: 12, 13).*

4a. *The fourth angel poured his bowl on the sun, and it was allowed to scorch men with fire; men were scorched by the fierce heat, and they cursed the name of God who had power over these plagues, and they did not repent and give him glory. (Revelation 16:8,9).*

- This evil being sown by the man, pours on him as a retribution for damaging the nature – the atmosphere of the Earth which is emitting destroying radiation from the Sun as a result of partial destruction of the ozone layer of the Earth atmosphere by the people resulting in the gradual increase of the air temperature because of the greenhouse effect.

5. And the fifth angel blew his trumpet, and I saw a star fallen from heaven to earth, and he was given the key of the shaft of the bottomless pit; he opened the shaft of the bottomless pit, and from the shaft rose smoke like the smoke of a great furnace, and the sun and the air were darkened with the smoke from the shaft. Then from the smoke came locusts on the earth, and they were given power like the power of scorpions of the earth; they were told not to harm the grass of the earth or any green growth or any tree, but only those of mankind who have not the seal of God upon their foreheads; they were allowed to torture them for five months, but not to kill them, and their torture was like the torture of a scorpion, when it stings a man. (Revelation 9:1-5)

5a. The fifth angel poured his bowl on the throne of the beast, and its kingdom was in darkness; men gnawed their tongues in anguish and cursed the God of heaven for their pain and sores, and did not repent of their deeds. (Revelation 16:10,11).

-Continual pollution of the atmosphere of the Earth and potable water bring changes to the human organism, new and unknown types of viruses appear causing intractable diseases. Hegemony USA will not take actions towards the States resulting in the serious political and economical decline which will be irreversible; Globalization will be stopped and the trade between the countries will be gradually stopped. It will bring to hunger and devastation, as well as to cold war between the states possessing nuclear weapons and chaos to the whole planet. Oddly enough, despite the weakening health and anguish resulted by their intentional crime, surprisingly, people will not repent of their deeds.

6. Then the sixth angel blew his trumpet, and I heard a voice from the four horns of the golden altar before God, saying to the sixth angel who had the trumpet, "Release the four angels who are bound at the great river Euphrates." So the four angels were released, who had been held ready for the hour, the day, the month, and the year, to kill a third of mankind. The number of the troops of cavalry was twice ten thousand times ten thousand; I heard their number. And this was how I saw the horses in my vision: the riders wore breastplates the color of fire and of sapphire and of sulphur, and the heads of the horses were like lions' heads, and fire and smoke and sulphur issued from their mouths. By these three plagues a third of mankind was killed, by the fire and smoke and sulphur issuing from their mouths. For the power of the horses is in their mouths and in their tails; their tails are like serpents, with heads, and by means of them they wound. The rest of mankind, who were not killed by these plagues, did not repent of the works of their hands nor give up worshiping demons and idols

of gold and silver and bronze and stone and wood, which cannot either see or hear or walk; nor did they repent of their murders or their sorceries or their immorality or their thefts. (Revelation 9:13-21);

6a. The sixth angel poured his bowl on the great river Euphrates, and its water was dried up, to prepare the way for the kings from the east. And I saw, issuing from the mouth of the dragon and from the mouth of the beast and from the mouth of the false prophet, three foul spirits like frogs; for they are demonic spirits, performing signs, who go abroad to the kings of the whole world, to assemble them for battle on the great day of God the Almighty. ("Lo, I am coming like a thief! Blessed is he who is awake, keeping his garments that he may not go naked and be seen exposed!") 16 And they assembled them at the place which is called in Hebrew Armageddon (Revelation 16:12-16).

- The four angels possess four types of weapons:

1. Conventional armaments - tanks, airplanes, rifles and other types,
2. Fire - nuclear weapons,
3. Smoke - bacteriological weapons,
4. Sulphur - gas weapons.

And the hour, day, month, and year are predetermined beforehand to kill a third of the mankind i.e. the beginning of the third world war during which all the above mentioned weapons will be used.

Dragon is the seven-headed devil representing all the seven social formations which the mankind passed through during its evolution and fell down from heaven during the formation Armageddon.

During these seven formations, all the states used the armaments like the impure spirit of a toad coming out from the mouth of a dragon. The seven-headed beast representing the capitalist **society** left the sea during the same formation Armageddon and was created by the people during all the seven formations when the states were governed by the kings and political parties which **killed** hundreds of millions of people through weapons during the history of the mankind including the two World wars. They are also coming out from the mouth of the beast in the image of the impure breath. At last, the impure breath in the image of a toad comes out from the lips of the false prophet representing the scientific-and-engineering progress, which we name science and technology. This spirit is guilty for the design and production of the weapons.

The time is like a river and it also runs; when St. John said that the sixth angel poured his bowl on the great river Euphrates, and its water was dried up he meant that since that moment the time was stopped. All the alive and

dead, the servants of the devil and beasts must be ready for the Judgment of God – Armageddon. But they are going to offer resistance to God; they don't want to give way easily.

The righteous and the servants of Jesus Christ are also waiting for Armageddon. During His earthly life, He informed the mankind about His unpredicted return. Then He will present his servants - dead or alive to God on the Day of Judgment – Armageddon.

7. Then the seventh angel blew his trumpet, and there were loud voices in heaven, saying, "The kingdom of the world has become the kingdom of our Lord and of his Christ, and he shall reign for ever and ever." And the twenty-four elders who sit on their thrones before God fell on their faces and worshiped God, saying, "We give thanks to thee, Lord God Almighty, who art and who wast, that thou hast taken thy great power and begun to reign. The nations raged, but thy wrath came, and the time for the dead to be judged, for rewarding thy servants, the prophets and saints, and those who fear thy name, both small and great, and for destroying the destroyers of the earth." Then God's temple in heaven was opened, and the ark of his covenant was seen within his temple; and there were flashes of lightning, voices, peals of thunder, an earthquake, and heavy hail (Revelation 11:15-19).

7a. The seventh angel poured his bowl into the air, and a loud voice came out of the temple, from the throne, saying, "It is done!" And there were flashes of lightning, voices, peals of thunder, and a great earthquake such as had never been since men were on the earth, so great was that earthquake. The great city was split into three parts, and the cities of the nations fell, and God remembered great Babylon, to make her drain the cup of the fury of his wrath. And every island fled away, and no mountains were to be found; and great hailstones, heavy as a hundred-weight, dropped on men from heaven, till men cursed God for the plague of the hail, so fearful was that plague. (Revelation 16:17-21).

Thus, the judgment on the dead is made in Heaven. God, along with His servants, whose names are written in the book of life of the Lamb, will move to the parallel Universe described in the Revelation 22 of St. John the Divine. And a low number of people, remaining on the wrecks of the human civilization - on the earth, after ecological catastrophes and the World wars, will again start coping with the earthly space. It implies that the humanity will not disappear eventually; the little number of people will again start playing the human tragedy on the stage of the material universe and realize the next purpose of the Creator. Gradually, during the tens of thousands years new human civilization will appear. The devil, beast and false prophet liberated from the dungeon will start their invasions on the sobering mankind revived from the ashes. Now, we can say with confidence - horseman on the white horse was dead, long live the horseman on the white horse.

I thank God for He helped me to correctly understand and interpret the Revelation of St. John the Divine.

To tell the truth, when I began reading the Revelation, I thought that I would fail and get confused since I started decoding it. As you know, I haven't even learned the Commandments and not to speak of following them during my lifetime and like any ordinary man I have committed sins. I always loved all the familiar and unfamiliar people sincerely and since I have read the Gospel, Jesus Christ has entered my soul forever and has become the most beloved and significant Being in my life. First I accepted Him as the most beloved Man, over time I have accepted Him as My Lord. Now, after the stress caused by the decoding of apocalypse, I have understood that God loves the sinful people like me; as you know there are no ideal people in reality.

Yet, my sinful life has left an imprint on the decoding of apocalypse. I have already found a substantial error. In the article "Second Advent of our Lord Jesus Christ", it is written that our Lord Jesus Christ sitting on the cloud threw down his sickle to the earth and pressed all the people-beasts in the ground, anyone who had a mark on his forehead or on his hand and worshiped the beast and his image. In fact, the Son of Man came for those who had a mark of God on their forehead.

Perhaps, there are other errors, of course not so substantial, still I am not going to write about them otherwise I have to write all these over and over while I have no desire to face the intolerable experiences once again. I indicated the approximate number of people who were the followers of the devil and beast and their number was six milliard six hundred and sixty million. The reader may have the impression that all the humanity will follow the devil, but as we see it is not the case. Now we'll assess the number of people who have followed our Lord. Half century ago, the number of people on earth was approximately three and half milliard; this implies that the number of people living on the globe has been twice increased. Over several decades before the beginning of Armageddon, the population living on the earth will increase to several milliards, countless number of people will join the Lord after Armageddon, when the judgment on the dead will be made. Although, now we can't know the exact number, the above mentioned grades show that the number will excel in 666 of the dragon and the beast.

Collapse of Capitalism and its End

Chapters 17, 18

First I want to explain who are the dragon, the seven-headed beast and the two-horned beast.

1. And other sign appeared in heaven: an enormous red dragon with seven heads and ten horns and seven diadems on his heads. The seven-headed dragon fell down from heaven. It is the sum of all the seven economic formations; each head corresponds with one formation. The presence of the seven diadems on the dragon's heads means that the mankind has already moved to the seventh formation Armageddon.

2. And I saw a beast rising out of the sea, with ten horns and seven heads, with ten diadems upon its horns and a blasphemous name upon its heads. The name of the seven-headed beast-killer is death and the ten horns with diadems, as we have already mentioned, symbolize the states possessing nuclear weapons for mass destruction. The beast-killer, being under the human consciousness, has existed since the times of the primitive communal formation which was killing during the time of the slaveholding formation when the states were under development. As you can understand the name of the fourth horseman is the death, which was followed by hell. During the period of capitalist, socialist and globalization formation, the beast has become more atrocious and besides the small wars of local character, he realized the two World wars during which about two millions of people were killed.

3. Then I saw another beast which rose out of the earth; he had two horns like a lamb and he spoke like a dragon. He exercises all the authority of the first beast in his presence, and makes the earth and its inhabitants worship the first beast. He, as it is assumed in the science and technique, performs great deeds: he even brings down fire from heaven in front of the people; they receive and use the solar energy. People put their soul into the image of the beast which has been created by them. It is referred to the formation of the highly developed civilization, and anyone who will worship God and not the beast will be killed.

The angel invites John to show the judgment of the great harlot who is seated upon many waters, with whom the kings of the earth have committed fornication, and with the wine of whose fornication the dwellers on earth have become drunk. And he carried me away in the Spirit into a wilderness, and I saw a woman sitting on a scarlet beast which was full of blasphemous names, and it had seven heads and ten horns. 4 The woman was arrayed in purple and scarlet, and bedecked with gold and jewels and pearls, holding in her hand a golden cup full of abominations and the impurities of her fornication; 5 and on her forehead was written a name of mystery: "Babylon the great, mother of harlots and of earth's

abominations." The beast that you saw was, and is not, and is to ascend from the bottomless pit and go to perdition; and the dwellers on earth whose names have not been written in the book of life from the foundation of the world, will marvel to behold the beast, because it was and is not and is to come. This calls for a mind with wisdom: the seven heads are seven mountains on which the woman is seated. (Revelation 17:3,5,8,9).

The great harlot sitting upon many waters is capitalism existing in all the periods, since the beginning of the primitive communal of the formation in a simple shape, where the primitive structure of capitalism has been formed in a type of exchange of the material values. Latter, when the state was developed, people conducted trading through the money signs. The base of capitalistic system is the exploitation of people by people and this satanic law has been put into practice by the powerful nations of the world. Angel led John's soul to the desert and he saw the woman - the great harlot sitting on a scarlet beast with seven heads and ten horns. In the mythology, demons and other insidious beasts dwell in the desert. Thoroughly studying the seventeenth chapter, I came to the conclusion that the great harlot or Babylon the great is capitalism and the seven-headed and ten-horned beast is the capitalist system. It used to exist in all the economic formations and came to its maximal development in the period of capitalist formations.

Talking about the seven heads, John prompts us to unit the capitalist system and the formation. The socialist formation has been established during the period of capitalist formation and existed parallel to capitalist formation. Therefore the socialist formation obscures the capitalist formation and people-beasts don't see the beast. They will see the capitalist formation starting from the globalization formation.

They are also seven kings, five of whom have fallen, one is, the other has not yet come, and when he comes he must remain only a little while. As for the beast that was and is not, it is an eighth but it belongs to the seven, and it goes to perdition. (Revelation 17:10,11).

We are under the impression that John knew the exact time when the people would begin the decoding of the Revelation and it would cause no surprise. The seven kings are the capitalistic relations in the economic formations; five have fallen, one exist, the six is meant as the globalization formation. Unfortunately, now we are moving from the globalization formation into the formation Armageddon, it is obvious in the second drawing, in the article about four horses and it will die soon. And the beast-killer used to be there and now isn't, it is the eight out of the seven and will die. In fact, the capitalist system beast-killer is from among the seven as the capitalist formation is the fourth out of the seven.

And the ten horns that you saw are ten kings who have not yet received royal power, but they are to receive authority as kings for one hour,

together with the beast. These are of one mind and give over their power and authority to the beast; they will make war on the Lamb, and the Lamb will conquer them, for he is Lord of lords and King of kings, and those with him are called and chosen and faithful." (Revelation 17:12-14).

Following the third World war, the political map of the world will be changed and yet we don't know how many states will be formed from the former independent states, the number of which is one hundred and ninety three. According to John, the capitalist system will be preserved in all the newly formed states, but they will not survive long and after the victory of the Lamb over the beast, the capitalist system will fall down.

And he said to me, "The waters that you saw, where the harlot is seated, are peoples and multitudes and nations and tongues. And the ten horns that you saw, they and the beast will hate the harlot; they will make her desolate and naked, and devour her flesh and burn her up with fire, for God has put it into their hearts to carry out his purpose by being of one mind and giving over their royal power to the beast, until the words of God shall be fulfilled. And the woman that you saw is the great city which has dominion over the kings of the earth." (Revelation 17:15-18).

The capitalistic countries will give the power and authority to capitalism. These countries will struggle with the Lamb and the latter will gain a victory over them. It means that the Church being under protection of the Lamb, will also lead irreconcilable war against the state without weapons and will conquer it for He is Lord of lords and King of kings. And the nations will hate capitalism and make it desolate and naked, and devour its flesh and burn it up with fire for God has put it into their hearts to carry out His purpose. And the woman John saw is the great city – capitalism, which has power over the kings of the earth.

After this I saw another angel coming down from heaven, having great authority; and the earth was made bright with his splendor. And he called out with a mighty voice, "Fallen, fallen is Babylon the great! It has become a dwelling place of demons, a haunt of every foul spirit, a haunt of every foul and hateful bird; for all nations have drunk the wine of her impure passion, and the kings of the earth have committed fornication with her, and the merchants of the earth have grown rich with the wealth of her wantonness." (Revelation 18-1,2,3).

Coming down from Heaven, angel solemnly announces the fall of the great harlot – capitalism. All the people begin crying and weeping over the fallen capitalism which has been condemned by God. They are surprised by the fact that capitalism being so powerful has fallen down so easily. There will be no capitalism and the active life existing in capitalism will not bring joy, since the rich in the capitalistic society have been the lords of the earth and

its magic brings all the nations to astray. The blood of the prophets, saints and all the people who have been killed is found in capitalism.

Holy Spirit upon the White Horse

Chapter 19

In the chapter nineteen we witnessed the birth of a child who was to rule all the nations with rod of iron. And she gave birth to a son, a male child, who was to rule all nations with a rod of iron: and her child was snatched up to God, and to his throne (Revelation 12-5).

“Then I saw heaven opened, and behold, a white horse! He who sat upon it is called Faithful and True, and in righteousness he judges and makes war. His eyes are like a flame of fire, and on his head are many diadems; and he has a name inscribed which no one knows but himself. He is clad in a robe dipped in blood, and the name by which he is called is The Word of God. And the armies of heaven, arrayed in fine linen, white and pure, followed him on white horses. From his mouth issues a sharp sword with which to smite the nations, and he will rule them with a rod of iron; he will tread the wine press of the fury of the wrath of God the Almighty. On his robe and on his thigh he has a name inscribed, King of kings and Lord of lords” (Revelation 19:11-16).

And in the chapter nineteen we meet this child already grown-up and He is sitting upon the white horse which is now called Faithful and True. On his head are many diadems as He is King of kings and Lord of lords. He is dressed in a robe dipped in blood, which is the bearer of the life including the principle of the vital warmth. The sharp sword coming out of His mouth symbolizes “The Word of God” with which ***He smites the nations and rules them with a rod of iron. And the armies of heaven, following Him on white horses*** are the Commandments of Jesus. So, He is the real author of the New Testament according to the twelve Apostles and the twelve Apostles, inspired by Him, will write the Gospel according to the twelve. Evidently, He is also the author of the former Testament, Gospel according to the four Apostles of Christ.

“If you love me, you will keep my commandments. And I will pray the Father, and he will give you another Counselor, to be with you for ever, even the Spirit of truth, whom the world cannot receive, because it neither sees him nor knows him; you know him, for he dwells with you, and will be in you. But the Counselor, the Holy Spirit, whom the Father will send in my name, he will teach you all things, and bring to your remembrance all that I have said to you” (John 14-15,16,17,26). “I tell you the truth: it is to your advantage that I go away, for if

I do not go away, the Counselor will not come to you; but if I go, I will send him to you. When the Spirit of truth comes, he will guide you into all the truth; for he will not speak on his own authority, but whatever he hears he will speak, and he will declare to you the things that are to come. He will glorify me, for he will take what is mine and declare it to you. All that the Father has is mine; therefore I said that he will take what is mine and declare it to you. (John 16-7,13,14,15).

I will never believe that the disciples of Jesus Christ who were illiterate fishermen could write such compound work like the Tetraevangelion without the inspiration of the Holy Spirit. More than two thousand years the best intellectuals of the mankind along with the priests beat their brains about that matter.

“And I saw the beast and the kings of the earth with their armies gathered to make war against him who sits upon the horse and against his army. And the beast was captured, and with it the false prophet who in its presence had worked the signs by which he deceived those who had received the mark of the beast and those who worshiped its image. These two were thrown alive into the lake of fire that burns with sulphur. And the rest were slain by the sword of him who sits upon the horse, the sword that issues from his mouth; and all the birds were gorged with their flesh” (Revelation 19-19,20,21).

John beholds civilization, the science, the head of the states and the political figures fighting against the Church. In this battle the science and civilization were destroyed and taking the image of the beast and worshipping its image, He with His sword coming out from the mouth – Gospel according to twelve, transferred the heartless creatures, otherwise Civilization would have led the mankind to the inevitable loss. In perspective, Civilization will lead the material satanic world to the miserable existence of the cold and dark space. All the time I am trying to disobey the voice of the mind which is the result of the beast’s activities on the earth described in the Divine Revelation; I am following the principle “My mind – my enemy”, otherwise I could never learn the truth, written in the Sacred Book-Revelation by St. John the Divine. When God separates the righteous from the other abominations, calling themselves people, He will help the righteous or their souls to gain the mind of which we have not the slightest idea. Until recently I have thought differently as you know I am a physicist. The harsh laws of this material world used to be very important for me; for instance the laws of math, physics, chemistry and other sciences, as well as technical ones; and I followed how rapidly the scientific – technical progress was gathering speed lately. Glory to God, I have begun to learn the truth and with the help of St. John the Divine I think differently. During a month my presentation of the Creator, the life, the universe and the surrounding has been changed in an extraordinary way. I just do not understand wherefore I write these articles so quickly not even thinking about.

Judgment on the Dead

Chapter 20

“Then I saw an angel coming down from heaven, holding in his hand the key of the bottomless pit and a great chain. And he seized the dragon, that ancient serpent, who is the Devil and Satan, and bound him for a thousand years, and threw him into the pit, and shut it and sealed it over him, that he should deceive the nations no more, till the thousand years were ended. After that he must be loosed for a little while” (Revelation 20- 1, 2, 3).

After the decline of Capitalism, when the mankind was saved from that evil, the angel came down from heaven to punish the devil. The devil is above the understanding of the mankind. He can be everywhere, invisible, invariably insidious, cruel and merciless. He is not materialist; he is the fear and horror in the consciousness of the mankind and opposes the feeling of kindness. I think that these two feelings have been placed in a man by God and during his lifetime there is a fierce struggle between these two feelings for overcoming the human consciousness.

Then I saw a great white throne and him who sat upon it; from his presence earth and sky fled away, and no place was found for them. 12 And I saw the dead, great and small, standing before the throne, and books were opened. Also another book was opened, which is the book of life. And the dead were judged by what was written in the books, by what they had done. 13 And the sea gave up the dead in it, Death and Hades gave up the dead in them, and all were judged by what they had done. 14 Then Death and Hades were thrown into the lake of fire. This is the second death, the lake of fire; 15 and if any one's name was not found written in the book of life, he was thrown into the lake of fire. (Revelation 20: 11-15).

In Christianity, the doctrine on the universal Resurrection, doomsday and the day of Atonement is one of the fundamental beliefs.

This is the continuation of the doomsday- the Last Judgment, following the blowing of the seventh trumpet. Then God made judgment on the dead, shedding the blood of the holy martyrs. In this chapter, the judgment is made on the dead according to their deeds.

The Other World with the Eyes of St. John the Divine

Chapter 21

Then I saw a new heaven and a new earth; for the first heaven and the first earth had passed away, and the sea was no more. And I saw the holy city, new Jerusalem, coming down out of heaven from God, prepared as a bride adorned for her husband; and I heard a loud voice from the throne saying, "Behold, the dwelling of God is with men. He will dwell with them, and they shall be his

people, and God himself will be with them; he will wipe away every tear from their eyes, and death shall be no more, neither shall there be mourning nor crying nor pain any more, for the former things have passed away" (Revelation 21:1, 2, 3, 4).

As far as I understand, talking about the New Jerusalem, John means the parallel universe where God lives. And the souls of the righteous passing a sever test during the struggle of becoming pious, innocent and corresponding to the religious laws after his physical death will always live with our Lord Jesus Christ in this new universe called the New Jerusalem by St. John the Divine. In Revelation 21:9-21, John describes, the structure of the parallel universe from which I understood a little though I have tried a lot. I have understood that the number twelve has a very important meaning in the universe. And in the universe live the people whose names are written in the book of life of the Lamb (Revelation 21:22-27). And I also think that this is not a city, but the space surrounding us is comprised of the twelve universes different from each other: one is thinner than the other and the souls coming to these worlds will dwell in there according to their merits. Probable the first among the lowest is the universe, where the souls of the people will inhabit which haven't received the mark 666 of the beast, which is the devil and Satan, on the right hand or on the forehead And this sign is not only an image, it characterizes the state of his soul.

Chapter 22

(Revelation 22:1-10) The water of life flowing from the tree of life symbolizes the salvation. The water from that source is the water that Jesus promises the Samaritans in the Gospel according to St. John (4:14) "but whoever drinks the water I give him will never thirst".

Let the evil doer still do evil, and the filthy still be filthy, and the righteous still do right, and the holy still be holy." "Behold, I am coming soon, bringing my recompense, to repay every one for what he has done. I am the Alpha and the Omega, the first and the last, the beginning and the end." Blessed are those who wash their robes, that they may have the right to the tree of life and that they may enter the city by the gates. Outside are the dogs and sorcerers and fornicators and murderers and idolaters, and every one who loves and practices falsehood. "I Jesus have sent my angel to you with this testimony for the churches. I am the root and the offspring of David, the bright morning star." The Spirit and the Bride say, "Come." And let him who hears say, "Come." And let him who is thirsty come, let him who desires take the water of life without price. (Revelation 22:11-17).

Here it is talked about the same. Let the life continue normally and at the end everything will come to an end and the Creator with His power and beauty will

overshadow the universe. Herein is the base of our faith, and everything beautiful existing in the ideology is the debris and echoes of this global expectation. “Let the *unrighteous still do unrighteousness*”, i. e. on earth everything moves on the way the freedom of destiny permits. Let the life continue normally and at the end everything will come to an end and the Lamb with His power and beauty will overshadow the universe and herein is the base of our faith.

“He who testifies to these things says, “Surely I am coming soon.” Amen. Come, Lord Jesus! The grace of the Lord Jesus be with all the saints. Amen” (Revelation 22- 20, 21).

In the Revelation there is a great struggle between the good and evil and for the final victory of the Christian religion. This struggle in the more developed form will be found in the new Gospel by the twelve Apostles of Christ destined for the modern man the consciousness of whom is considerably different from the ancient man living two thousand years ago. This war is the outcome of the development and perfection of the individuality, as far as I understood – the human soul which is the main aim of the divine activities in the materialistic world. .

“Blessed is the reader, the listener and the follower of this prophecy for the time is close”. Blessed is the one who reads the Revelation of St. John the Divine, who through his life, deeds and devotion prepares himself for the eternity for it is close for each of us.
