

## ROLE OF SERAPHIM, CHERUBIM AND APOCALIPTIC

### ANIMALS IN THE FORMATION OF RELIGION

When God created Adam and Eve, as well as all of mankind, he grew so fond of people that are not only satisfied with their creation and decided to never lose touch with humanity, and so we always feel His presence in our lives. Of course, this love is not one-sided and we love God's infinite love and connection with him we are implementing with the help of religion, was given by God to humanity. In the beginning God created people to idolatry, as well as the development of human consciousness polytheism and finally one God for all mankind. This means that in the very near surroundings there are creatures of God, who created and spread among the people of religion, carrying out constant communication with our Lord. Surroundings of God at different times have seen him tell the prophets Isaiah, Ezekiel and John the Evangelist. According to the stories of the prophets in the vicinity of God are what some strange and weird animals, and it is not surprising since they are only twenty-four elders who sit on thrones and have on their heads crowns of gold. These animals are the Seraphim, and as they are in close proximity to God, we consider them with the highest spiritual beings, as they are portrayed in the celestial hierarchy, taking first place in the face of the ground. Seraphim, standing around the throne of the Lord, saw the first time in his visions of the prophet Isaiah and apparently there were many, so he did not mention their **number. Around the throne stood the Seraphim, each one had six wings: with two he covered his face each, with two he covered his feet, and the two were flying. And one cried unto another and said, holy, holy, holy is the Lord of hosts: the whole earth is full of his glory.** It is not strange, but the relationship with the Lord began to support people with animal-Seraphim of Religion and who first saw the prophet Isaiah the Lord. This should not discourage us, because we ourselves belong to the animal world. With the Seraphim humanity in the duration of its multi-millennial history has acquired a very big religious experience. With the Seraphim are religious people or say the angels, should be the same way most of the words of Isaiah, when the Seraphim let his **sins:**

**And I said: Woe is me! I am lost! because I am a man of unclean lips and I live among a people of unclean lips - and my eyes have seen the King, the Lord of hosts. Then came to me one of the seraphim, and in his hand a burning coal which he took**

**tongs from the altar, and touched my mouth and said: Behold, this hath touched thy lips and thine iniquity is taken away, and thy sin purged.**

As we see Seraph let sin prophet Isaiah, the by showing that Seraphim are SENIOR religious persons entitled to even loose God's prophets.

If the prophet Isaiah in his visions migrated during the primitive-communal economic structure, then during Iezekielya contemporary four major religions there is only Hinduism, but from the other three only Buddhism was in its formative stages. Christianity and Islam were in God's project and the prophets are only imagined.

The prophet Ezekiel was a different vision. He saw a little bit like the Seraphim humanoids **with four wings** (two wing folded at abdomen)with hoofs, **two hands and four Others** (calf and Eagle with left hand man and lion with right). **Method movement were theyprocession and flight.** It is not difficult to guess that the vision was in the days of slave economic system that is at the time of the prophets. Animal called cherubim, in Christianity next after Seraphim angelic **CHIN**. Mention in Old Testament and in Apocalypse. "As I proceed from the fact that are in the immediate environment of God's animals are from a religious person, then presumably the Cherubim is the set of all four major religions in the bud (calf, eagle, lion, man), where a lion with a man on the right side, but calf with an eagle on the left.

The prophet John the Evangelist, who lived in the first century, nearly 2,000 years ago in their visions of the Apocalypse seen after expansion of the cherubim had separated animals, very similar to the seraphim, but only with persons like the bull, the lion, the Eagle and Man. This means that these religions with a common framework, formed and operate independently. That's the number of followers of these religions

**CHRISTIANITY - 2 milliard BELIEVERS**

**MUSULMANSTVO - 1,3 milliard BELIEVERS**

**Hinduism - 900 Millions BELIEVERS**

**BUDDHISM - 360 Millions BELIEVERS**

I will not specify any animal which religion corresponds

I do not know, rather inclined to think that all the qualities of animals peculiar to each of these religions, because it created all-knowing and almighty God.

My main goal is to try all four of these religions and their followers with each other. I am sure wants and Creator. And I'm sure one, if we lose a connection with God, that is, a religion that is currently taking place with regard to scientific and technological progress, humanity will cease to exist. After the Apocalypse has begun.

So I ask everyone who reads these lines to fight for the implementation of this idea and to cease to be at odds with each other and fight against God, because we are all one family - humankind.
