

More Fun than Getting

“Why, Johnny, what’s the matter?” asked his mother; “Why are you crying? I thought all these Christian presents from your friends at school would make you happy.”

Johnny had TB, (tuberculosis) and he wasn’t allowed to get out of bed. His class at school had sent him a big sack of packages.

“I’m happy to get these presents,” said Johnny, “but I wish I could go to school and give somebody else a present.” Johnny knew that is was “more blessed to give than to receive” just as Jesus said. So he and his mother planned to send a big box of cookies to his class at school; **and he got more fun out of that, than he did from the presents that he received!**

What made Johnny even happier was planning to give Jesus a present! “After all, Christmas is Jesus’ birthday,” said Johnny, “He gave His life for m, so I want to give Him a present.”

Most children haven’t learned what Johnny knew yet. They think they will be happy only by getting things; saying, “I want this and I want that, and why can’t I have that?”

They do a lot of thinking like: “Gimme, Gimme.” But often children who get the most are the Least Happy!

Children that learn to know Jesus learn to love; and those who love to give are much happier than those who only want to get.

Let’s remember what Jesus said, **That’s it’s more blessed to give than to receive!**”

That’s in the Book of Acts 20:35 in the Holy Bible; And Proverbs 4:7 says, **“In All thy getting, get understanding.”**
