

*My Desire is to know you LORD*

*We go to church and sing songs of praise  
We read His word day after day  
We congratulate each other when they do good  
But sometimes I think God is misunderstood*

*Wisdom we lack from God's word we flee  
Most people think it's all about me  
He cries for us to hear His decree  
Many will never pray from their knees*

*We dress our best and give very little to the poor  
Most people say I just want to have more  
At the cry of the poor our ears we have turned  
In times of trouble our cry will not be heard*

*While life is good His word we ignore  
To worship Him in Spirit and Truth we tend to abhor  
He wants us to know the depths of His love  
To Praise and Worship Him for the good He has done*

*Nothing more precious than when God created man  
He breathed life in us it was part of His plan  
Created to worship a Loving Holy God  
His Son paid the price for a world that was lost*

*Most people boast about how good they try to be  
But who can find a faithful one to listen to God's Plea  
My desire is to know you Lord and walk with you today  
To know your grace, and love as you guide me along the way*

*The Lord is Holy and Mighty is He  
We give all Praises to the King of Kings  
Blessings and Honor and Glory and Strength  
To the one who sits upon Heavens Mercy Seat*

*Inspired by My Lord and Savior Jesus Christ  
To him I give all the Glory Honor and Praise*

*George L. Fields  
Ephesians 2:8-9
