

**“Laughter”** This is my first vision of Jesus, and he looks like he’s in a TV drama show, Jesus of Nazareth. He has beautiful stunning clear white skin, and long dark brown wavy hair, and he appears to have his attention focused on something, or someone else beside him, and he’s laughing his head bobbing up and down slightly with the motion and his reaction to the scene he was in, and the room he was in was brown and large and new.

There is a brown background and there is a room of sorts, like a place in one of the biblical stories. washing up at the pool of Siloam with all his disciples, including peter. John 9:7. this is a story in the bible, about a blind man who met Jesus, and was healed in a special way. Jesus put mud on his eyes and told him to wash in the pool of Siloam. Siloam is a word that means to be sent, and it is the word apostle. The blind man came back not only healed, but he went on to live the gospel and tell of Jesus healing to many people.

This laughter was just a fun way to introduce himself, Jesus Christ, superstar. He looked like he was engaged in conversation with another disciple, and he had just finished telling them a story, and his servant had finished telling him a riddle, and he was passing out loaves of bread and engaged in a polite conversation with people sitting around him in a circle and he had just finished passing out loaves and fishes, feeding the people with only 3 loaves of bread and one fish, and feeding 5,000. on the sermon of the mountain, where Jesus sat with a basket of fish and sandals and a fine robe that is brown and humble, and the people of earth became for the first time acquainted with the living son of God, and sat while he knelt down to recount and retell biblical stories and moral lessons, so that all the people could see, hear, listen and respond to what he was teaching, and all of the servants of god were humbled to be in his presence of wisdom and great beauty, and all of them were adorned in green and dark magenta robes and sashes and sandals that fitted each other’s feet very nicely and all of them were enraptured to be in his will, and gods plans for all of their lives. This is the start of Jesus and his disciple’s relationship and fellowship with them, and they are very happy and compatible together, and all things for the good for those that love him. The Feeding of 5,000 Mathew :14. I was there for the Passover feast too, and in one of the rooms I was walking with Jesus and his disciples had a ladder to heaven in the room, and I decided I would climb that ladder into the next layer of heaven.

## **“Trapdoor to heaven”**

This is another glimpse of heavenly glory I had. There was this vision I had where there was this trapdoor to heaven and it was like a cabinet opening and I was climbing atop of this ladder in heaven, and it was opened to me, and I was at the bottom, looking up to see my savior at the top. There was stunning clear blue sky, and two white clouds in perfect shapes, like wisps of wind and water combining all the element’s water, fire, wind, earth. the trapdoor is opened a little creak at a time, not all at once either, and it’s like Minecraft trapdoor and the light from the sun is shining through

. Jesus Christ himself, sheer and towering above me in his gait of heavenly certainty. He wore a white robe that was a gown, and I could not see his hands because his robe was so long. there was a blue sash, and he had those stunningly adoringly long locks of brown silky luxurious hair that had a parting line and two sides of his face and either one of them was covered in this sash that was blue and had a wrap around him. You could see the heavens being opened to you, and Jesus was there welcoming me at the threshold of the gait. It was short and brief but ever so beautiful and piercingly

colorful and beautiful and I'll never forget the bluest skies and clearest echoes of the other astral plane, and there were birds chirping and sounds of water rushing and butterflies were monarchs, and they were flying everywhere all around and there was a sky being opened, and a whole new world of possibility and potential and young spiritual lessons about earth and what it means to be in heaven with lord Jesus Christ and he is the culmination of everything attractive and exemplifies the natural light of a beautiful long blue robe that is long and hides most of his body but encapsules the ideal fitting clothes for his majesty in his eternally always doing good unto others. there was a crystal-clear blue sky and there were dark green vines growing everywhere and they were the ones that grew into the beach into the shadowy overhang, and they were the next layer of heaven. There were treehouses there too, and trees of all kinds, dark oak wood, birch wood, and all the different Minecraft wood. There were ripples in the sea and the world was vast and an ocean of beautiful sea waves and I could feel all of time happening at once and the prince of peace was sitting on his throne and he was so much larger, and there was a beautiful ocean and sea creatures, and they all were connected to the next layer of heaven which was a beach. There was a rich treasury of everything there were starfish and beetles and there was clouds and a beautiful sky and a beautiful sunsets and palm trees and a long beach that was eternal and forever and coconut trees and everything was wholesome and there were lush gardens and we've all been to heaven, and there are a vast timeless clouds looking up into the sky and knowing there is no limit to time and all thing are created in balance and peace in the universe that god created us for and we all have our own purpose in life to help others and be with our families. Jesus is growing bigger every time I see him, and as I grow older, he grows up with me, and I've been so blessed and lucky to have Jesus in my life today and forever, and the good news is, that you can, too! please accept Jesus as lord and savior by praying this prayer: I am a sinner. I need redemption and I have fallen short and sinned. Please come into my life and save me from my sins and help me lead the best Christian life possible, so that we may be with him and reign with him throughout all eternity Amen. Say this prayer, mean it in your heart, and treat other how you want to be treated, and God will give you a new life!

**“The Lightened Lamp in the Hallway”** There is another short vision of Jesus Christ walking in this darkened hallway with a lamp that had a golden glow around it, and it lightened up the whole tunnel I could see in my field of vision. Jesus was adorned in a light brown sash and a brown robe, as he is walking in this hallway lighting this passage/tunnel. There is a dark cave that is surrounded by darkened lights and a deep brown hue color, and Jesus Christ is walking forward with a sturdy familiar handsome gait, and he's carrying a lamp that is dark brown color outside on the rims and the stance he's taking is the leading stance of a very familiar tune, like a whistle or a flute and he's carrying a torch, and a candle to light the way. This is symbolic of a bible verse. He's wearing a black torso on his robe and there is a creamy white long flowing texture to the robe, and his sandals are still dark brown, and there appears to be a white lamp. There is a long-darkened tunnel and he's moving very fast now and there is a large building he's in, and it must be an old church building or a museum and there are paintings of all the genealogy of Jesus Christ ancestors and crosses and ancient holy relics of Christianity, and he is walking through the hallway I must've climbed back down from the latter and gone and followed Jesus to where a new building which was white and a great church with lightened lamps and candlesticks . There is a discussion that takes place with Jesus and his people in the church, and they all decide where to go next to do

their ministry for God, and a beach is decided. They all decide to climb into their van with their new spiritual bodies, and the van is white, and Jesus is driving, and all of the disciples exit the door of the grand hall, and there is a great white beach of great beauty.

## **“I AM THE BREAD OF LIFE”-6:25-59 John NIV.**

This is a quote from a bible scripture that exemplifies this image I was blessed with of Jesus Christ, our lord and savior. All of Jesus disciples are now following him all dressed in frocks and long robes and beautiful green sashes and magenta robes, and some of them are long and flowing and some of them have feathers, and jewels.

There is a beach, of the whitest sand you can imagine, and in the middle is the man who is the embodiment of everything you could possibly want in a man, and handsome, too! He is kneeling on the sand, and I was taken up in the spirit so there was a beautiful, fullest, richest, clearest picture of Jesus. He is adorned perfectly in a creamy white sash and a dark blue stunningly vivid robe. There are two perfect folds in the robe. He has two identical brown sandals, that fit his feet perfectly and accentuate his masculine features. There is this white tent Jesus is sleeping in and he had decided on this, and he is with his disciples. There is a nice space for that, and his robe is longest whitest, and the sand clearly has imprints of the sea creatures that have been imprinted inside of the earth for centuries. The sea creatures have been flowed from outside the rivers of heaven and down from the trapdoor that leads to heaven into the sandy beach and has been imprinted inside the sand and eroded for centuries. There are many creatures including the skull of a dinosaur and seaweed and flowers and many creatures that came before the dinosaurs and there are green lush tropical bushes.

Jesus is kneeling on this beach in a perfect stance so that his hands are on either side of him, using them with two identical circular motions to draw two identical shapes of loaves of bread in the sand. He's Caucasian but he has a tan, and he has long brown hair that is wavy and beautiful and shiny and bouncy, with a natural look and a healthy sheen.

He looks up at me and smiles friendly, and as time lapses in on itself and happens before my eyes as the changes unfold before me, and the two identical shapes of loaves of bread, drawn with precise perfect movements of the hand. This is a beautiful first experience with Jesus, and he knows all things are created in nature by God for all human beings, for all human beings who dwell in his word are his disciples walking in the heavenly sunshine stunningly clear white sand of his glory and in his image sustains life and beauty and oneness with him.

## **“THE GOLDEN PAVED STREETS OF HEAVEN” “The new Jerusalem “John 14-2-3:**

This is another heavenly vision of the golden paved streets of heaven, and Jesus Christ is featured in this one, too. The sun came down and the rain transported me up into heaven and there were long beads of stretched out golden beams and a treasury of golden artifacts, and there are long windows full of snowflakes and little hello kitty dolls, and there is Jesus Christ sitting on his throne with a long green robe and he is wearing a red sash and a long white robe, and there are many angels and descendants of Gabriel and Daniel and a long crystal chandelier with jewels and packages of food like strawberries and bananas, and there are many stairs inside of a window and the stairs are in a long outstretched hallway with a banquet full of grapes.

Take this one for a good example: There I am, my spirit traveled all the way to heaven to behold the golden paved streets, solid and sturdy as glass, or marble. Jesus is standing there in front of me, looking right at me with a crown of thorns that are shaped like stars. Jesus is wearing a white robe and a dark brown, red sash. There are many angels being ordered around in a large white building called a church, but it is made of marble. and Jesus is held in high authority there as spiritual guidance and authority and counselor in that order. He takes peoples paperwork and files them back to the legions of angels and there is an office in heaven that's beautiful. And fully a government building.

Jesus is a little different every time I see him but always suited for the occasions. There is a heavenly glow around us that is emitting a reflection on the golden paved streets. there is a sound of golden light being reflected and the sound of light being vibrated across the dimensions.

There are two angels being ordered around in heaven, which is how the checks and balances must work in heaven. The two angels were being ordered to help some people in ministry to teach people about the gospel and Jesus Christ as their personal lord and savior. He is staring right at my spirit, and there is a greater sense of purpose about Jesus to understand his kingdom and his lessons about heavenly things.

## **WHAT HEAVEN WAS LIKE**

This is a lesson about Jesus and every single one of us had an individual personal friendship with Jesus in heaven, and all of us knew him personally before we had our spirits come down to earth. There was great fellowship and familiarity in him, and he was carrying me in his arms, because he is a great provider and protector for all of humanity, our lord and savior. there was humility and kindness in Jesus as a friend that's always been there. There was a great big bag full of stars and three big stars in the cosmos. there is a sense of knowing someone for all eternity and they're so nice and familiar to be around and always with the best smile, Jesus wore a white robe and he's an amazing Christ figure for all Christians around the globe.

## **“THE FOLLOWING OF THE DISCIPLES ON THE BEACHES”**

### **“Obey the commands, and lo, I am with you even to the ends of the earth”-Mathew 20:28**

Jesus Christ is on the magnificent white clear sand on the beaches where he leads his disciples, there are thousands of them, all dressed in green, purple, brown, and sashes adorned on all their heads, and they all wear sandals. This is where the church building and the tunnel leads to and Jesus has a purpose there with his people.

There is a beach that has sand and seagulls, and vines. Among the vines that are green and dark, Jesus emerges from them. There is a darker shade around the vines and plenty of foliage and leaves around in circles. Jesus emerges, and there are many people crowded around him, presumably his friends or disciples and they meet up with me, and my friends.

There is a wheel that has seven universe fanart on it and it was grassy and vines all around it, and when the wheels turned it was like turning the wheels of time, and there were a couple pieces of nice fanart. Jesus was in the lead, with his long creamy milky white robe and blue sash, with sturdy sandals and a firm calm disposition taking the helm of the beach following behind him.

All the followers stood readily behind him, and there was sand and seashells, and crustaceans in the buried folded parts of the sand, and there were fish bones and remnants of crabs while the beach tide rolled in and rippled on the waves of time. And the fresh air with sea breeze rolled in and filled the lungs with new sensations of being born again in every sense of the word, and it was all coupled with beautiful clouds and seagulls and grassy vines growing in unexpected places.

Time went by and Jesus Christ walked with his disciples to the ends of the earth, literally and figuratively. In a sense that this scene encapsulates the bible verse and takes you to the ends of all time and creation when Jesus took his followers and walked with them, thousands of them. This also shows deep respect and admiration that Jesus has for his people, if he was willing to stay with his people throughout all the problems and situations life can have to offer. The disciples were more than obliged to follow him, for they knew that this was the son of God!

Then, the wheels of time were being turned to signify growth and change in people's lives and adulthoods, and bread dropped on the wheel to heal people's injuries and sickness and ailments. The people showed up and every single one of them was healed by the grace and glory of God. These people all came from different places around the world, too. There was a man from Connecticut, and someone from somewhere completely different around the globe. This is where all of the people from Jesus's family tree came to address their concerns and give their problems and questions to God in the marble president building of the government in spiritual groundwork being laid for years and years.

This is a beautiful example of all the people around the world that my father has managed to humbly serve and teach God's kingdom to people's lives and help them out. This bread that was falling on the wheel is God's healing gift of his sacrifice so that all of humanity can reunite with him

and have our new spiritual bodies. The bread is like manna from heaven, and whomsoever partake of this bread shall not hunger, for this is the bread of eternal life. For Jesus is the bread of life, and gods gift of healing and showing love and being kind and loving thy neighbor as thyself and putting your best foot forward as Christians in the world. and daily life.

Then, millions of Jesuses 's disciples, not just thousands, gained an even greater following as more and more numbers filled in, god's purpose is for me to serve god's kingdom by helping my wonderful father with his tracts business and spreading the word. I am happy and thrilled to be telling you how blessed and lucky I am to help and serving. There were millions, maybe even billions at this point, of his followers in this tunnel, and at the very end was the lamb and the son of God, our lord and savior, prince of peace, restorer of health, healer, a miracle worker, Jesus Christ. There was a beautiful golden light at the end of the tunnel and Jesus was their worker of miracles, with a green shirt and long beautifully light brown wavy hair, and the bread was finished dropping. There was another wheel of times to be turned and God was showing me that there were an infinite number of layers you can travel spiritually in heaven. There were all these windows open, and everything was incredible. I could see him walking there with his green robe and sandals, and the golden light was the new window to travel to new realms and plains of existence that we never even knew existed. Praise the lord!
