

BE ENCOURAGED

Therefore strengthen the hands which hang down, and the feeble knees, and make straight paths for your feet, so that what is lame may not be dislocated, but rather be healed. Hebrews 12:12-13

Encouragement deals with perseverance in the face of life's failures or shortcomings. At some point in our lives all of us get tired and discouraged by the many issues we deal with.

Any peace that we experience, any comfort that we find, any hope that we have, and any encouragement we get during the time of suffering is a direct provision from God. When we begin to realize that, then even the smallest amount of encouragement will cause us to offer praise to God.

In our verse for today, God gives three instructions related to three parts of our body.

Strengthen the hands. Hands usually refer to our involvement in work or battle. The phrase, 'hands which hang down' imply tiredness and discouragement with the battles we fight in the course of our work. God wants our hands to be strong in work and in battle.

Strengthen the knees. The knees refer to our ability to keep our lives together and to stand strong.

In the midst of threats and crises, God does not want us to have wobbly knees. We have to do what Moses said to the Israelites when they were caught between Pharaoh's army and the Red sea, 'stand still and see the salvation of the Lord'.

Make straight paths for your feet. The feet refer to movement and direction. God wants us to live our lives with a clear sense of direction concerning where He wants us to go to.

Prayer: Grant me strength, O Lord, and help me to stand in faith till victory is won.

Scriptural Reading:
Hebrews 12:3-13
