Preparation: In addition to a Holy Bible, you will need a pen and pencil, paper and also a quiet place to study, and pray, and to ask the Holy Spirit to guide you in your studies.

Procedure to Follow: 1. Read the passage several times, at least three times is good; and do not pick a section that is too long...read the Bible slowly, carefully and think about the meaning.
2. Study and look at the passage again and seek to discover what God is saying to you, by asking the following questions: Does this passage teach me about me about any sins I should confess?

Are there promises to claim? Does it show any attitudes I should change? Are there commands to obey? Is there an example to follow?

Well, you will not necessarily find an answer to everyone of the questions in the passages you are studying, but with time and continued study of the Bible you will find more and more answers friend! 3. Take notes: Take the paper or notebook that you have for your Bible study and write down what you find...Make it Personal a very personal experience.
