The story of On-Tract.com

Purpose:

On-Tract.com's purpose is to help believers share Jesus without a confrontation. All of its resources are available free of charge via www.on-tract.com.

Resources:

On-Tract.com resources include a powerful gospel tract in over 28 languages. More languages are being added as volunteer translators are identified. Also included is information on how to start a spiritual conversation, tips on sharing Jesus, scripture showing Jesus is God, links to evangelical websites in 18 languages, and recommended books on evangelism.

History:

In June 2002 Brother Larry, founder of **On-Tract.com**, began writing a gospel tract with the express purpose of communicating the following truths:

- Each of us needs a savior
- Jesus paid our penalty
- Each of us must repent and place our trust in the Lord Jesus
- God desires us to live a life worthy of the Lord

Follow-up:

Ten of the translations in which **On-Tract.com** has gospel tracts include a link to Global Media Outreach (GMO) websites. GMO provides inquirers the opportunity to correspond with trained followers of Jesus who can encourage and answer any questions the inquirer may have.

Humor:

In 2004 a tract called *Smiles* was created by adding funny one-liners to its front side (see below). Many people have found that *Smiles* is a non-confrontational way to share the good news of Jesus Christ. *Sonrie and Glimlachen* are Spanish and Dutch versions of the tract with one-liners.

This is the best tract that I have come across yet and would love to pass them out. You said you can customize them with a church's info? Thank you so much if you can do this and Godspeed to you. I very much appreciate your devotion for our Heavenly Father. He smiles on you for the smiles you give others.

"I did something new today and what a blessing it was! Thanks to the Ambassadors Alliance Fellowship, I met up with a local (Brother Larry) who has been "tracting" at the Orlando International Airport every Saturday for, I don't know how many years. Larry put together a double-sided 8.5x11 tract with funny one-liners on the front and a solid (sin, judgment, hell, repentance, faith, salvation) Gospel message on the back.

With a little pre-planning the Airport will let us stand in any of four designated areas and hand out whatever we want, for as long as we want, any time we want. The best part is that they did not push us off in the corner somewhere. We can only stand in the main traffic path through which every soul who is either departing or arriving on a flight MUST PASS THROUGH!!! I was pleasantly shocked!

This was my first day, and I stood across from Larry, and personally handed out over 500 (five-hundred) good Gospel tracts in less than an hour! Over 33 Million people pass through that airport every year. That's almost 93,000 daily! <http://www.orlandoairports.net/reports.htm>

So, 500 tracts is only one half of one percent of the people passing through this place. We cannot stand and open air preach, but there is no problem talking with people if they have the time. (though most of them are in a hurry). I am thrilled that Brother Larry has introduced me to this great fishing hole! Thanks Larry. My next goal is to spread the good news to my church. I'm hopeful that many will take up the task with me."

Brother Larry, Founder of On-Tract.com

Almost every Saturday since 2005 from one to three of us go to the Orlando International Airport to distribute *Smiles*, an On-Tract.com tract. Currently we distribute about 1,800 tracts there each week. Since 2005, over 175,000 copies have been distributed at the Orlando International Airport.

One morning a gentleman returned to us after reading the tract to tell us he had not been in church since he joined the army in 1955 but that he would be in church the next morning.

I received one of these tracts from you last October on a flight from Colorado Springs to Dallas Fort Worth. You also were instrumental in helping me to get involved with Global Media Outreach as a volunteer, and I am very thankful for that. Just this morning I prayed to the Lord for some new ideas on how to share the Gospel with people I encounter each day and I happened to find the tract that you had given me. I do believe this was the answer to my prayer. I just printed off some of the tracts but I would like to know if I could have one of the tracts customized with my church's name on it and then I could print off my own copies. This would give people a contact in case they want to pursue it further.

I am in the insurance business, and would like to send this tract out to my current customer mailing list along with my business information contained on it if possible. We are a Christian Insurance Agency office, and are looking to send an outreach message without crossing the line between customer relations and personal ministry. We have a large customer base, and are wanting to consider this as our first of many tract disbursements. I appreciate your time and thank you for your ministry.

The tracts have been a blessing to many of our insureds as we send them with all of our newly issued policies! Has there been any new creations by your drafting team that you think may be of interest to our office? We are always looking for new ways to send out the good message in a business format, yet something that is realistic to our clientele. Thank you for checking up with me! You've been a great blessing to our motivational message!

Sure do appreciate you tracts that you made available. I would like to personalize some for our church to hand out. I feel like most tracts are sort of stuffy and harsh and not really that helpful towards salvation or the softening of a heart. Yours definitely is.

I have been touch so much with your track and I am writing to ask if we can get some of your tracks to use in Ghana, they will be a blessing to us here. We would also like to translate them to Twi, our local language to help those who cannot read English.

We had a long day of witnessing and sharing tracks. We were able to witness one on one and we had a lot calls today about how the tracks have imparted on their spiritual walk with God. What we do is that we stamped the back of the tracks with our ministry phone number so that if there is a need they can call and truly we had 6 calls today. It is a great evidence that the tracks really work. We continue to pray for more souls, Those who live around us have been invited to Church and we shall continue to pray for them.

We put the address of our ministry with the back of the tracts and we wrote that if they wanted to ask any question of this tract or after reading and received Jesus let us know and they call. Many times they called me and talk about how they have understand the Gospel, others also ask me questions, one man called me and ask permission to print some to his workers, I have received some calls also want to challenge about the law of God.

2009-09-10 Yesterday was in the market place with my son Joshua and we gave out 400 copies and today in the evening and tomorrow we shall be in the market place and we will give out the remaining 500 copies God willing. The response is good because about 10 people have called me saying they have been touched by the message, something that has never happened to me. What i did is that i made a rubber stamp with my mobile number and name and stamped on the tracts so that anybody willing or having question can call me.
2009-09-16 I have received a total of 43 calls from different people. Some asking what they should do, others with prayer requests. I never knew that things will be this way. I believe that God Has good plans for us.
2009-09-22 Have received a total of 76 calls now God is doing His work. The tract presents the message in a simple & clear way that shows sinners their sins, they are not legalistic, it touches.

2009-09-01 The literature which you send me is very effective and can be a great source of wining souls for Jesus Christ in this part of the World. This could be a great chance for us to fulfill the Great Commission of our Lord Jesus Christ. I have just prayed to God that He provide me some sources so I can do what has just flashed in my mind, I want you to pray for this and I believe that Lord will provide us with sources.
2009-09-19 Brother Larry some people came to crusade who received Gospel Tract from me, and shared with me. Our church is a small group of about 50-60 people and work mostly with the poor. Our ministry is 3 years old and we can really say we have experienced the hand of God. We have open air services every Sunday afternoon and people are touched by the word of God. I would like to thank you for the tracts as this will be a blessing to our new converts.

I pray that God will anoint the tracts, that the Word will have its effect as God has promised. As the seed is sown it will bear its fruit. For in this end-time His spirit will move as never before! I have two girls. Today they went to share tracts with their brother just out of the blue! God is great! Me and my house we will serve the Lord!

We want to print 25,000 copies of your Luganda tract and 15,000 of your English tract to be used in door to door evangelism, open air meetings and crusades for the next three months June to August in eight churches.

2009-07-29

Praise the Lord, thanks for your prayers. I am excited to inform you that the tracts are working. At least every Sunday I see new faces in Church, so there is numerical growth. Every Sunday I give out tracts to students who share with fellow students during their free time. I also give to the entire Church to share with whoever they come across. We have just concluded two missions, one in Iganga 19km away and the other in Busu 25km away. The Pastor on Iganga got so much interested in the tracts that he used it in sharing the Gospel in the meeting.

In Eastgate one family had a daughter who was not saved, but when I shared the gospel using the English tract, she gave her life to Christ and it was all joy in the family. In Nyamira 4 people got saved and came to church after sharing through the tract.
