

HAPPY SIX
MONTHS

Congratulations! Your Baby is six months old! What a joy! Now you have had time to get to know her! You have time to cuddle and snuggle with her and maybe even rock her in your rocking chair, if you have one.

You have many more precious times to look forward to with her, like playing with her and reading her stories from storybooks. I know that you want to read to her about Jesus most of all.

There is nothing more important than teaching her all about Jesus and His love. To teach her about loving Jesus best of all and to love everyone.

Soon she will be one years old, than two...the time goes so fast! Take the time now because you can't get it back once it's past.
