

HAPPY BIRTHDAY

Well, Happy Birthday to you! I hope that you had a very Happy Birthday filled with happiness and good things. Here is a picture of one of your favorite characters.

I hope you had some cake and a few presents and you had a good time with your family and friends. We love you very much and we are sorry that you weren't here for your birthday.

Just keep smiling because Jesus loves you more than you can imagine, and He is watching over you every day. Try to spend quiet time with Him everyday and tell him that you love Him and ask Him to keep guiding you all the way to Heaven!

Enjoy the pictures of Spiderman. He is not real of course so he's not shouldn't have very much importance in your life.
