

*Take My Will Lord*

*Take my will Lord, and make it your Own  
I surrender it to you, no longer mine to Roam  
Take my Heart, and let it be yours Alone  
Come indwell in it, and make it your Home*

*Help me to repent Lord, from all my sin and Shame  
I pray that I will no longer, disgrace your Holy Name  
Help me to live a life, that others might See  
The Love of my Lord Jesus, now released in Me*

*Help me not to rest, upon today's shifting Sand  
And fear the storms of life, that I don't Understand  
But Father you alone, know where on earth I Trod  
Help me to be still Lord, and know that you are God*

*May your word keep me, from all sin and Strife  
Holy Spirit rain down, come in and fill my Life  
Let your power fill me, and your mighty voice be Heard  
Come change my life, let me stand firm upon your Word*

*I know there will never be, a night or even a Day  
That you cannot hear me, when I bow my head to Pray  
I know there will never be, a time or a Place  
That will put me beyond, your Love, Mercy, and Grace*

*You're almighty and powerful, the only God of Truth  
May I be more thankful, may I be more like You  
Let me sing your Praises, and always acknowledge You  
Giving you Praise, Honor, and Glory, for all that you Do*

*Amen*
