

Tears of Rain

*Upon life's beach today I Walk
In the surfs shifting Sand
The morning's dawn is breaking Fast
Over the oceans vast Span*

*Rain drops start to Fall
Hitting my head dripping to my Feet
I look to the sky in Amazement
For no storm clouds do I See*

*The rain continues to Fall
As my sins I begin to See
Tears of Rain from Heaven
As the Father weeps for Me*

*My child He cries I love You
For your sins I do Grieve
The pain and suffering in your Life
It is my Son that will set you Free*

*I fall down to my Knees
On life's beach of shifting Sand
Father forgive me of my Sins
I pray to the great I AM*

*With faith in my Lord and Savior
He'll bring Healing and Sight
Giving me His Grace and Mercy
Through His Truth and His Light*

*Oh! What a friend I have in Jesus
With all my sins and grief he Bears
And what a privilege it is to Carry
Every burden to God in Prayer*

*Yes the Tears of Rain continue to Fall
As I lift my eyes unto the Sky
The Blood of Jesus has forgiven Me
Tears of Joy one more Time*

*Inspired by My Lord and Savior Jesus Christ
To him I give all the Glory Honor and Praise*
