

The Knowledge of Man

***The knowledge of man has increased with time
He has sailed the oceans deep and wide
He has soared above the clouds of white
In skies of blue and dark of night***

***He has found new ways to kill his fellow man
And aborting babies with the choice of his hand
His knowledge has expanded and he reasons to see
The order of the universe and how it came to be***

***Man surveys his deeds and his actions he well plans
He marvels at his achievements to him they seem so grand
Man has even gone forth and walked upon the moon
But with the creator of the universe man does not commune***

***The wisdom of God is what man has shunned
By rejecting Jesus Christ the Fathers only begotten Son
Man has said to himself that I am number one
I want my own will and not your will be done***

***Who can compare to God for His worth He alone commands
He holds Orion and Pleiades in the span of His great hand
Who has caused the thunder and who can stop the rain
Who can shake the earth and calm a sea of waves***

***God is the one who gave mankind birth
And God is the one who created the heavens and the earth
The fear of the LORD is the beginning of knowledge
But fools despise Gods wisdom and continue in their folly***

***There is a way that seems right to man
But that always goes against Gods plan
God is wise of heart and mighty in strength
Choose Him today as your Savior, LORD, and King***

***Inspired by My Lord and Savior Jesus Christ
To him I give all the Glory Honor and Praise
George L. Fields
Ephesians 2:8-9
