

HAPPY
BIRTHDAY

**You Make Me
SMILE!!!**

Doesn't it look like the little girl is having fun? It's fun to exercise! Now it's time to celebrate your birthday Little One.

And I hope you have the best one ever! We all love you and you are Jesus' favorite child! He is watching over you with such love and he is so very proud of you, Honey.

He's Oh, So Gentle and Full of Love! The Bible says so!

Jesus wants you to have a birthday cake and a few presents and for you to have a joyful time with your friends and loved ones.

But Jesus is the Best, most Precious Gift of All, Honey. You can be happy and joyful just knowing that Jesus loves you and wants to have a relationship with you. He really, does! He's interested in having you talk to him all the time.

Tell Him what you would like Him to help you do and don't get discouraged if it takes awhile for Him to give you the answer in your spirit. Then you will just know what to do

Why don't you spend a little time before you go to sleep tonight talking to Jesus and telling Him how much you love Him and thanking Him for everything. We need to be thankful for everyday, Honey. Everyday is so precious!
