

I Rest In Your word

*Upon your word I'll rest at ease
Its truth's so strong and true
It comforts and blesses every day
Your wisdom is sweet and pure*

*Your word never changes
And your word it never fails
Reach out to us Lord Jesus
With your words of Love and Care*

*Thank you Lord for your boundless mercy
That flows from your gracious throne above
And touch the lives of those in despair
And fill them with your Love*

*Upon a cross you had to die
To shed your blood for all mankind
I should have been nailed to that old rugged tree
But only you would rise in Victory*

*Your amazing grace its sound is so sweet
Only once did it need to save a wretch like me
Blinded was I and lost in a sea of sin
But this soul has been set free, for it's you I now see*

*Your word now dwells within the depths of my heart
And forever my life has been changed
Your word is the lamp to guide my feet
Down this path of life until it's you I see*

*I Love you my Lord, my God, my Savior
And in your word I'll rest forever*
