

ARMED FOR THE JOURNEY

We all are in a progressive state of existence. Progressive in the sense that our time on earth is not static but is always continuously leading to an ultimate destination. The planet earth is only a conduit pipe for every one who has, is and will live on it.

There is no better time to start a new journey in your life than at the beginning of a new year. A lot of folks have begun drawing up new year resolutions and plans and strategy for 2013, some may actually have concluded on it already but I make bold to say that - there can be no totally successful 2013 for anyone without a key factor which I would like to introduce to a reader here. That key factor is the presence of God in your life. Personally it is my wish, belief and prayer for anyone reading this to have an extremely successful and prosperous year 2013 but there is a limit to which that can be achieved without the presence of God.

Here me clearly, the Holy scriptures declare in Romans 8:1 that " There is therefore now no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the Spirit. " Furthermore, try as you may, your success this year to a large extent does not depend on you. For the Bible says again in Romans 9:16 " So then it is not of him that willeth, nor of him that runneth, but of God that sheweth mercy. " Thus without a shadow of doubt, you need the presence of God for a successful journey this year in any area of your life.
