

WHAT DOES GOD'S WORD SAY ABOUT MURDER?

In the book of Deuteronomy in the Old Testament the Holy Bible says, "Thou shalt not Kill." Chapter 5: verse 17.

In the Gospels in the New Testament the words are "Thou shalt do no murder." What does this mean? It means that it is against God's law and His Will for us to kill each other in any way.

We are to be very careful and respectful of all human life. (We are not to be cruel to animals either. We are supposed to be respectful of their right to a decent life, too. And doing any kind of violence is bad. We naturally know that it is right or wrong)

Something called Abortion is murder. A baby has a soul and spirit from the moment of conception in the womb of the mother. God knows us even before we are conceived. That is planted in the mother's womb. If we end that life, it is murder. God talked about King Cyrus in the Bible 150 years before he was born!

Our conscience tells us what is right and wrong and not to kill a person, so we naturally know better, but some people who let their feelings and emotions take control will kill someone if they hate them or want to get back at them for something they did to them. Some people ignore their conscience and stop thinking right.

If we are reading and obeying the Holy Bible we will be able to overcome all our bad tendencies, because Jesus will help us, if we ask Him, and depend on Him to help us; and also take responsibility for what we are doing and making the choice to do what is right.

We need to be faithful to reading and studying and pondering on our Holy Bible so we can know what is the right way to think and act. Our Bible is our wonderful Guide and Instruction Book that God has provided for us, so that we can know a lot about Jesus and His love and care for us, and His Will for our lives! It is a very exciting book, and you will fall in love with it as you read the wonderful words in our Holy Bible! The Authorized King James Bible is the very Best Bible to have and to read!
