

**Where will  
you go  
when you die?**

This is a question that numerous people try to avoid day by day. Many of us may try to ignore the existence of God in our lives as we go about achieving our earthly desires, but deep inside of most of us, we know that we have a soul; which will keep on living after the body has fulfilled its time on this earth and has died.

It is a fact that every human being has to die one day—death is the only certain event in human life! It is also a fact that the soul of man lives on into eternity. This critical question however is this—where will you spend eternity after you die?

**Where will

It is a fact that every human being has to die one day—death is the only certain event in human life! It is also a fact that the soul of man lives on into eternity. This critical question however is this—where will you spend eternity after you die?

The whole reality, my friend, is that one day you *will* die, and you will spend eternity in either one of two places—**heaven or hell!**

Hell is a literal place of eternal torment and suffering which was originally reserved for the devil and his angels who had rebelled against God.

But it will also be a horrible place of punishment for unfortunate human beings who during their life on earth, have chosen to ignore the God of creation. The Bible tells us that hell is a place of eternal separation from God; a place fire, pain, and suffering—suffering that will continue unabated for all eternity. People will want to die but cannot die; that’s how bad it will be.

It’s only a foolish human being who would desire to go to a place like this. Are you a fool?

There is only one way to avoid hell, my friend, **turn to Christ today.**

Go to church next Sunday, I implore you. The Lord is coming soon!!

CUT--HERE
