

## WHERE DO YOU STAND

It is an undisputed fact that a Palestinian man named Jesus Christ walked on this earth two thousand years ago. It is also an undisputed fact that he was put to death by crucifixion, was buried, and rose again to life on the third day.

This is not a myth or a legend, but an historical fact, which has been testified to by the work of the ancient historians, and the present day archaeologists. Check this out for yourself. No one has ever been able to find even one thread of evidence that contradicts with the writings of the Holy Bible, concerning the life, death, and purpose of Christ.

So what are the implications of this undisputed historical fact for your life?

It is a given fact that every single human being will die one day; as a matter of fact, the only thing that is certain in life, is indeed death! It doesn't make the slightest difference who you might be on this planet, or what you might possess. My friend, the inevitable must happen – from the poorest man on this planet, to Bill Gates himself - you *will* die, your body *will* decay, and it will go back to the earth from whence it came, and there is absolutely nothing that you can do to prevent this from happening.

Your soul however, which is the real you will not die also, but will continue to exist throughout eternity - and this is where the big problem lies; it can only exist in either of two places; **HEAVEN** or **HELL**.

The big question now is this: Where will you spend eternity after you die, heaven or hell? This is no joking matter my friend; only a very foolish person will choose to ignore the eternal destiny of his soul.

The Holy Bible tells us that every single human being will have to stand before Jesus Christ on **JUDGEMENT DAY**, those who accepted the LORD, JESUS CHRIST will be rewarded by being given entry into Paradise; whereas those who rejected Christ while they lived on this earth, will be cast into HELL. Now, what a tragedy that would be!

Now, hell is not a figment of the imagination. The Bible tells us that hell is a real place; a terrible place of torment; a place which was not made initially for human habitation, but for demons; a place where one will be eternally separated from God; a place where the fire will burn your body, and the worms will eat your flesh eternally. What a terrible place for a human being to find himself! Only a very foolish person would opt to go to a place like this. But the fact is, outside of Jesus Christ, we are in fact all bound straight for the bowels of hell.

But I have good news for you my friend, there is a way out; a sure and perfect way to avoid going to hell. God the Father, in His goodness, sent His Son Jesus down to earth to be sacrificed on the cross for the sins of all those who would desire to turn to Him. All who believe, and trust in him; when they die, they have the blessed assurance that they will escape the horrors of hell, and will live with Him eternally, in a place of sure immense peace, and pleasure, which as the Scripture says, words are not able to describe.

Yes, my friend, two thousand years ago that sacrifice was made for you, and I implore you, even as you read this – please do not ignore it, your *life* depends on it.

You may have doubts, but would not it be much better if you believed the Bible and acted on God's plan of salvation, and then die and that was the end, rather than not to have believed, and then die only to find that it was really so; that there is another life after

death? What a tragedy it would be then, when you come to realize that in life you did not prepare to meet your God. Now it is too late, and you will have to pay the full penalty for your disbelief, which is separation from God forever, in the pits of hell.

My advise to you my friend is to accept the Lord Jesus Christ as your Lord and Saviour today. NOW! Even as you read this! Life will soon be over, and we will all fly away; some into heaven, but many into the pits of hell. And it doesn't really matter whether you want to believe this or not; *this is the reality*.

September 11, 2001 was a beautiful Tuesday morning in New York City, but without any warning at all, almost three thousand people died that day in the Twin Towers as they went about their daily tasks. How many of those people have gone straight into the pits of hell? Well, only God knows.

But you, my friend, you are still alive at this moment, so you don't have to go to that dreaded place – you still have a chance to make that turnaround. Make the right decision now! You'll never know what the next moment will bring.

There are only two roads before you *right now!* One leads to life eternal, and the other leads straight down into the bowels of hell; into eternal damnation! Which one will be your choice?

Who can guarantee that they will live to see tomorrow? NOBODY!

No one can escape death, and death can come knocking at your door at any time, even as you read this. So don't be a fool, my friend, prepare to meet your God NOW, while you still have a chance to.

So this is my advise to you, accept the Lord Jesus Christ as your Lord and Saviour **NOW!** This is the wisest thing that any human being can do.

Remember my friend, death is the destiny of every single human being!
